Kitty's radio show is as popular as ever and she has a boyfriend who actually seems to understand her. Can she finally settle down to a normal life? Not if this is just the calm before the storm. When her mother falls ill, Kitty rushes back to Denver--and right back to the abusive pack of werewolves she escaped a year ago. To make matters worse, a war is brewing between the city's two oldest vampires, threatening the whole supernatural community. Though she wants to stay neutral, Kitty is again drawn into a world of politics and violence. To protect her family, her lover, and herself, she'll have to choose sides. And maybe become what she hates--a killer.

REALITY BITES Talk radio host and werewolf Kitty Norville has agreed to appear on TV's first all-supernatural reality show. She's expecting cheesy competitions and manufactured drama starring shapeshifters, vampires, and psychics. But what begins as a publicity stunt will turn into a fight for her life. The cast members, including Kitty, arrive at the remote mountain lodge where the show is set. As soon as filming starts, violence erupts and Kitty suspects that the show is a cover for a nefarious plot. Then the cameras stop rolling, cast members start dying, and Kitty realizes she and her monster housemates are ironically the ultimate prize in a very different game. Stranded with no power, no phones, and no way to know who can be trusted, she must find a way to defeat the evil closing in . . . before it kills them all.

Werewolf Kitty Norville and her mate Ben face-off against werewolf-hating bounty hunters -- on their honeymoon, no less --in this suspenseful follow-up to Kitty and the Silver Bullet. Already the alpha pair of Denver's werewolf pack, Kitty and Ben are planning to tie the knot human-style by eloping to Vegas. Kitty is looking forward to sipping fru-fru drinks by the pool and doing her popular radio show on live TV -- but her hotel is stocked with werewolf-hating bounty hunters. Elsewhere on the Strip, an old-school magician might be wielding the real thing; the vampire community is harboring a dark secret; and the irresistible star of a suspicious animal act is determined to seduce Kitty. Sin City has never been so wild, and this werewolf has never had to fight harder to save not only her wedding, but her very life.

Celebrity werewolf and late-night radio host Kitty Norville prefers to be heard and not seen. So when she's invited to testify at a Senate hearing on behalf of supernaturals, and her face gets plastered on national TV, she inherits a new set of friends, and enemies, including the vampire mistress of the city; an über-hot Brazilian were-jaguar; and a Bible-thumping senator who wants to expose Kitty as a monster. Kitty quickly learns that in this city of dirty politicians and backstabbing pundits, everyone's itching for a fight.

While investigating an intruder in the territory of Denver's werewolf pack, Kitty is taken captive by a mysterious cult that wants to use her to defeat Dux Bellorum, a cause she has difficulty resisting.

FRIGHTENED MONSTERS. STOLEN TIME. AND ONE SERIOUSLY UNDERESTIMATED DAMSEL. Katie ran from the magical world years ago. She never planned on being dragged back in by a prophesying clamshell. The seers believe she alone can prevent an apocalypse of ruined time and broken worlds. Bran the Crow King believes she can save him from his cannibalistic grandfather. Katie believes they're all nuts. One thing is for certain: she's not waiting around for help. Operation Katie Saves her Own Damn Self is officially on.

The final novel in the Kitty Norville series. Kitty is running out of time, after her failed attempt to take down the ancient vampire Roman. The elusive vampire lord has begun his apocalyptic endgame, and Kitty does not know where he will strike next. Meanwhile, pressure mounts as Kitty and her pack realize that not even Denver is safe as they experience the true reach of Roman's cult.

Ex-convict Cormac Bennett and Amelia Parker, the Victorian magician living in his head, investigate an old murder in a Colorado mining town as they struggle to translate a book of magic whose secrets could prove very destructive.

When bad boy movie star Gage Maddox thinks his starlet girlfriend has cheated on him this alpha male wants pretty much everyone's head on a platter. He heads home to his family's estate to regroup and put his plans in action. But what happens when information comes to light that may prove her innocence? What would the hotshot leading man do to get even with the people who tried to destroy the one thing that means everything to him?
