Review, this pathbreaking book of literary criticism is now reissued with a new introduction by Lisa Appignanesi that speaks to how *The Madwoman in the Attic* set the groundwork for subsequent generations of scholars writing about women writers, and why the book still feels fresh some four decades later.

"Gilbert and Gubar have written a pivotal book, one of those after which we will never think the same again."--Carolyn G. Heilbrun, *Washington Post Book World*

Charlotte Brontë made a daring choice for her 1847 novel. *Jane Eyre* possesses neither the great beauty nor entrancing charm that her fictional predecessors used to make their way in the world. Instead, Jane relies upon her powers of diligence and perception, conducting herself with dignity animated by passion. The instant and lasting success of *Jane Eyre* proved

Brontë's instincts correct. Readers of her era and ever after have taken the impoverished orphan girl into their hearts, following her from the custody of cruel relatives to a dangerously oppressive boarding school and onward through a troubled career as a governess. Jane's first assignment at Thorn field, where the proud and cynical master of the house harbors a scandalous secret, draws readers ever deeper into a compelling exploration of the mysteries of the human heart.

a striking coherence of theme and imagery throughout all genres. One of the recurring themes is that of madness and confinement. The often cited "Mad Woman in the Attic," who is locked away by male authority, appears as a central figure both in Charlotte Perkins Gilman's short story "The Yellow Wall-Paper," written in 1890, and Charlotte Brontë's famous novel Jane Eyre, which was published in 1847. This essay will seek to explore similarities between the two works in respect to their description of madness as an escape from repressive social structures. The mad woman will be discussed as representing a rebellious double to the submissive heroine, who appears to be fragmented and confined by Victorian conventions of propriety. Emphasis will be laid as well on the medical treatment of mental illnesses that both texts deal with. It will be shown that

gender-biased medical judgments made by men in both works actually have their origin in subconscious male anxieties.

The orphaned Jane Eyre is no beauty but her plain appearance belies an indomitable spirit, sharp wit and great courage. As a child she suffers under cruel guardians, harsh schooling and a rigid social order but when she goes to Thornfield Hall to work as a governess for the mysterious Mr Rochester, the stage is set for one of literature's most enduring romances. Seminar paper from the year 2003 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Duisburg-Essen, course: Charles Dickens, 20 entries in the bibliography, language: English, abstract: This essay deals with two well-known texts of the Victorian age, Charlotte Brontë's Jane Eyre, published in 1847 and Charles Dickens' David Copperfield (1850). Both novels give an autobiographical insight into the first three decades of the protagonists' lives. Jane and David, the two first person narrators look back on their lives, giving very detailed descriptions of the experiences they have made at school, in their professional and their private life. This essay will show how Jane and David's development is

presented in the novels and will examine in how far the texts can be classified as Bildungsromane. The second part of this paper gives a definition of the Bildungsroman and detects the roots of the genre. The third chapter deals with the development and education of Jane Eyre with a major focus on Jane's struggle with the oppressive patriarchal society and its representatives who try to manipulate her way towards maturity, self-definition and equality. The fourth chapter takes a look at David Copperfield's development and gives a close analysis of the main issues, class and sexuality that have a crucial impact on David's formation of self. The second last chapter then attempts to combine the analyses of the two novels on the basis of the definition of the Bildungsroman genre, which is given in the next part of the essay. Similarities and differences between the texts will be
