This is complete Japanese textbook and learning package for intermediate level students. In the intermediate level of this highly-acclaimed new series, learners will continue to study Japanese through an engaging story line which slowly unfolds over the arc of the text, keeping things interesting and adding the motivation needed to master new material. This story –based approach is a great way to learn Japanese. The emphasis in Intermediate Japanese is on real-life situations drawn from contemporary Japanese culture and authentic written, visual and oral materials embedded in the lessons. Available in both hardcover and paperback, Intermediate Japanese includes an accompanying audio disc, and free web-based multimedia resources with additional exercises. A separate Workbook is available with corresponding one-of-a-kind practice activities. Key features of this program: The focus is very visual. The book’s narrative is told with manga-style story pages, and the CD – ROM uses colorful video. Authentic written, visual, and oral materials are embedded very naturally throughout the book. Independent learners and classroom students alike will find this an accessible and upbeat way to master contemporary Japanese. Kanji characters are emphasized here more than in other textbooks and are taught as an integral part of learning Japanese spoken vocabulary, rather than separately. By the end of this book, learners will have mastered 149 additional kanji, for a cumulative total of 300 kanji. The CD – ROM includes Native Japanese language speakers. Pronunciation guides for all new words. Accompanying dialogues. The Beginning Japanese Website includes: Online games and activities. Additional information and updates. Downloadable Hiragana Practice Book, Katakana Practice Book, kana practice sheets. Downloadable hiragana and kana flash cards. Beginning Japanese is the second volume in a 3-level series. Deepen your learning with the Intermediate Japanese Workbook, a volume of drills and exercises that reinforce the lessons in the textbook.

Toriningu-pantsu are not training pants for babies who have not yet been toilet-trained. Toreningu-pantsu are sweat pants. When you jump into a swimming pool you will get wet, but not necessarily uetto. Volleyball, which was invented in the United States, is known as bareboru in Japan, but the tennis volley was the English gentleman’s pride before it was America’s . A tennis volley is therefore pronounced in British style, bore, not as American bare. Oru means “all” but has a more limited usage. Bosu is often used more negatively than English boss. Many people imagine that speakers of English who study the Japanese language find their way eased by the profusion of “English words” the Japanese have borrowed. Students of the language, however, often complain that borrowed words are more problematic than the older terms in the Japanese word pool. One of the biggest problems is the lack of adequate reference materials on the terms. Many of the existing works do little more than define the terms. This book handles the problematic areas. Here a reader will find sample sentences, tips on usage, and warnings against easy-to-commit mistakes. There are fascinating studies of how certain “English” terms were coined in Japan and of what led the Japanese to redefine certain common English words. Miura examines how certain words entered Japanese, and why they became popular. He theorizes on why an unexpected pronunciation developed. In discussing the borrowed terms, the author draws on many linguistic scholars, discusses prevailing beliefs on etymology and pronunciation, and uses his own considerable experience with both English and Japanese to help the student gain control of some of the most problematic words borrowed by J apanese from English . Each of the 850 words discussed under the text’s more than 350 main headings is included in a n index for quick reference. The detail and currency of the explanations contained in this book are unmatched by other books on the subject. For the student hard put to use these borrowed words, this text offers real help.

This is a complete Japanese textbook and language learning package for beginning learners. Start speaking, reading and writing Japanese today with the most exciting new introduction to the Japanese language! Beginning Japanese follows the story of Kiara, an American exchange student who lives in Japan and loves to study Japanese. With the help of her Japanese friends and the time-traveling Tomo Tanuki (raccoon dog), Kiara learns to speak, read, and write Japanese while she visits famous people and places in Japanese history. Illustrated with manga-style comics—a fun way to learn Japanese and written by experienced high-school Japanese teachers, this Japanese textbook will show you how to pronounce Japanese, read and write hiragana, katakana, and 125 basic kanji, and understand conversational Japanese. Key features of this program: An engaging storyline—including a time – travel adventure—unfolds as learners advance, adding motivation to master the language. Authentic written, visual, and oral materials embedded naturally throughout. Kanji is taught beginning with Chapter 1—and together with current vocabulary rather than separately. (At the end of Vol. 1 you’ll know 148 kanji). Technology is used extensively for authentic tasks. A dedicated website provides additional content and updates. Content is aligned with the ACTFL National Standards. The CD – ROM includes Native Japanese language speakers. Pronunciation guides. Accompanying dialogues. New word lists. Fun songs. Listening activities and tests. Extensive printable exercises. The Beginning Japanese Website includes: Online games and activities. Additional information and updates. Downloadable Hiragana Practice Book, Katakana Practice Book, kana practice sheets. Downloadable kanji and kana flash cards. Beginning Japanese is the first volume in a 3-level series. Deepen your learning with the Beginning Japanese Workbook, a volume of drills and exercises that reinforce the lessons in the textbook. If you already speak basic Japanese, continue your learning with the second level, Intermediate Japanese. Whether you’re learning Japanese for fun, preparing for a Japanese proficiency exam, or want to achieve AP- or IB-level competency, Beginning Japanese is your key to becoming a confident Japanese-speaker.

Third edition of Genki’s second volume exercise book . This workbook should be used in conjunction with the second volume of the main textbook. It includes exercises from the 11 lessons that correspond to the grammatical contents of the main book. The audios are available in an application for the mobile phone. Contents Conversation and Grammar (Lessons 13-23) - Exercises for grammar items - Questions - Listening comprehension Reading and Writing (Lessons 13-23) - Exercises for replacing hiragana with kanji

Japanese for Busy People is the most popular Japanese language textbook series in the world. With over 20 components including texts, workbooks, CDs, videos and teacher ’ s manuals, it is also one of the most comprehensive. Now, a decade after its first revision, the entire series is being redesigned, updated and consolidated to meet the needs of 21st-century students and businesspeople who want to learn natural, spoken Japanese as effectively as possible in a limited amount of time. The book features not only a sleek, new design but also a unit structure that groups thematically linked lessons together, making it easier than ever to learn Japanese. Moreover, it now comes with a CD containing audio for the dialogues and listening exercises from the text. The exercises in the book have also been thoroughly revised to incorporate more comprehension and production tasks. Many of these exercises are illustrated, making for a stimulating learning experience, and the purpose of each one is clearly stated. This first of three volumes introduces “survival Japanese”—the absolute minimum amount of Japanese needed to live in Japan. Thus, the vocabulary and grammatical items it introduces are limited to about a third of what is typically introduced in a first-year course. In addition, the book features notes on Japanese culture intended to expand the learner ’ s understanding of Japan, its customs and people. Japanese for Busy People I is available in two formats: romanized and kana. The Romanized Version uses romanized Japanese throughout, with kana in the Opening Dialogues of each lesson. The Kana Version—exposing students to hiragana and katakana from the very beginning—uses only kana. The content of the two books is otherwise exactly the same. The companion volume, Japanese for Busy People 1: The Workbook for the Revised 3rd Edition contains a variety of illustrated exercises for mastering the basic sentence patterns presented in the main text.

This is a clear, simple and compact guide to colloquial, everyday Japanese. Acquire basic proficiency in spoken Japanese. A streamlined, efficient approach. Perfect for self – learners or classroom use. Includes kanji and kana. Essential Japanese Vocabulary teaches all the Japanese grammar you need to speak and understand simple spoken Japanese. Covering only what is essential, it provides an efficient way for learners who have limited time to gain basic proficiency and begin to communicate naturally with Japanese language speakers. Intended for both self – study and classroom use the guide offers a practical course in colloquial Japanese, but leaves aside forms that are unnecessary or little used as well as those that are more important for written Japanese. In short chapters, it helps the user understand the logic of Japanese grammar, while its straightforward explanations and clear examples make learning as easy as possible. The book includes a glossary of grammatical terms and an index, as well as appendixes on Japanese pronunciation and verb conjugation. In a focused and convenient approach, Essential Japanese Vocabulary is an indispensable tool for beginners just starting to learn Japanese or a handy aid for more experience learners who wish to refresh their knowledge.

This book describes a theory-guided approach to Foreign Language (FL) course development, implementation, instruction and assessment. It documents the development and implementation of a theory-guided approach designed to exploit cross-linguistically sharable competencies as resources for promoting FL learning. The volume delineates the processes of (a) identifying cross-linguistically sharable competencies as resources for promoting FL learning, (b) exploring ways of exploiting sharable competencies as resources in promoting language skills through their purposeful use for content learning, (c) implementing the instructional approach in multiple EFL classrooms, and (d) evaluating the approach by comparing learning outcomes across classrooms. It presents a solid conceptual framework that integrates theories in multiple research domains, including second language acquisition, knowledge acquisition, and language assessment. It also provides detailed descriptions of framework construction and classroom implementation – the two processes that are integral to course design and development.
