The Pulitzer Prize-winning historian takes us as close as we have ever been to the real John F. Kennedy in this revelatory biography of the iconic, yet still elusive, thirty-fifth president. By the time of his assassination in 1963, John F. Kennedy stood at the helm of the greatest power the world had ever seen.

~~JFK by Fredrik Logevall | Waterstones~~

Marcus Raskin was JFK's top nuclear advisor. This book proves without a shadow of a doubt that JFK was assassinated by the CIA as part of a wider conspiracy due to his planned withdrawal from Vietnam, concerted efforts to thaw the Cold War and improve relations with the Soviet Union and Cuba (to the point of establishing a secret back-channel between both himself and Khrushchev and himself and Castro, and with plans, believe it or not, for a joint moon mission with the Soviet Union).

Mortal Error: The Shot That Killed JFK is a 1992 non-fiction book by Bonar Menninger outlining a theory by sharpshooter, gunsmith, and ballistics expert Howard Donahue that a Secret Service agent accidentally fired the shot that actually killed President John F. Kennedy. Mortal Error was published by St Martin's Press in hardback, paperback, and audiobook. Menninger is also the author of And Hell Followed With It: Life and Death in a Kansas Tornado, which won a Kansas Notable Book Award in 2011.

### ~~Mortal Error — Wikipedia~~

This is the first book of a two book biography of John Fitzgerald Kennedy. The first book covers the background of his parents, especially the controlling Joe Kennedy. and shows how "Jack" alongside his brother Joe Jr., was groomed for politics from the time he was a child., Kennedy's childhood, education, and romance with Jackie, as well as his military service and the death of his older brother, are covered in-depth. The book ends just as he is deciding whether to run for President.

JFK : Coming of Age in the American Century, 1917-1956. 4.58 (145 ratings by Goodreads) Hardback. English. By (author) Professor of History Fredrik Logevall. Share. A Pulitzer Prize-winning historian takes us as close as we have ever been to the real John F. Kennedy in this revelatory biography of the iconic, yet still elusive, thirty-fifth president.

Provides the complete script for JFK, which details the investigation into President Kennedy's assassination, and includes responses and comments about the film, and official reports and documentation

NEW YORK TIMES EDITORS' CHOICE • A Pulitzer Prize-winning historian takes us as close as we have ever been to the real John F. Kennedy in this revelatory biography of the iconic, yet still elusive, thirty-fifth president. "An utterly incandescent study of one of the most consequential figures of the twentieth century."—Jill Lepore, author of These Truths: A History of the United States WINNER OF THE ELIZABETH LONGFORD PRIZE • NAMED BIOGRAPHY OF THE YEAR BY The Times (London) • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Sunday Times (London) • New Statesman • The Daily Telegraph • Kirkus Reviews By the time of his assassination in 1963, John F. Kennedy stood at the helm of the greatest power the world had ever seen, a booming American nation that he had steered through some of the most perilous diplomatic standoffs of the Cold War. Born in 1917 to a striving Irish American family that had become among Boston's wealthiest, Kennedy knew political ambition from an early age, and his meteoric rise to become the youngest elected president cemented his status as one of the most mythologized figures in American history. And while hagiographic portrayals of his dazzling charisma, reports of his extramarital affairs, and disagreements over his political legacy have come and gone in the decades since his untimely death, these accounts all fail to capture the full person. Beckoned by this gap in our historical knowledge, Fredrik Logevall has spent much of the last decade searching for the "real" JFK. The result of this prodigious effort is a sweeping two-volume biography that properly contextualizes Kennedy amidst the roiling American Century. This volume spans the first thirty-nine years of JFK's life—from birth through his decision to run for president—to reveal his early relationships, his formative experiences during World War II, his ideas, his writings, his political aspirations. In examining these pre-White House years, Logevall shows us a more serious, independently minded Kennedy than we've previously known, whose distinct international sensibility would prepare him to enter national politics at a critical moment in modern U.S. history. Along the way, Logevall tells the parallel story of America's midcentury rise. As Kennedy comes of age, we see the charged debate between isolationists and interventionists in the years before Pearl Harbor; the tumult of the Second World War, through which the United States emerged as a global colossus; the outbreak and spread of the Cold War; the domestic politics of anti-Communism and the attendant scourge of McCarthyism; the growth of television's influence on politics; and more. JFK: Coming of Age in the American Century, 1917-1956 is a sweeping history of the United States in the middle decades of the twentieth century, as well as the clearest portrait we have of this enigmatic American icon.

SSuggests that John F. Kennedy was assassinated because military leaders feared his dedication to peace would result in the United States falling to Russia

The man who saved the lives of his PT-109 crewmen during WWII and became the 35th president fought-and won-his first battle at the age of two-and-a-half, when he was stricken with scarlet fever. Although his presidency was cut short, our nation's youngest elected leader left an indelible mark on the American consciousness and now is profiled in our Who Was...? series. Included are 100 black-and-white illustrations as well as a timeline that guides readers through this eventful period in history.

Updated with recent evidence on JFK's assassination: "The closest we have to that literary chimera, a definitive work on the events in Dallas" (The Boston Globe). "He was holding out his hand . . . He looked puzzled . . . Then he slumped in my lap . . . I kept bending over him saying, 'Jack, Jack, can you hear me? I love you, Jack . . .' The seat was full of blood and red roses . . ." --Jacqueline Kennedy, recalling the fatal moment in Dallas Fifty years on, most Americans still feel they have not been told the truth about President Kennedy's death. Chief Justice Warren, who chaired the first inquiry, said "some things" that "involve security" might not be released in our lifetime. Millions of pages of assassination records were finally made public in the late 1990s. Yet the CIA is withholding more than a thousand documents under "national security"--until 2017. Why? Why hold these records back if--as we were told half a century ago--Lee Harvey Oswald was a lone assassin? Anthony Summers set out to write a reliable account of the murder mystery that haunts America. Not in Your Lifetime, in this fresh edition, is one of the finest books written on the assassination.

#1 NEW YORK TIMES BESTSELLER • "With the benefit of hindsight and good old-fashioned maturity, [Mimi Alford] writes not just about the secret, but the corrosive effect of keeping that secret. . . . You can't help liking her, or her elegant and thoroughly good-natured book."—The Spectator In the summer of 1962, nineteen-year-old Mimi Beardsley arrived in Washington, D.C., to begin an internship in the White House press office. After just three days on the job, the privileged but sheltered young woman was presented to the President himself. Almost immediately, the two began an affair that would continue for the next eighteen months. Emotionally unprepared to counter the President's charisma and power, Mimi was also ill-equipped to handle the feelings of isolation that would follow as she fell into the double life of a college student who was also the secret lover of the most powerful man in the world. After the President's assassination in Dallas, she grieved alone, locked her secret away, and tried to start a new life, only to be blindsided by her past. Now, no longer defined by silence or shame, Mimi Alford finally unburdens herself with this unflinchingly honest account of her life and her extremely private moments with a very public man. This paperback edition includes a special Q&A, in which the author reflects on the intense media attention surrounding the book's initial release. Once Upon a Secret is a moving story of a woman emerging from the shadows to reclaim the truth. "What [Alford] sacrificed in lucre she has more than recovered in credibility and dignity."—The Washington Times "Compelling . . . a polished voice telling a credible story you can take to the bank."—Seattle Post-Intelligencer "Explosive . . . searingly candid."—New York Post

As read on BBC Radio 2 This is the story of JFK's assassination as told from the frontline: it is about the people - from the highest to the lowest - who were caught up in that four-day whirlwind in November 1963. From Dallas nightclub reporter Tony Zoppi, who found himself carrying the president's casket; Secret Service agent Clint Hill beating his hands in despair on the trunk of the limousine as he watches Kennedy die; Howard Brennan, a construction worker on a lunch break watching a man take aim on the motorcade with a rifle; reporter Hugh Aynesworth with only an electricity bill on which to write notes for the scoop of his career; DJ John Peel a few feet from Oswald as he's questioned by the press; to Robert Kennedy sitting in the dark in the back of an empty army truck, waiting for his brother's body to arrive. The Assassination of JFK: Minute by Minute is pure chronological narrative, giving a blow by blow account of the terrible events as they unfolded.

A controversial portrait of the thirty-fifth president explores his less-recognized roles in promoting anti-communism, tax cuts, free trade, and other agendas that had distinctly conservative stances.

In End of Days, James L. Swanson, the New York Times bestselling author of Manhunt: The 12-Day Chase for Lincoln's Killer, brings to life the minute-by-minute details of the JFK assassination—from the Kennedys' arrival in Texas through the shooting in Dealey Plaza and the shocking aftermath that continues to reverberate in our national consciousness fifty years later. The assassination of John F. Kennedy on November 22, 1963, has been the subject of enduring debate, speculation, and numerous conspiracy theories, but Swanson's absorbing and complete account follows the event hour-by-hour, from the moment Lee Harvey Oswald conceived of the crime three days before its execution, to his own murder two days later at a Dallas Police precinct at the hands of Jack Ruby, a two-bit nightclub owner. Based on sweeping research never before collected so powerfully in a single volume, and illustrated with photographs, End of Days distills Kennedy's assassination into a pulse-pounding thriller that is sure to become the definitive popular account of this historic crime for years to come.

Documents the events leading up to and following the assassination of the thirty-fifth president as revealed by the Secret Service agents who were present, in an account that also draws on letters written by Jackie Kennedy in the immediate aftermath and other previously undisclosed sources.
