A tragicomic open letter to Osama Bin Laden from a young London woman whose husband and son are killed in a terrorist attack on a soccer stadium.

You aren't stupid. You know there's no such thing as a perfect mother. Plenty of other books will tell you there is, but this one won't lie to you. I was weak and I cheated and I was punished, but my god I loved my child through all of it. Love means you never break, and it means you're stronger than the things they do to you. I know this is true because I have been through fire, and I am the proof that love survives. I am not a perfect mother but I will tell you the perfect truth, because this is you and me talking. This is my story.

I am a woman built upon the wreckage of myself. In an emotionally raw voice alive with grief, compassion, and startling humor, a woman mourns the loss of her husband and son at the hands of one of history's most notorious criminals. And in appealing to their executioner, she reveals the desperate sadness of a broken heart and a working-class life blown apart.

At once a novel and an open letter to Osama bin Laden, *Incendiary* is a shocking, hilarious, and heartbreaking debut that crashes head on into huge questions of right and wrong, good and evil, madness and sanity. *Incendiary* is the story of a working class woman who likes her simple life: watching Arsenal matches on the telly with her husband and little boy, fishsticks for dinner in their small flat, the occasional trip to the pub. One spring afternoon the woman, whom we know only by the nickname

“Petal”, watches her husband and their son head happily off to Ashburton Grove, Arsenal’s brand new stadium, to see their favourite team play. A few hours later the horror of a terrorist bombing plays out on her television – the bombing of Ashburton Grove. “Petal” tells her own story in an extraordinary voice, one both desperate and sharply funny, speaking directly to the man responsible for the bombing. She shows the reader an incredible world, a London that is not quite real, in a time that is not quite our own. And as deeply enmeshed as the reader becomes in her reality, a tiny, persistent doubt begins to creep in about just what is reality and what is a manifestation of her griefstricken and distraught imagination. Dear Osama they want you dead or alive so the terror will stop. Well I wouldn’t know about that I mean rock ‘n’ roll didn’t stop when Elvis died on the khazi it just got worse. Next thing you know there was Sonny & Cher and Dexy’s Midnight Runners. I’ll come to them later. My point is it’s easier to start these things than to finish them. I suppose you thought of that did you? There’s a reward of 25 million dollars on your head but don’t lose sleep on my account Osama. I have no information leading to your arrest or capture. I have no information full effing stop. I’m what you’d call an infidel and my husband called working class. There is a difference you know. But just supposing I did clap eyes on you. Supposing I saw you driving a Nissan Primera down towards Shoreditch and grassed you to the old bill. Well. I wouldn’t know how to spend 25 million dollars. It’s not as if I’ve got anyone to spend it on since you blew up my husband and my boy. [excerpt from Incendiary]

about friendship, marriage, parenthood, tragedy, and redemption. What would you sacrifice for the people you love? KATE AND ZOE met at nineteen when they both made the cut for the national training program in track cycling—a sport that demands intense focus, blinding exertion, and unwavering commitment. They are built to exploit the barest physical and psychological edge over equally skilled rivals, all of whom are fighting for the last one tenth of a second that separates triumph from despair. Now at thirty-two, the women are facing their last and biggest race: the 2012 Olympics. Each wants desperately to win gold, and each has more than a medal to lose. Kate is the more naturally gifted, but the demands of her life have a tendency to slow her down. Her eight-year-old daughter Sophie dreams of the Death Star and of battling alongside the Rebels as evil white blood cells ravage her personal galaxy—she is fighting a recurrence of the leukemia that nearly killed her three years ago. Sophie doesn't want to stand in the way of her mum's Olympic dreams, but each day the dark forces of the universe seem to be massing against her. Devoted and self-sacrificing Kate knows her daughter is fragile, but at the height of her last frenzied months of training, might she be blind to the most terrible prognosis? Intense, aloof Zoe has always hovered on the periphery of real human companionship, and her compulsive need to win at any cost has more than once threatened her friendship with Kate—and her own sanity. Will she allow her obsession, and the advantage she has over a harried, anguished mother, to sever the bond they have shared for more than a decade? Echoing the adrenaline-fueled rush of a race around the Velodrome track, *Gold* is a triumph of superbly paced, heart-in-throat storytelling. With great humanity and glorious prose, Chris Cleave examines the values that lie at the heart of our most intimate relationships, and the choices we make when lives are at stake and everything is on the line.

entangled during World War II, told "with dazzling prose, sharp English wit, and compassion" a powerful portrait of war's effects on those who fight and those left behind" (People, Book of the Week). London, 1939. The day war is declared, Mary North leaves finishing school unfinished, goes straight to the War Office, and signs up. Tom Shaw decides to ignore the war until he learns his roommate Alistair Heath has unexpectedly enlisted. Then the conflict can no longer be avoided. Young, bright, and brave, Mary is certain she'd be a marvelous spy. When she is "bewilderingly" made a teacher, she finds herself defying prejudice to protect the children her country would rather forget. Tom, meanwhile, finds that he will do anything for Mary. And when Mary and Alistair meet, it is love, as well as war, that will test them in ways they could not have imagined, entangling three lives in violence and passion, friendship, and deception, inexorably shaping their hopes and dreams. The three are drawn into a tragic love triangle and "as war escalates and bombs begin falling" further into a grim world of survival and desperation. Set in London during the years of 1939-1942, when citizens had slim hope of survival, much less victory; and on the strategic island of Malta, which was daily devastated by the Axis barrage, *Everyone Brave is Forgiven* features little-known history and a perfect wartime love story inspired by the real-life love letters between Chris Cleave's grandparents. This dazzling novel dares us to understand that, against the great theater of world events, it is the intimate losses, the small battles, the daily human triumphs that change us most.

Three novels from the #1 New York Times bestselling author Chris Cleave. *Little Bee* This haunting, New York Times bestselling novel tells the story of an African refugee, nicknamed Little Bee, whose

violent and courageous journey from a Nigerian beach to a suburban London home and back puts a stunning face on the worldwide refugee crisis. *Incendiary* In an emotionally raw voice alive with grief, compassion, and startling humor, a woman mourns the loss of her husband and son at the hands of one of history's most notorious criminals. And in appealing to their executioner, she reveals the desperate sadness of a broken heart and a working-class life blown apart. *Gold Building* on the tradition of *Little Bee*, Chris Cleave again writes with elegance, humor, and passion about friendship, marriage, parenthood, tragedy, and redemption.

“A well-crafted page-turner that addresses the most important issue of our time. It will keep you reading well into the night.” Vince Flynn A New York Times reporter has drawn upon his experience covering the occupation in Iraq to write the most gripping and chillingly plausible thriller of the post-9/11 era. Alex Berenson's debut novel of suspense, *The Faithful Spy*, is a sharp, explosive story that takes readers inside the war on terror as fiction has never done before. John Wells is the only American CIA agent ever to penetrate al Qaeda. Since before the attacks in 2001, Wells has been hiding in the mountains of Pakistan, biding his time, building his cover. Now, on the orders of Omar Khadri—the malicious mastermind plotting more al Qaeda strikes on America—Wells is coming home. Neither Khadri nor Jennifer Exley, Wells's superior at Langley, knows quite what to expect. For Wells has changed during his years in the mountains. He has become a Muslim. He finds the United States decadent and shallow. Yet he hates al Qaeda and the way it uses Islam to justify its murderous assaults on innocents. He is a man alone, and the CIA—still reeling from its failure to predict 9/11 or find weapons of mass destruction in Iraq—does not know whether to trust him. Among his handlers at Langley, only Exley believes in him, and even she sometimes wonders. And so the agency freezes Wells out, preferring to rely on high-tech

means for gathering intelligence. But as that strategy fails and Khadri moves closer to unleashing the most devastating terrorist attack in history, Wells and Exley must somehow find a way to stop him, with or without the government's consent. From secret American military bases where suspects are held and interrogated to basement laboratories where al Qaeda's scientists grow the deadliest of biological weapons, *The Faithful Spy* is a riveting and cautionary tale, as affecting in its personal stories as it is sophisticated in its political details. The first spy thriller to grapple squarely with the complexities and terrors of today's world, this is a uniquely exciting and unnerving novel by an author who truly knows his territory.
