Instant New York Times bestseller "Standing up to bullies is my kind of thing." How did Stormy Daniels become the woman willing to take on a president? In this book, Stormy Daniels tells her whole story for the first time: what it's like to be a leading actress and director in the adult film business, the full truth about her journey from a rough childhood in Louisiana onto the national stage, and everything about her interaction with Donald Trump that led to the nondisclosure agreement and the behind-the-scenes attempts to intimidate her. Stormy is funny, sharp, warm, and impassioned by turns. Her story is a thoroughly American one, of a girl who loved reading and horses and who understood from a very young age what she wanted?and who also knew she'd have to get every step of the way there on her own. People can't stop talking about Stormy Daniels. And they won't be able to stop talking about her fresh, surprising, completely candid, nothing-held-back book.
