'Tuning for Speed' is considered by many knowledgeable motorcycle enthusiasts to be one of the best books ever written on how to improve, modify and fine tune a motorcycle engine and it is often referred to as one of the 'top 10' classic motorcycle books. The Floyd Clymer association with

However, by 1967, the Clymer publication had been preceded by 8 printings of the UK edition

However, in 1963, the 4th UK edition was revised and expanded to 294 pages (with a second identical re-print in 1965).

Therefore, this 2nd American edition of
