Prepare for success in international finance with this best-selling book's effective presentation of in-depth theory and practical applications. INTERNATIONAL FINANCIAL MANAGEMENT, 11E builds on the fundamental principles of corporate finance to provide the timely information and contemporary insights needed to prosper in today's global business environment. This book discusses a wide range of managerial topics using a strong corporate perspective. This edition highlights financial reform and its impact on the international finance today. An emphasis on the most recent financial changes and industry trends further prepares readers to understand and effectively manage within the dynamic field of international finance. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Equip your students for success in international finance with the unrivalled depth of theory and practical applications presented in Madura, Hoque and Krishnamurti's INTERNATIONAL FINANCIAL MANAGEMENT, Asia-Pacific 1st edition. This APAC edition builds on the fundamental principles of corporate finance to provide the timely information and contemporary insights your students need to prosper in today's global business environment. With the original US edition being well known for its inviting reader-friendly style and clear explanations, this APAC 1st edition introduces international finance with a focus on the important role of modern multinational corporations in global commerce within a strong APAC context. Using a strong corporate perspective, it discusses a wide range of managerial topics and emphasises the most recent changes in the international environment. Relevant examples, instructive diagrams, self-tests, and other learning features provide hands-on experience to help your students develop the skills they need to effectively manage in contemporary practice.

International Financial Management, 7e combines a strong foundation in international finance theory with current, practical applications. It provides thorough, up-to-date treatment of cutting-edge international finance issues along with traditional treatment of international financial management. This book is known for its readability and clear explanation as well as its extensive use of hands-on, real world applications and student-oriented pedagogy.

Gain a clear understanding of why financial markets exist, how financial institutions serve these markets, and what services those institutions offer with the proven conceptual framework and clear presentation in Madura's best-selling FINANCIAL MARKETS AND INSTITUTIONS 11E. The text weaves timely examples and practical applications throughout as it emphasizes the securities traded by and the scope of participation of financial institutions within each market. Readers focus on the management, performance, and regulatory aspects of financial institutions and explore the functions of the Federal Reserve System, the major debt and equity security markets, and the derivative security market. This text emphasizes current financial reform with updates throughout that provide a thorough understanding of today's most recent financial changes, developments and trends. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The overriding objective of Eun and Resnick's International Financial Management, 3e is to teach students how to be effective global financial managers. The text covers the fundamentals of the macroeconomic environment of international financial management, discusses the financial environment in which the multinational firm and its managers must function, and covers foreign exchange management and financial management in a multinational firm.

Known for its solid conceptual framework, Madura's best-selling FINANCIAL MARKETS AND INSTITUTIONS, 12e, explains why financial markets exist, how financial institutions serve these markets, and what services those institutions offer. Focusing on the management, performance, and regulatory aspects of financial institutions, it explores the functions of the Federal Reserve System, the major debt and equity security markets, and derivative security markets. In addition to the latest research, timely examples, and updates on regulatory reform, the 12th edition includes expanded coverage of behavioral finance concepts, high-frequency trading, pension fund underfunding problems and implications, and much more. Critical Thinking Questions, Flow of Funds Exercises, Internet Exercises, and online research assignments help readers put what they learn into practice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
