First and foremost, be sure to keep your business and personal finances separate—on paper and in practice. It's perhaps the most effective way to ensure that your personal assets remain clearly delineated from the business assets. Your financial advisor can help you put in place best practices for managing both business and personal finances.

Managing Your Personal Finance teaches you how to manage your money and savings. Keeping technical jargon to a minimum, the authors have articulated a wide range of topics on complex financial issues into simple and easy-to-understand ways for those keen on making their savings work for them from the beginning of their career to retirement. Follow young David's journey through a series of letters from his father as he learns how to manage his financial resources. You'll learn how to set financial goals, use financial tools, and how to plan for your future. The authors have made complex and difficult financial ideas easy to grasp and apply for the layman. There are many useful lessons to be learnt that might just answer some of your financial questions and will spark your interest on how to begin handling your personal finance wisely.
