sustained performance improvement. Berman highlights what these widely diverse retailers have in common in terms of both operational cost structures and differentiation. He reveals how they've developed low-cost strategies without cutting crucial "muscle," better rationalized product selection, optimized human relations and the service experience, and taken full advantage of private labeling. He presents his recommendations in an easy-to-read decision-making format, supported by current data and detailed implementation guidance. Whatever your role in retail, *Competing in Tough Times* will help you implement the best practices that really matter---and get the results you really need.
