You've heard about "flipping your classroom"—now find out howto do it! Introducing a new way to think about higher education,learning, and technology that prioritizes the benefits of the humandimension. José Bowen recognizes that technology is profoundlychanging education and that if students are going to continue topay enormous sums for campus classes, colleges will need to providemore than what can be found online and maximize "naked"face-to-face contact with faculty. Here, he illustrates howtechnology is most powerfully used outside the classroom, and, whenused effectively, how it can ensure that students arrive to classmore prepared for meaningful interaction with faculty. Bowen offerspractical advice for faculty and administrators on how to engagestudents with new technology while restructuring classes into moreactive learning environments.

NEW YORK TIMES BEST SELLER • A Best Book of 2021: Entertainment Weekly, Good Morning America, Wall Street Journal, and more From the indie rockstar of Japanese Breakfast fame, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother’s particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother’s tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band—and meeting the man who would become her husband—her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother’s diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner’s voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, Crying in H Mart is a book to cherish, share, and reread.

While efforts to achieve equity in education are prominent in school districts across this country, the effective implementation that results in meaningful change remains elusive. Even with access to compelling theories and approaches such as multicultural education, culturally responsive teaching, culturally relevant instruction, culturally sustaining pedagogy, schools still struggle to implement equitable change that reshapes the academic experiences of students marginalized by the prevailing history, culture, and traditions in public education. Instead of getting it right with equity implementation, many schools and districts remain trapped in a cycle of equity dysfunction. In Belonging through a Culture of Dignity, Cobb and Krownapple argue that the cause of these struggles are largely based on the failure of educators to consider the foundational elements upon which educational equity is based, belonging and dignity. Through this work, the authors make these concepts accessible and explain their importance in the implementation of educational equity initiatives. Though the importance of dignity and belonging might appear to be self-evident at first glance, it’s not until these concepts are truly unpacked, that educators realize the dire need for belonging through dignity. Once these fundamental human needs are understood, educators can gain clarity of the barriers to meaningful student relationships, especially across dimensions of difference such as race, class, and culture. Even the most relational and responsive educators need this clarity due to the normalization of what the authors refer to as dignity distortions. Cobb and Krownapple challenge that normalization and offer three concepts as keys to successful equity initiatives: inclusion, belonging, and dignity. Through their work, the authors aim to equip educators with the tools necessary to deliver the promise of democracy through schools by breaking the cycle of equity dysfunction once and for all.

Nearly one in four of Israel’s 1.6 million schoolchildren are educated in a public school system wholly separate from the majority. These children are Palestinian Arab citizens of Israel. A world apart in quality from the public schools serving Israel’s majority Jewish population, schools for Palestinian Arab children offer fewer facilities and educational opportunities than are offered other Israel children.

NEW YORK TIMES BESTSELLER • A moving memoir about the legendary author’s relationship with her own mother. Emma Watson’s Our Shared Shelf Book Club Pick! The story of Maya Angelou’s extraordinary life has been chronicled in her multiple bestselling autobiographies. But now, at last, the legendary author shares the deepest personal story of her life: her relationship with her mother. For the first time, Angelou reveals the triumphs and struggles of being the daughter of Vivian Baxter, an indomitable spirit whose petite size belied her larger-than-life presence—a presence absent during much of Angelou’s early life. When her marriage began to crumble, Vivian famously sent three-year-old Maya and her older brother away from their California home to live with their grandmother in Stamps, Arkansas. The subsequent feelings of abandonment stayed with Angelou for years, but their reunion, a decade later, began a story that has never before been told. In Mom & Me & Mom, Angelou dramatizes her years reconciling with the mother she preferred to simply call “Lady,” revealing the profound moments that shifted the balance of love and respect between them. Delving into one of her life’s most rich, rewarding, and fraught relationships, Mom & Me & Mom explores the healing and love that evolved between the two women over the course of their lives, the love that fostered Maya Angelou’s rise from immeasurable depths to reach impossible heights. Praise for Mom & Me & Mom “Mom & Me & Mom is delivered with Angelou’s trademark good humor and fierce optimism. If any resentments linger between these lines, if lives are partially revealed without all the bitter details exposed, well, that is part of Angelou’s forgiving design. As an account of reconciliation, this little book is just revealing enough, and pretty irresistible.”—The Washington Post “Moving . . . a remarkable portrait of two courageous souls.”—People “[The] latest, and most potent, of her serial autobiographies . . . [a] tough-minded, tenderhearted addition to Angelou’s spectacular canon.”—Elle “Mesmerizing . . . Angelou has a way with words that can still dazzle us, and with her mother as a subject, Angelou has a near-perfect muse and mystery woman.”—Essence

Follows a girl in the 1920s as she strives to become a drummer, despite being continually reminded that only boys play the drums, and that there has never been a female drummer in Cuba. Includes note about Millo Castro Zaldarriaga, who inspired the story, and Anacaona, the all-girl dance band she formed with her sisters.

"The report, "Dreams Turned into Nightmares: Attacks on Students, Teachers, and Schools in Pakistan," is based on 48 interviews with teachers, students, parents, and school administrators in the Pakistani provinces of Punjab, Sindh, and Khyber Pakhtunkhwa (KP). It documents attacks by militants from January 2007 to October 2016 that have destroyed school buildings, targeted teachers and students, and terrorized parents into keeping their children out of school. These attacks have often been directed at female students and their teachers and schools, blocking girls' access to education. The report also examines occupation of educational institutions by security forces, political groups, and criminal gangs"--Publisher's description.

Teachers and administrators will learn how to create the respectful, trusting relationships with families necessary to build the educational partnerships that best support children’s learning. The book will cover the mindset and core beliefs required to bond with families, and will provide guidance on how to plan engagement opportunities and events throughout the school year that undergird effective partnerships between families and schools.

As China globalizes, the number of marriages between Chinese people and foreigners is increasing. These Chinese--foreign marriages have profound implications for China’s cultural identity. This book, based on extensive original research, outlines the different types of Chinese--foreign marriage, and divorce, and the changing scale and changing patterns of such marriages, and divorces, and examines how such marriages and divorces are portrayed in different kinds of media. It shows how those types of Chinese--foreign marriage where Chinese patriotism and Chinese values are preserved are depicted favourably, whereas other kinds of Chinese--foreign marriage, especially those where Chinese women marry foreign nationals, are disapproved of, male foreign nationals being seen as having a propensity to infidelity, deception, violence and taking advantage of Chinese women. The book contrasts the portrayal of Chinese--foreign marriage with the reality, and with the depiction of Chinese--Chinese marriage where many of the same problems apply. Overall, the book sheds much light on changing social processes and on current imaginings of China’s place in the world.
