Our mindsets drive the emotions we have, the decisions we make, and the women we attract into our lives. This book outlines the very best dating mindsets I've tested, experienced, and found most successful. Getting the girl isn't just a Hollywood fantasy; attracting beautiful women isn't the sole domain of the super rich, the super hunk, or the outrageously gifted. Attracting and dating beautiful women isn't about magic and pickup lines, it's about your mindsets, basic human insights, and a little female psychology. This book outlines the FOUR FOUNDATIONS of successful dating: Attraction, Rapport, Leading, and Escalation. ATTRACTION is about tension and her emotional response to you. RAPPORT is about intimacy and her emotional connection with you. LEADING is about challenging your fears and taking action while communicating sincerity through your actions. ESCALATION is about consistently increasing the intensity of your relationship via attraction and rapport so that it goes where ever you want it to go. When you learn how to inspire ATTRACTION and RAPPORT in a woman through your actions of LEADING and ESCALATION, you'll create a compelling chemistry between you and her that most men will NEVER achieve. QUESTIONS THIS BOOK ANSWERS: - What's the best way to avoid the "friend zone"? - Why do some women resist guys they're REALLY into? And how can you tell the difference? - How can you remove the fear of rejection when approaching a woman? - What are 5 easy ways to make a woman feel at ease and comfortable with you? - What are 6 powerful ways to prevent yourself from feeling jealous? - What are 14 ways she is trying to tell you she's into you that most guys miss? - When is the right time to kiss her? - What are 5 things you should do or say when in bed with a woman?! - Etc, etc, etc...

What to Text Him Back to Keep Him Hooked and Make Him BEG to See You Again Did you know that men secretly use texting as a way to "pre-screen" a woman's romantic value? A woman's texting habits can reveal a lot about her self-worth, confidence, intelligence, and even her level of class and emotional maturity. Because guys covertly appraise a woman's relationship potential this way, many women often have no idea that the way they communicate via text is actually sending the wrong message and thus, they unknowingly end up chasing men away. Discover the Secrets of Texting Men to Effortlessly Stand Out from EVERY Other Woman Men have their own unique way of interpreting a woman's communication attempts. Therefore, although many women mean well, they often do things when texting men that sometimes makes them appear too easy, too needy, too bossy, or too boring...even if these things aren't necessarily true about them. Texting is the one medium of communication in which a great guy can easily get the wrong idea about you. And as these wrong ideas pile up inside his mind, they usually coalesce into a single romance-killing thought: That he can do better than you. So, what's a girl supposed to do then? Simple really. All she needs to do is understand exactly how men appraise female texting habits and how to use this knowledge to differentiate herself as being a high-value woman. Doing so will make it easy for her to stand out from EVERY other woman who texts him. How to Use Texting to Tease, Flirt, and Entice Your Way into Becoming His TOP Priority If you want to arouse the kind of long-term desire in a man that makes him eager to pursue you for dates, romance, commitment, and more, you must take advantage of texting and use it to make subtle and seductive displays of your high-status, and thus, your high-value. Fortunately, this is exactly what you're going to learn in, Texts So Good He Can't Ignore! In this fun and insightful dating book, you'll learn the texting habits of high-value women and gain access to a vast collection of irresistible, man-melting text messages that make men EAGER to text you back and desperate to see you again. And because this in-depth guide focuses on how men think (unlike most dating books for women), it will give you a distinct advantage over your peers when it comes to texting men. Here's what you're going to learn inside: Exactly what to text a guy when he's stringing you along and only doing the BARE MINIMUM to keep you interested. How to use mischievous "Feisty Girl" texts to get a man to finally ask you out (or ask you out AGAIN), while making it seem like it was all HIS idea. What to do (and what NOT to do) if a guy suddenly stops texting you or starts responding to your texts less and less. How to get him to CALL YOU instead of texting all the time. What to text a man to "let him down easy" but KEEP him interested whenever he sends an inappropriate or overly sexual text. Exactly what to text a guy who keeps "coming BACK from the DEAD" and suddenly starts taking an interest in you again. (Hint: These cheeky little texts can end his mind games for GOOD!) A simple method for starting conversations that IMMEDIATELY grabs his attention and makes him EAGER to text you back. What to text a guy you know and like to initiate his "Chase Mode" and make him see you as MORE than "just-a-friend." Game-changing answers to every woman's MOST PUZZLING questions about men's texting habits. And much, much more... Would You Like to Know More? Based on an episode of "Sex and the City," offers a lighthearted, no-nonsense look at dead-end relationships, providing advice for letting go and moving on.

When Hugh MacLeod was a struggling young copywriter, living in a YMCA, he started to doodle on the backs of business cards while sitting at a bar. Those cartoons eventually led to a popular blog - gapingvoid.com - and a reputation for pithy insight and humor, in both words and pictures. MacLeod has opinions on everything from marketing to the meaning of life, but one of his main subjects is creativity. How do new ideas emerge in a cynical, risk-averse world? Where does inspiration come from? What does it take to make a living as a creative person? Now his first book, Ignore Everyone, expands on his sharpest insights, wittiest cartoons, and most useful advice. A sample: "Selling out is harder than it looks. Diluting your product to make it more commercial will just make people like it less. "If your plan depends on you suddenly being "discovered" by some big shot, your plan will probably fail. Nobody suddenly discovers anything. Things are made slowly and in pain. "Don't try to stand out from the crowd; avoid crowds altogether. There's no point trying to do the same thing as 250,000 other young hopefuls, waiting for a miracle. All existing business models are wrong. Find a new one. "The idea doesn't have to be big. It just has to be yours. The sovereignty you have over your work will inspire far more people than the actual content ever will. After learning MacLeod's 40 keys to creativity, you will be ready to unlock your own brilliance and unleash it on the world.

Do you feel like you are too nice? Sherry Argov's Why Men Love Bitches delivers a unique perspective as to why men are attracted to a strong woman who stands up for herself. With saucy detail on every page, this no-nonsense guide reveals why a strong woman is much more desirable than a "yes woman" who routinely sacrifices herself. The author provides compelling answers to the tough questions women often ask: - Why are men so romantic in the beginning and why do they change? - Why do men take nice girls for granted? - Why does a man respect a woman when she stands up for herself? Full of advice, hilarious real-life relationship scenarios, "she says/he thinks" tables, and the author's unique "Attraction Principles," Why Men Love Bitches gives you bottom-line answers. It helps you know who you are, stand your ground, and relate to men on a whole new level. Once you've discovered the feisty attitude men find so magnetic, you'll not only increase the romantic chemistry—you'll gain your man's love and respect with far less effort.

In an unorthodox approach, Georgetown University professor Cal Newport debunks the long-held belief that "follow your passion" is good advice, and sets out on a quest to discover the reality of how people end up loving their careers. Not only are pre-existing passions rare and have little to do with how most people end up loving their work, but a focus on passion over skill can be dangerous, leading to anxiety and chronic job hopping. Spending time with organic farmers, venture capitalists, screenwriters, freelance computer programmers, and others who admitted to deriving great satisfaction from their work, Newport uncovers the strategies they used and the pitfalls they avoided in developing their compelling careers. Cal reveals that matching your job to a pre-existing passion does not matter. Passion comes after you put in the hard work to become excellent at something valuable, not before. In other words, what you do for a living is much less important than how you do it. With a title taken from the comedian Steve Martin, who once said his advice for aspiring entertainers was to "be so good they can't ignore you," Cal Newport's clearly written manifesto is mandatory reading for anyone fretting about what to do with their life, or frustrated by their current job situation and eager to find a fresh new way to take control of their livelihood. He provides an evidence-based blueprint for creating work you love, and will change the way you think about careers, happiness, and the crafting of a remarkable life.

'A simply astonishing achievement. The quality, depth, emotional power and terrifying honesty of Alan Davies's story-telling take the breath away' Stephen Fry 'This hugely affecting book is brave, insightful and, at times, funny about things it is hard to be funny about' Jo Brand The story of a life built on sand. In the rain. In this compelling memoir, comedian and actor Alan Davies recalls his boyhood with vivid insight and devastating humour. Shifting between his 1970s upbringing and his life today, Davies moves poignantly from innocence to experience to the clarity of hindsight, always with a keen sense of the absurd. From sibling dynamics, to his voiceless, misunderstood progression through school, sexuality and humiliating 'accidents', Davies inhabits his younger mind with spectacular accuracy, sharply evoking an era when Green Shield Stamps, Bob-a-Job week and Whizzer & Chips loomed large, a bus fare was 2p - and children had little power in the face of adult motivation. Here, there are often exquisitely tender recollections of the mother he lost at six years old, of a bereaved family struggling to find its way, and the kicks and confusion of adolescence. Through even the joyous and innocent memories, the pain of Davies's lifelong grief and profound betrayal is unfiltered, searing and beautifully articulated. Just Ignore Him is not only an autobiography, it is a testament to a survivor's resilience and courage.
