"Laughter is the language of the soul," Pablo Neruda said. Among the most lasting voices of the most tumultuous (in his own words, "the saddest") century, a witness and a chronicler of its most decisive events, he is the author of more than thirty-five books of poetry and one of Latin America's most revered writers, the emblem of the engaged poet, an artist whose heart, always with the people, is literally consumed by passion. His work, oscillating from epic meditations on politics and history to intimate reflections on animals, food, and everyday objects, is filled with humor and affection. This bilingual selection of more than fifty of Neruda's best poems, edited and with an introduction by the distinguished Latin American scholar Ilan Stavans and brilliantly translated by an array of well-known poets, also includes some poems previously unavailable in English. *I Explain a Few Things* distills the poet's brilliance to its most essential and illuminates Neruda's commitment to using the pen as a calibrator for his age.

THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. “ The single most compelling personal account of the Holocaust ... remains astonishing and excruciating. ” —The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “ Secret Annex ” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Ernest Renan was one of the leading lights of the Parisian intellectual scene in the second half of the nineteenth century. A philologist, historian, and biblical scholar, he was a prominent voice of French liberalism and secularism. Today most familiar in the English-speaking world for his 1882 lecture “What Is a Nation?” and its definition of a nation as an “everyday plebiscite,” Renan was a major figure in the debates surrounding the Franco-Prussian War, the Paris Commune, and the birth of the Third Republic and had a profound influence on thinkers across the political spectrum who grappled with the problem of authority and social organization in the new world wrought by the forces of modernization. *What Is a Nation? and Other Political Writings* is the first English-language anthology of Renan’s political thought. Offering a broad selection of Renan’s writings from several periods of his public life, most previously untranslated, it restores Renan to his place as one of France’s major liberal thinkers and gives vital critical context to his views on nationalism. The anthology illuminates the characteristics that distinguished nineteenth-century French liberalism from its English and American counterparts as well as the more controversial parts of Renan’s legacy, including his analysis of colonial expansion, his views on Islam and Judaism, and the role of race in his thought. The volume contains a critical introduction to Renan’s life and work as well as detailed annotations that assist in recovering the wealth and complexity of his thought.
