Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

The stories we read as children are the ones that stay with us the longest, and from the nineteenth century until the 1950s stories about schools held a particular fascination. Many will remember the goings-on at such earnest establishments as Tom Brown's Rugby, St Dominic's, Greyfriars, the Chalet School, Malory Towers and Linbury Court. In the second part of the twentieth century, with more liberal social attitudes and the advent of secondary education for all, these moral tales lost their appeal and the school story very nearly died out. More recently, however, a new generation of compromised schoolboy and schoolgirl heroes - Pennington, Tyke Tiler, Harry Potter and Millie Roads - have given it a new and challenging relevance. Focusing mainly on novels written for young people, From Morality to Mayhem charts the fall and rise of the school story, from the grim accounts of Victorian times to the magic and mayhem of our own age. In doing so it considers how fictional schools not only reflect but sometimes influence real life. This captivating study will appeal to those interested in children's literature and education, both students and the general reader, taking us on a not altogether comfortable trip down memory lane.

The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights?
