Magicians of the Gods (2015) – Graham Hancock
Official Website

Magicians of the Gods is an eye opener and an amazing read. I found Graham Hancock while perusing YouTube one day, listened to him for about 30 minutes and just had to buy his books. Keep an open mind if you decide to read this book, and I do recommend it-- more so if you are fascinated by the ancient world.

Magicians of the Gods: Sequel to the International ...

Magicians is about, what Hancock calls, the lost global civilization that was wiped out by a flood in the Younger Dryas due to a comet impact in the ice caps in North America 10,800 BCE (c). A few years after this book was released an impact crater was found in Greenland and Ice core samples also prove the advent of mass flooding in a very quick period of time so it is not as much as stretch as it once was.

Edition ... **Civilisation The Sequel To Fingerprints Of**

Brilliantly written and researched Magicians of the Gods, puts forward a very compelling case for the existence in remote antiquity of a highly advanced antediluvian civilisation. A civilisation that left behind tantalising evidence of its existence and a message for us - their descendants.

Magicians of the Gods: The Forgotten Wisdom of Earth's ...

The focus of Magicians of the Gods is Hancock's belief that the end of the Younger Dryas period was caused by a celestial impact. This asteroid strike, or multiple strikes as he believes that it split in the atmosphere, was primarily focused upon the ice shelf at the Canadian/US border and created the scablands that we see there today.

BOOK REVIEW: Magicians of the Gods -
Washington Times

Old Gods. "The Old Gods, the creators of the universe, of all magic itself. To Ember, we're like toys, but to them we're- we're cells. When we're harmless they ignore us, but when we become malignant, they amputate." - Alice Quinn [src] The Old Gods are beings of thought and energy who created magic and the universe.

Old Gods | The Magicians Wiki | Fandom
Deities, more commonly referred to as gods,

Get Free Magicians Of The Gods The Forgotten Wisdom Of Earths Lost

are beings of immense magical power who operate on a level far above most magicians and magical creatures. The Old Gods are the primordial entities that are responsible for the creation of the universe, magic, life and reality itself, as well as the 'parents' of the modern deities of mythology. Alice stated that to the modern gods of myth, humans are like toys, but to the Old Gods, they're like cells in a body.

Civilization was destroyed in the global cataclysms between 12,800 and 11,600 years ago. Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometres of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the world in their great ships doing all in their power to keep the spark of civilization burning. They settled at key locations - Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific where a huge pyramid has recently been discovered in

Could the story of mankind be far older than
we have previously believed? Using tools as
varied as archaeo-astronomy, geology, and
computer analysis of ancient myths, Graham
Hancock presents a compelling case to suggest
that it is. "A fancy piece of historical
sleuthing . . . intriguing and entertaining
and sturdy enough to give a long pause for
thought."—Kirkus Reviews In *Fingerprints of
the Gods*, Hancock embarks on a worldwide
quest to put together all the pieces of the
vast and fascinating jigsaw of mankind's
hidden past. In ancient monuments as far
apart as Egypt's Great Sphinx, the strange
Andean ruins of Tihuanaco, and Mexico's awe-
inspiring Temples of the Sun and Moon, he
reveals not only the clear fingerprints of an
as-yet-unidentified civilization of remote
antiquity, but also startling evidence of its
vast sophistication, technological
advancement, and evolved scientific
knowledge. A record-breaking number one
bestseller in Britain, *Fingerprints of the
Gods* contains the makings of an intellectual

Get Free Magicians Of The Gods The Forgotten Wisdom Of Earths Lost

revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And Fingerprints of God tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. “Readers will hugely enjoy their quest in these pages of inspired storytelling.”—The Times (UK)

With over 5 million copies sold worldwide of Fingerprints of the Gods, its New York Times bestselling sequel Magicians of the Gods brings new evidence supporting Hancock's thesis that a global cataclysm wiped out a great global civilization. On the heels of the very successful hardcover edition, Hancock returns with this paperback version including three new chapters brimming with recent reporting of fresh scientific advances (ranging from DNA to astrophysics) that substantially support his case. Twenty years ago, Graham Hancock published Fingerprints of the Gods an astonishing, deeply controversial investigation of the mysteries of and the evidence for Earth's lost prehistoric civilization. Twenty years after this massive bestseller debuted, Hancock returns with its sequel, filled with completely new scientific

Get Free Magicians Of The Gods The Forgotten Wisdom Of Earths Lost

Civilization: The Sequel To Fingerprints Of
The Gods

and archaeological evidence. Since 2007, a host of new proof has come to light supporting his theories through new archaeological discoveries. He travels to a wholly different set of ancient sites, including Gobekli Tepe, and brings entirely up to date and exciting material to the table for fans eagerly awaiting more evidence in favor of the prehistoric civilization. And, even more intriguing, he proposes an answer to the one question he could not answer in Fingerprints what caused this civilization to disappear. Magicians is poised perfectly for what his fans want to hear as well as for ushering in a new generation of readers.

Return to Fillory in the riveting sequel to the New York Times bestseller and literary phenomenon, *The Magicians*, now an original series on SYFY, from the author of the #1 bestselling *The Magician's Land*. Quentin Coldwater should be happy. He escaped a miserable Brooklyn childhood, matriculated at a secret college for magic, and graduated to discover that Fillory—a fictional utopia—was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns, and he longs for the thrills a heroic quest can bring. Accompanied by his oldest friend, Julia, Quentin sets off—only to somehow wind up back in the real world and not in Fillory, as they'd hoped. As the pair struggle to find their way back to their lost kingdom, Quentin is forced to rely

Get Free Magicians Of The Gods The Forgotten Wisdom Of Earths Lost

On Julia's illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth.

"The ancient Egyptians were firmly convinced of the importance of magic, which was both a source of supernatural wisdom and a means of affecting one's own fate. The gods themselves used it for creating the world, granting mankind magical powers as an aid to the struggle for existence. Magic formed a link between human beings, gods, and the dead. Magicians were the indispensable guardians of the god-given cosmic order, learned scholars who were always searching for the Magic Book of Thoth, which could explain the wonders of nature. Egyptian Magic, illustrated with wonderful and mysterious objects from European museum collections, describes how Egyptian sorcerers used their craft to protect the weakest members of society, to support the gods in their fight against evil, and to imbue the dead with immortality, and explores the arcane systems and traditions of the occult that governed this well-organized universe of ancient Egypt."--Publisher's website.

Powerful new evidence has emerged that supports Hancock's disturbing thesis of a massive global cataclysm in the window between 13,000 and 12,000 years ago, around the last Ice Age, that wiped out and

Get Free Magicians Of The Gods The Forgotten Wisdom Of Earths Lost

destroyed almost all traces (except the 'fingerprints') of a great global civilisation of prehistoric antiquity.

Hancock analyses the evidence emerging from popular science for events such as north America being struck by several pieces of a giant fragmenting comet, and the discovery in Turkey of an extraordinary 12,000 year-old megalithic site called Gobekli Tepe, on the scale of Stonehenge, but 7,000 years older than any of the great stone circles.

Mysteries of this calibre drive the quest of Magicians of the Gods, each leading us to a labyrinth of further possibilities. Graham Hancock takes his original intuition of two phases of construction much further, exploring and investigating many mysterious ancient sites high in the Andes. His research also takes him to the Amazon, a rain forest that has been managed and cultured by human beings for millenia. From the Amazon, Graham follows the trail east, along the Atlantic ocean to the west coast of Africa, through the Sahara and on to Egypt. Magicians of the Gods satisfies the intellect and inspires the imagination. It transports readers for years to come with realms of mystery, enchantment and extraordinary possibilities.

“A remarkable writer.” -Neil Gaiman,
bestselling author of American Gods An Alex
Award Winner There is a dark secret that is
hiding at the heart of New York City and
diminishing the city's magicians' power in

this fantasy thriller by acclaimed author Kat Howard. In New York City, magic controls everything. But the power of magic is fading. No one knows what is happening, except for Sydney—a new, rare magician with incredible power that has been unmatched in decades, and she may be the only person who is able to stop the darkness that is weakening the magic. But Sydney doesn't want to help the system, she wants to destroy it. Sydney comes from the House of Shadows, which controls the magic with the help of sacrifices from magicians.

The New York Times bestselling novel about a young man practicing magic in the real world, now an original series on SYFY “The Magicians is to Harry Potter as a shot of Irish whiskey is to a glass of weak tea. . . . Hogwarts was never like this.” —George R.R. Martin “Sad, hilarious, beautiful, and essential to anyone who cares about modern fantasy.” —Joe Hill “A very knowing and wonderful take on the wizard school genre.” —John Green “The Magicians may just be the most subversive, gripping and enchanting fantasy novel I’ve read this century.” —Cory Doctorow “This gripping novel draws on the conventions of contemporary and classic fantasy novels in order to upend them . . . an unexpectedly moving coming-of-age story.” —The New Yorker “The best urban fantasy in years.” —A.V. Club Quentin Coldwater is brilliant but miserable. A high school math genius, he’s secretly fascinated

Get Free Magicians Of The Gods The Forgotten Wisdom Of Earths Lost

Civilization: The Sacred To Fingprints Of
The Gods

with a series of children's fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted to an elite, secret college of magic, it looks like his wildest dreams have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined. . . . The prequel to the New York Times bestselling book *The Magician King* and the #1 bestseller *The Magician's Land*, *The Magicians* is one of the most daring and inventive works of literary fantasy in years. No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination.
