The stirring true story of a woman who chose fearlessness in the face of a fatal family legacy and discovered the pleasure of living each moment to its fullest At thirty-two, Amy Boesky thought she had it all figured out: a wonderful new man in her life, a great job, and the (nearly) perfect home. For once, she was almost able to shake the terrible fear that had gripped her for as long as she could remember. Women in her family had always died young-from cancer-and she and her sisters had grown up in time's shadow. It colored every choice they made and was beginning to come to a head now that each of them approached thirty-five-the deadline their doctors prescribed for having preventive surgery with the hope they could thwart their family's medical curse. But Amy didn't want to dwell on that now. She wanted to plan for a new baby, live her life. And with the appreciation for life's smallest pleasures, she did just that. In What We Have, Amy shares a deeply transformative year in her family's life and invites readers to join in their joy, laughter, and grief. In a true story as compelling as the best in women's fiction, written with the sagacity of Joan Didion and the elegance of Amy Bloom, Amy Boesky's journey celebrates the promise of a full life, even in the face of uncertainty.

Acclaimed novelist and nationally recognized family expert Lynne Griffin returns with Sea Escape—an emotional, beautifully imagined story inspired by the author’s family letters about the ties that bind mothers and daughters. Laura Martinez is wedged in the middle place, grappling with her busy life as a nurse, wife, and devoted mom to her two young children when her estranged mother, Helen, suffers a devastating stroke. In a desperate attempt to lure her mother into choosing life, Laura goes to Sea Escape, the pristine beach home that Helen took refuge in after the death of her beloved husband, Joseph. There, Laura hunts for the legendary love letters her father wrote to her mother when he served as a reporter for the Associated Press during wartime Vietnam. Believing the beauty and sway of her father’s words will have the power to heal, Laura reads the letters bedside to her mother, a woman who once spoke the language of fabric-of Peony Sky in Jade and Paradise Garden Sage-but who can’t or won’t speak to her now. As Laura delves deeper into her tangled family history, she becomes increasingly determined to save her mother. As each letter reveals a patchwork detail of her parents’ marriage, she discovers a common thread: a secret that mother and daughter unknowingly share. Weaving back and forth from Laura’s story to her mother’s, beginning in the idyllic 1950s with Helen’s love affair with Joseph through the tumultuous Vietnam War period on to the present, Sea Escape takes a gratifying look at what women face in their everyday lives—the balancing act of raising capable and happy children and being accomplished and steadfast wives while still being gracious and good daughters. It is a story that opens the door to family secrets so gripping, you won’t be able to put this book down until each is revealed.

In a town called Daedalus Falls, it's easy for the weight of wings to overwhelm. But in the summer of 1992, three generations of women in the Stanton family realize untapped strengths that give them the power to soar. As her aging mother falls prey to the ravages of dementia, Bonnie races to make sense of both her past and present, discovering that the truth of long-buried family secrets has the power to destroy-or to heal. Her niece Meg, meanwhile, is planning a wedding to the perfect man-and then watching fear and uncertainty pull them apart. Finally, teenage Jane, turning away from the burden of family history, comes of age in a way she never thought possible as she learns to care for an autistic boy. Ultimately, all three women discover grace and truth within themselves and their common bonds in this story of love and hope. Summer Melody is a testament to how, in the face of tremendous challenges, family can bring us strength to survive, endure, and maybe even flourish.

"A funny, poignant: and wise novel about a very rich underdog who shows everyone just how little his IQ says about his intelligence." "Perry's IQ is only 76, but he's not stupid. His grandmother taught him everything he needs to know to survive. She taught him to write things down so he won't forget them. She taught him to play the lottery every week. And most important, she taught him whom to trust. When Gram dies, Perry is left orphaned and bereft at the age of thirty-one. Then he wins twelve million dollars with his weekly Washington State Lottery ticket, and he finds he has more family than he knows what to do with. Peopled with characters both wicked and heroic who leap off the pages, Lottery is a deeply satisfying, gorgeously rendered novel about trust, loyalty, and what distinguishes us as capable."--BOOK JACKET.
