Di buku ke satu ini juga penulis banyak menceritakan bagaimana hubungan antara Hyeon Min dan Yeong Hyeon beserta kerumitannya yang sampai melibatkan Ha Won diantara keduanya, juga hubungan yang perlahan tercipta di antara Seo Woo dan Ji Woon. Membaca novel ini bikin saya nggak bisa berhenti untuk gak melanjutkan ke buku ke dua-nya.

From "one of South Korea's best and most worldly writers" (NPR): An electric collection that captivates and provokes in equal measure, exploring what it means to be on the edge--between life and death, good and evil

Set against the magnificent backdrop of Alaska in the waning days of World War II, *The Cloud Atlas* is an

enthraling debut novel, a story of adventure and awakening—and of a young soldier who came to Alaska on an extraordinary, top-secret mission...and found a world that would haunt him forever. Drifting through the night, whisper-quiet, they were the most sublime manifestations of a desperate enemy: Japanese balloon bombs. Made of rice paper, at once ingenious and deadly, they sailed thousands of miles across the Pacific...and once they started landing, the U.S. scrambled teams to find and defuse them, and then keep them secret from an already anxious public. Eighteen-year-old Louis Belk was one of those men. Dispatched to the Alaskan frontier, young Sergeant Belk was better trained in bomb disposal

than in keeping secrets. And the mysteries surrounding his mission only increased when he met his superior officer—a brutal veteran OSS spy hunter who knew all too well what the balloons could do—and Lily, a Yup'ik Eskimo woman who claimed she could see the future. Louis's superior ushers him into a world of dark secrets; Lily introduces Louis to an equally disorienting world of spirits—and desire. But the world that finally tests them all is Alaska, whose vastness cloaks mysteries that only become more frightening as they unravel. Chasing after the ghostly floating weapons, Louis embarks upon an adventure that will lead him deep into the tundra. There, on the edge of the endless wilderness, he will make a

discovery and a choice that will change the course of his life. At once a heart-quickenning mystery and a unique love story, *The Cloud Atlas* is also a haunting, lyrical rendering of a little-known chapter in history. Brilliantly imagined, beautifully told, this is storytelling at its very best.

A breathtaking new vision of a legendary tale. Snow White is the only person in the land fairer than the evil queen who is out to destroy her. But what the wicked ruler never imagined is that the young woman threatening her reign has been training in the art of war with a huntsman who was dispatched to kill her.
