This dissertation first examines current research on the topic of role modeling. It then addresses role modeling behavior as it relates to theatre for young audiences. To focus the subject matter, J.R.R. Tolkien's story, *The Hobbit*, has been selected for this study. The story's particularly benevolent protagonist, Bilbo Baggins, provides a model of positive behavior in the story *The Hobbit*. After examining the book's protagonist, using Suzan Zeder's character analysis system, this study then applies this system to five theatrical adaptations of Tolkien's story. After a detailed examination

of character traits, this study has determined that these five adaptations for young audiences alter Tolkien's original protagonist. Several of the adaptations portrayed Bilbo Baggins as a violent and selfish protagonist, instead of providing a model of pro-social behavior. The conclusions of this dissertation speculate on the interpretive and technical causes of these character alterations. Following the analysis, this dissertation offers several suggestions which may aid playwrights of children's theatre who use stories for their source material.

J.R.R. Tolkien is arguably the most influential and popular of all fantasy writers. Although his position and status have long been controversial, his popularity has not faded. His best-loved works, *The Hobbit* and *The Lord of the Rings*, have sold millions of copies around the world and continue to enthral readers young and old. This lively collection of original essays examines *The Hobbit* and *The Lord of the Rings* in the light of children's literature theory and approaches, as well as from adult and fantasy literature perspectives. Exploring issues such as gender, language, worldbuilding, and ecocriticism, the volume also places Tolkien's works in the context of a range of visual media, including Peter Jackson's film adaptations.

Bilbo Baggins is a hobbit who enjoys a comfortable and quiet life. His contentment is disturbed one day when the wizard, Gandalf, and the dwarves arrive to take him away on an adventure.
