technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

The first part of the book tells the story of how the Consumer Products Division of John Deere came to be and how it was accomplished. Then the book discusses from start to finish the development of John Deere snowmobiles, including key products along the way and the people and processes that were part of the

adventure. This includes racing and the significant role it played. Then the book discusses the decade from 1976 to 1986 when Deere introduced multitudes of new products for Lawn & Ground care and snowmobiles and the Horicon factory made significant contributions to Deere profits. The last section discusses how the snowmobile changed product engineering. Interspersed throughout the book are Fortune 500 rankings for Deere and comments on the financial effects that Horicon had upon Deere.

In August, 1960, thousands of enthusiastic on-lookers gathered to witness the long-awaited introduction of John Deere's new four-cylinder tractors. Presented in archival photographs and ads, as well as contemporary color photography, this volume presents an inside look at how the tractors were designed and conceived, and discusses the managerial strife that made the New Generation (1960-72) tractors possible. Includes coverage of features and options. Standard hardware, as well as rare options, for the 1000, 2000, 3000, 4000, 5000, 6000, 7000 and Worldwide series tractors is covered in detail.
