The author of The Caged Virgin recounts the story of her life, from her traditional Muslim childhood in Somalia and escape from a forced marriage to her efforts to promote women's rights while surviving numerous threats to her safety. Reprint. 100,000 first printing.

The brutal murder of the Dutch film-maker Theo van Gogh in 2004 shocked the world. Shot and mutilated by a Muslim fanatic as he cycled to work, it was a stark reminder of the dangers of challenging an extreme Islamic worldview. It also changed the life of Ayaan Hirsi Ali, van Gogh's collaborator on the film that had offended his murderer. Born in Somalia and raised a Muslim, she had escaped an arranged marriage and made a new life as a Dutch parliamentarian, championing the reform of Islam and its attitude to women's rights. She now has twenty-four-hour police protection, but refuses to let that inhibit her willingness to speak out. THE INFIDEL is Ayaan Hirsi Ali's astonishing story. Recounting the extraordinary transition from a third-world upbringing to her current status as one of TIME magazine's 100 most influential people in the world, it is a truly remarkable autobiography that is as gripping as it is inspiring.

In this profoundly affecting memoir from the internationally renowned author of The Caged Virgin and Nomad, Ayaan Hirsi Ali tells her astonishing life story, from her traditional Muslim childhood in Somalia, Saudi Arabia, and Kenya, to her intellectual awakening and activism in the Netherlands, and her current life under armed guard in the West. One of today's most admired and controversial political figures, Ayaan Hirsi Ali burst into international headlines following an Islamist's murder of her colleague, Theo van Gogh, with whom she made the movie Submission. Infidel is the eagerly awaited story of the coming of age of this elegant, distinguished -- and sometimes reviled -- political superstar and champion of free speech. With a gimlet eye and measured, often ironic, voice, Hirsi Ali recounts the evolution of her beliefs, her ironclad will, and her extraordinary resolve to fight injustice done in the name of religion. Raised in a strict Muslim family and extended clan, Hirsi Ali survived civil war, female mutilation, brutal beatings, adolescence as a devout believer during the rise of the Muslim Brotherhood, and life in four troubled, unstable countries largely ruled by despots. In her early twenties, she escaped from a forced marriage and sought asylum in the Netherlands, where she earned a college degree in political science, tried to help her tragically depressed sister adjust to the West, and fought for the rights of Muslim immigrant women and the reform of Islam as a member of Parliament. Even though she is under constant threat -- demonized by reactionary Islamists and politicians, disowned by her father, and expelled from her family and clan -- she refuses to be silenced. Ultimately a celebration of triumph over adversity, Hirsi Ali's story tells how a bright little girl evolved out of dutiful obedience to become an outspoken, pioneering freedom fighter. As Western governments struggle to balance democratic ideals with religious pressures, no story could be timelier or more significant.

Why are so few people talking about the eruption of sexual violence and harassment in Europe ' s cities? No one in a position of power wants to admit that the problem is linked to the arrival of several million migrants—most of them young men—from Muslim-majority countries. In Prey, the best-selling author of Infidel, Ayaan Hirsi Ali, presents startling statistics, criminal cases and personal testimony. Among these facts: In 2014, sexual violence in Western Europe surged following a period of stability. In 2018 Germany, " offences against sexual self-determination " rose 36 percent from their 2014 rate; nearly two-fifths of the suspects were non-German. In Austria in 2017, asylum-seekers were suspects in 11 percent of all reported rapes and sexual harassment cases, despite making up less than 1 percent of the total population. This violence isn ' t a figment of alt-right propaganda, Hirsi Ali insists, even if neo-Nazis exaggerate it. It ' s a real problem that Europe—and the world—cannot continue to ignore. She explains why so many young Muslim men who arrive in Europe engage in sexual harassment and violence, tracing the roots of sexual violence in the Muslim world from institutionalized polygamy to the lack of legal and religious protections for women. A refugee herself, Hirsi Ali is not against immigration. As a child in Somalia, she suffered female genital mutilation; as a young girl in Saudi Arabia, she was made to feel acutely aware of her own vulnerability. Immigration, she argues, requires integration and assimilation. She wants Europeans to reform their broken system—and for Americans to learn from European mistakes. If this doesn ' t happen, she calls to exclude new Muslim migrants from Western countries will only grow louder. Deeply researched and featuring fresh and often shocking revelations, Prey uncovers a sexual assault and harassment crisis in Europe that is turning the clock on women ' s rights much further back than the #MeToo movement is advancing it.

Continuing her journey from a deeply religious Islamic upbringing to a post at Harvard, the brilliant, charismatic and controversial New York Times and Globe and Mail #1 bestselling author of Infidel and Nomad makes a powerful plea for a Muslim Reformation as the only way to end the horrors of terrorism, sectarian warfare and the repression of women and minorities. Today, she argues, the world ' s 1.6 billion Muslims can be divided into a minority of extremists, a majority of observant but peaceable Muslims and a few dissidents who risk their lives by questioning their own religion. But there is only one Islam and, as Hirsi Ali shows, there is no denying that some of its key teachings—not least the duty to wage holy war—are incompatible with the values of a free society. For centuries it has seemed as if Islam is immune to change. But Hirsi Ali has come to believe that a Muslim Reformation—a revision of Islamic doctrine aimed at reconciling the religion with modernity—is now at hand, and may even have begun. The Arab Spring may now seem like a political failure. But its challenge to traditional authority revealed a new readiness—not least by Muslim women—to think freely and to speak out. Courageously challenging the jihadists, she identifies five key amendments to Islamic doctrine that Muslims have to make to bring their religion out of the seventh century and into the twenty-first. And she calls on the Western world to end its appeasement of the Islamists. " Islam is not a religion of peace," she writes. It is the Muslim reformers who need our backing, not the opponents of free speech. Interweaving her own experiences, historical analogies and powerful examples from contemporary Muslim societies and cultures, Heretic is not a call to arms, but a passionate plea for peaceful change and a new era of global toleration. In the wake of the Charlie Hebdo murders, with jihadists killing thousands from Nigeria to Syria to Pakistan, this book offers an answer to what is fast becoming the world ' s number one problem.

Describes the author's experiences after moving to America to pursue a safer life, from her renewed contact with her family after her father's death to her struggles to embrace new principles in the face of attempts to prohibit her work.

A collection of essays by a Muslim-born screenwriter and Dutch Parliamentarian who has been threatened for her efforts to secure women's rights criticizes the treatment of Muslim women and the western world's foreign policies, in a volume complemented by her script, Submission. Reprint. 50,000 first printing.

The author of Emma ' s War offers a compelling account of the link between Muslim women ' s rights, Islamist opposition to the West, and the Global War on Terror. Wanted Women explores the experiences of two fascinating female champions from opposing sides of the conflict: Islam critic Ayaan Hirsi Ali and neuroscientist Aafia Siddiqui. With Emma ' s War: An Aid Worker, A Warlord, Radical Islam and the Politics of Oil, journalist Deborah Scroggins achieved major international acclaim; now, in Wanted Women, Scroggins again exposes a crucial untold story from the center of an ongoing ideological war—laying bare the sexual and cultural stereotypes embraced by both sides of a conflict that threatens to engulf the world.

Nonie Darwish lived for thirty years in a majority Muslim nation. Everything about her life?family, sexuality, hygiene, business, banking, contracts, economics, politics, social issues, everything?was dictated by the Islamic law code known as Sharia. But Sharia isn't staying in majority Muslim nations. Darwish now lives in the West and brings a warning: the goal of radical Islam is to bring Sharia law to your country. If that happens, the fabric of Western law and liberty will be ripped in two. Under Sharia law: A woman can be beaten for talking to men who are not her relatives and flogged for not wearing a headdress Daughters, sisters, and wives can be legally killed by the men in their family Non-Muslims can be beheaded, and their Muslim killers will not receive the death penalty Certain kinds of child molestation are allowed The husband of a "rebellious" wife can deny her medical care or place her under house arrest Think it can't happen? In 2008, England?once the seat of Western liberty and now the home of many Muslim immigrants?declared that Sharia courts in Britain have the force of law. When Muslim populations reach as little as 1 or 2 percent, says Darwish, they begin making demands of the larger community, such as foot-level faucets for washing before praying in public schools, businesses, and airports. * Airports in Kansas City, Phoenix, and Indianapolis are among those who have already installed foot baths for Muslim cab drivers," writes Darwish. These demands test how far Westerners will go in accommodating the Muslim minority. How far will they push? The Organization of the Islamic Conference works to Islamize international human rights laws and apply Sharia "standards" for blasphemy to all nations. The penalty for blasphemy? Death. Weaving personal experience together with extensive documentation and research, Darwish exposes the facts and reveals the global threat posed by Sharia law. Anyone concerned about Western rights and liberties ignores her warning and analysis at their peril.

In Unbowed, Nobel Prize winner Wangari Maathai recounts her extraordinary journey from her childhood in rural Kenya to the world stage. When Maathai founded the Green Belt Movement in 1977, she began a vital poor people ' s environmental movement, focused on the empowerment of women, that soon spread across Africa. Persevering through run-ins with the Kenyan government and personal losses, and jailed and beaten on numerous occasions, Maathai continued to fight tirelessly to save Kenya ' s forests and to restore democracy to her beloved country. Infused with her unique luminosity of spirit, Wangari Maathai ' s remarkable story of courage, faith, and the power of persistence is destined to inspire generations to come.
