About the Expert Bruce Stimson started his factoring career in 2001, when he founded QLFS, which eventually became the Invoice Trucking Group. Mr. Stimson led the firm through its initial growth and established it as a leading provider to startups and small companies in the New England region. After QLFS, Mr. Stimson launched Trucking Capital LLC to provide services in the USA, Canada and Australia. Under his leadership, Trucking Capital LLC has expanded to offer a number of business finance products and can help companies in most industries. Trucking Capital LLC is one of the few companies that offers micro-factoring (also called small-ticket factoring), which helps early-stage companies with limited revenues. Small business factoring has been ignored by larger factoring firms and banks, establishing Mr. Terry as a pioneer in this market. Before starting his career in finance, Mr. Stimson held several management positions in operations and marketing in the telecommunications industry for eight years. He earned a Master's Degree in Finance with a concentration in banking. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

A photography book celebrating the nomadic lifestyle and community of vanlife through interviews, essential advice for living on the road, and more than 200 photos of tiny rolling homes. Inspired by the blog and Instagram account, Vanlife Diaries is an inspiring and detailed look into the world of the rolling homes built and occupied by a new generation of modern nomads: a range of professionals and creatives who have ditched conventional houses for the freedom of the road and the beauty of the outdoors. More than 200 photographs feature the vanlifers, their pets, and their converted vans and buses--VWs,

Sprinters, Toyotas, and more--with the interiors uniquely customized and decorated for their work and hobbies, as well as the stunning natural locations that are the movement's inspiration. Interviews and narrative captions share the stories of these nomads and how they decided to pursue vanlife, and provide practical tips and inspiration for downsizing, finding and converting your vehicle, and working and living on the road.

Being a gearhead matters. Much as we love reading about the latest hypercar or money-no-object custom project, we believe vehicles owned - and loved - by gearheads like us are just as meaningful, if not moreso. Our readers are self-made. We buy vehicles for specific reasons and we learn how to maintain, modify, and repair them ourselves. (With a little help from our friends, of course!) Everyone you meet in an issue of Gearbox Magazine is cool. If you spotted them in a parking lot, you could walk right up to them and strike up a conversation. And chances are you might end up lifelong friends. We're not looking to get rich and forget our roots. We're trying to make a few bucks so we can spend more time helping gearheads build high performance machines & lives. This issue isn't perfect, but neither are our daily drivers. We hope you'll grab a copy and tell a couple friends about us. Thanks for checking us out. GBXM-united. Better living through busted knuckles.
