Life isn't always easy, especially for Elizabeth Reed. Growing up believing that you have fun in the sun is what landed her as an M.D. with her own private practice in California. Supporting her husband through a troubled marriage, waiting for his startup company to flourish, and mix that with unruly teenagers. Times like this are when she missed her family more than ever! Except upon agreeing to marry the man she thought would be of her dreams, Elizabeths' Daddy cast her out and pushed her away. Life was stressful sure but, this was her normal. This life she could handle, until an unfamiliar number, appears on her phone with an all too familiar voice attached at the other end of the line. That's when trouble digs even deeper and her world is rocked upside down. The passing of Elizabeths' Momma brings her back to her old roots. Piece by piece she begins to regain control of her life and her sense of independence in the one place she thought she left in the rearview mirror.

It's Christmastime in Hillside, but there's a lack of holiday spirit for flower shop owner Quincy McKay. She's in charge of the town festival and her shop's open house, but her Santa's a no-show and her flower cooler is on the fritz. To make matters worse, she's learned her ex-husband isn't as ex as she'd thought. Just when she thought things couldn't get any worse, her boyfriend, hot cop Alex Cooper announces his parents are coming to town. Alex Cooper is the perfect man in Quincy's book, but unfortunately his mother thinks so too. And no woman is perfect enough for her perfect son, but especially not the weird flower shop girl who works too much, can't cook and who she catches kissing another man in the department store. And what's this she hears about Quincy being married? Eleanor Cooper must help her son dodge a bullet (and not the kind from his job) during the romantic holiday season to prevent him from being ensnared in a regrettable relationship. Quincy's dignity (of which lately she's in short supply), her reputation, and every business in town are riding upon the success of the city's Christmas celebration. If she can figure out a way to make it work despite failing equipment, helpers dropping out of the picture as fast as snowflakes in a blizzard, a troubling and inappropriate Secret Santa, and the possibility of arrest, she might win the respect of everyone in the town, but more importantly, Alex's parents. If Alex can survive his loving but meddling mother until Christmas, and keep Quincy safe from her crazy ex-husband, with a little help from the MLM (Mormon Ladies Mafia), and K.C. the she-Santa, he'll arrange for the perfect holiday for himself and the woman who has captured his heart.

Pick up a magazine, turn on the TV, and you'll find few women who haven't been fried, dyed, plucked, or tucked. In short, you'll see no body outlaws. The writers in this groundbreaking anthology reveal a world where bodies come in all their many-splendored shapes, sizes, colors, and textures. In doing so, they expand the national dialogue on body image to include race, ethnicity, sexuality, and power?issues that, while often overlooked, are intimately linked to how women feel about their bodies. Body Outlaws offers stories by those who have chosen to ignore, subvert, or redefine the dominant beauty standard in order to feel at home in their bodies. In a culture where plastic surgery has become nearly as routine as a root canal, this expanded and updated edition of fresh and incisive commentary challenges the media's standard notions of beauty with honesty and humor. Included are several new essays outlining the latest trends in the beauty industry such as botox, plastic surgery, and exercise bulimia, as well as a fascinating analysis of how men are affected by these same rigors, a thorough resource section, and a curriculum guide.
