"[A] scathing assessment . . . Berry shows that Wilson’s much–celebrated, controversial pleas in Consilience to unify all branches of knowledge is nothing more than a fatuous subordination of religion, art, and everything else that is good to science . . . Berry is one of the most perceptive critics of American society writing today." —The Washington Post "I am tempted to say he understands [Consilience] better than Wilson himself . . . A new emancipation proclamation in which he speaks again and again about how to defy the tyranny of scientific materialism."—The Christian Science Monitor
In Life Is a Miracle, the devotion of science to the quantitative and reductionist world is measured against the mysterious, qualitative suggestions of religion and art. Berry sees life as the collision of these separate forces, but without all three in the mix we are left at sea in the world.

A read-together book for parents of children ages 5-8 to help them understand the miracle of life.

A Miracle of Life is a testimony about a mother’s unconditional love for her child; when giving birth, she would not take the opinion of one doctor telling her, "We have done all we can do. You can take your baby home with meds to keep her comfortable until she passes." She requested the opinion of another doctor who specialized in her daughter’s condition: congenital heart defect. The hospital would become a home away from home for mother and child because Ty was born with not one but all four defects. Her first surgery would take place with her being three days old, and that was just the start of many more to come. Every doctor appointed after that surgery appeared to reveal a new condition. Ty was going to need feeding tubes for the rest of her life; she couldn’t hear, talk, see, or walk on her own. Mom thought at one point, she would lose her mind and she turns to drinking to relieve from her trials. That was only a temporary fix, the problems were still there the next day. She didn’t think she could take any more bad news, but with much prayer, family support, and support from her church family, her daughter beat all odds that were stacked up against her, thus being Mom’s miracle.
