This is much to learn about the new generation of iPad, and the iPad 2 Survival Guide is the flagship guide for Apple's newest creation. The iPad 2 Survival Guide organizes the wealth of knowledge about the iPad 2 into one place, where it can be easily accessed and navigated for quick reference. This guide comes with countless screenshots, which complement the step-by-step instructions and help you to realize the iPad's full potential. The iPad 2 Survival Guide provides useful information not discussed in the iPad manual, such as tips and tricks, hidden features, and troubleshooting advice. You will also learn how to download FREE games and FREE eBooks, how to PRINT right from your iPad, and how to make VIDEO CALLS using FaceTime. Whereas the official iPad 2 manual is stagnant, this guide goes above and beyond by discussing recent known issues and solutions that may be currently available. This information is constantly revised for a complete, up-to-date manual. This iPad 2 guide includes: Getting Started - Button Layout - Before First Use - Navigating the Screens - Setting Up Wi-Fi - Setting Up an Email Account - Using Email - Logging In to the Application Store - Using FaceTime - Placing a FaceTime Call - Moving the Picture-in-Picture Display - Taking Pictures - Capturing Videos - Browsing and Trimming Captured Videos - Using iTunes to Import Videos - Viewing a Video - Using the iPod Application - Using the iTunes Application - Sending Pictures and Videos via Email - Setting a Picture as Wallpaper - Viewing a Slideshow - Importing Pictures Using iPhoto - Creating Albums Using iPhoto Advanced topics: - 161 Tips and Tricks for the iPad - Setting the iPad Switch to Mute or Lock Rotation - Downloading Free Applications - Downloading Free eBooks - Adding Previously Purchased and Free eBooks to the iBooks app - Updating eBooks in the iBooks app - Using the Kindle Reader for iPad - Using the iBooks Application - Using the iBooks Internal Dictionary - Highlighting and Taking Notes in iBooks - Turning On VoiceOver - Printing Directly from the iPad - Printing Web Pages - Moving a Message to Another Mailbox or Folder - Changing the Default Signature - Setting the Default Email Account - Changing How You Receive Email - Saving a Picture Attachment - Managing Contacts - Setting Up a 3G Account - Turning Data Roaming On and Off - AT&T Data Plans Explained - Using the Safari Web Browser - Blocking Pop-Up Windows - Managing Applications - Deleting Applications - Setting a Passcode Lock - Changing Keyboard Settings - Tips and Tricks - Maximizing Battery Life - Printing Pictures Without a Wireless Printer - Viewing Applications on an HD TV - Troubleshooting - Resetting Your iPad

With iOS 5, Apple added more than 200 new features to the iPad 2, but there's still no printed guide to using all its amazing capabilities. That's where this full-color Missing Manual comes in. You'll learn how to stuff your iPad with media, organize your personal life, wirelessly stream content to and from your tablet, stay connected to friends, and much more. The important stuff you need to know: Build your media library. Fill your iPad with music, movies, TV shows, eBooks, eMagazines, photos, and more. Go wireless. Sync content between your computer and iPad—no wires needed. Get online. Connect through WiFi or Wi-Fi + 3G, and surf the Web using the iPad's new tabbed browser. Consolidate email. Read and send messages from any of your email accounts. Get social. Use built-in apps like iMessage, Twitter, and Ping to stay in touch. Store stuff in iCloud. Stash your content online for free, and sync up all your devices automatically. Interact with your iPad. Learn new finger moves and undocumented tips, tricks, and shortcuts.

Looks at the features and functions of the iPad2, covering such topics as accessing the Internet, setting up an email account, using built-in apps, playing games, using iTunes, watching videos, and syncing with MobileMe.

My parents are official iPad users. I began writing this book when I realized that they could check Facebook, but didn't have the faintest idea how to make the text size bigger on Safari and a number of other things that I thought were common sense after using the phone for a day. I decided to make a list for them, and this book is a result of that.If you have been using Apple products for several years, then this book will probably have a few tricks that you didn't know—especially if you are upgrading to the new OS (iOS 6). The book, however, is geared towards those getting started.This book is meant to be a quick start reference. It's not a tutorial on how to use your iPad Mini. If you are looking for something that is more hands on and teaches you how to use the iPad Mini, try the one that came with your iPad Mini (Hint: Open Safari, go to Bookmarks and tap the link to the User Guide). Additionally, if you'd like to just see what significant things have been added to iOS 6 then jump to the last section which is just for your reference and does not count towards the 50+ tips in this short guide.Note: The iPad Mini contains the same features you see on other iPad's, so these tips apply across all devices running iOS 6 (aside from Siri, which the iPad 2 is not currently supporting)—most also will work with older iPad's and the iPhone.

My parents are official iPad users. I began writing this book when I realized that they could check Facebook, but didn't have the faintest idea how to make the text size bigger on Safari and a number of other things that I thought were commonsense after using the tablet for a day. I decided to make a list for them, and this book is a result of that. If you have been using Apple products for several years, then this book will probably have a few tricks that you didn't know—especially if you are upgrading to the new OS (iOS 8). The book, however, is geared towards those getting started. This book is meant to be a quick start reference. It's not a tutorial on how to use your iPad. If you are looking for something that is more hands on and teaches you how to use the iPad, try the one that came with your iPad (Hint: Open Safari, go to Bookmarks and tap the link to the User Guide). Additionally, if you'd like to just see what significant things have been added to iOS 8 then jump to the last section which is just for your reference and does not count towards the 60+ tips in this short guide.

It feels like it was yesterday the first iPad was introduced by Steve Jobs; however, the first iPad was released over ten years ago! Today, the iPad is still very effective even more powerful than most computers. With the release of the 6th generation iPad mini, Apple has added new features to the device, which include a new design, new chip, larger display, and more. Apple's iPad Mini pushes entertainment and mobile working to a whole new level where you don't even have to bring out your laptop, but are you making the most out of this device? Well, the need for this guide cannot be overemphasized because it provides step by step instructions on how you can make the most out of your iPad Mini 6th Generation, mastering the features, tips, and tricks to navigate through the device like a PRO when working or just enjoying the device at home Here is an overview of what you would find in this book Features of the iPad mini 6 How to set up your device How to pair, charge and use the Apple Pencil on iPad Finding your way around your device 40+ Basic settings: How to make the most of the iPad's camera How to make use of Apple pay How to make FaceTime calls How to create your memoji How to set up and make use of Siri How to use the Family Sharing feature How to maximize your usage of Safari How to sync your iPad with other devices How to set up and use the Focus feature How to use the Live Text feature Tips and tricks And lots more Scroll up and click the BUY NOW icon on the top right corner of your screen to get this book now

The iPad 2 is thinner, more powerful, intuitive and very fun for users of all ages. Your iPad can be used for reading, surfing the web, emailing, watching TV and movies, getting work done and much more. And with over 65,000 apps just for the iPad, as well as the ability to run over 30,000 iPhone apps, the possibilities are endless. iPad 2 Made Simple clarifies all of the key features on the iPad, introduces what's new, and also reveals dozens of time-saving shortcuts and techniques. The book has over 1,000 screen shots that are carefully annotated with step-by-step instructions. Clear instructions on how to set up and use the iPad Illustrated explanations of all the key features Hundreds of graphics as well as tips and tricks

If you believe some news stories, the latest iPad update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPad and those upgrading to the latest update. It'll walk you through the changes and show you why updating is nothing to be afraid of. The iPad doesn't come with a handbook / user guide, but don't believe other handbooks that tell you that's why you need to buy their handbook! iPad does have a handbook! So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPad, and you will find that in Apple's comprehensive manual; but if you are like my parents—new to the iPad and just want to learn all the basics in about 30 minutes or an hour, then this guide will help you—people who just want to know how to add their contacts, take photos, and email. It's not for advance users, although if you are upgrading from the previous Apple iOS (iOS 8) you will probably find it useful. If you are ready to learn, then read on!

The iPad 2 survival guide organizes the wealth of knowledge about the iPad 2 into one place, where it can be easily accessed and navigated for quick reference.
