A sweeping biography of one of the greatest and most provocative athletes of all time— “ a life that needs to be understood whether you care a whit about boxing or not ” (The Boston Globe). Athlete, activist, rebel, poet, legend—Muhammad Ali stood larger than life in the imagination of hundreds of millions of people around the world. A gold medalist at the 1960 Olympics, he won the heavyweight championship at age twenty-two by conquering Sonny Liston in dramatic fashion. In the weeks after the upset victory, he confirmed his membership in the Nation of Islam and told reporters he would no longer answer to his “ slave name ” : Cassius Clay. The political establishment stripped him of his heavyweight title when he refused induction into the United States Army during the height of the war in Vietnam. Ultimately, Ali returned to reclaim his crown, prevailing in epic fights against the likes of Joe Frazier and George Foreman. His talent and charisma—and above all, his adherence to principle—made him a cultural icon and one of the most beloved sporting figures of all time. But that is only half the tale. Muhammad Ali: His Life and Times is also the story of Ali, the man. Author Thomas Hauser got closer to Ali than any previous biographer. His work—told in Ali ’ s own words and those of hundreds of family members, friends, rivals, and others who interacted with “ The Greatest ” over the decades—reveals a deeply spiritual, complex man, whose public and private battles, including his struggle against the devastating effects of Parkinson ’ s disease, gave new meaning to the word courage and changed forever our conception of what makes a champion. Heralded by the New York Times as “ the first definitive biography of the boxer who transcended sports as

no other athlete ever has, ” Muhammad Ali: His Life and Times is a must-read for anyone seeking to understand the legacy of one of the twentieth century ’ s most charismatic and controversial superstars. This ebook includes rare photos authorized by Muhammad Ali Enterprises.

Presents the life of the American boxer, chronicling his rise as a young amateur fighter and Olympic medalist, his refusal to serve in the army during the Vietnam conflict, his championship bouts, and his battle against Parkinson's disease.

"Based on more than 500 interviews, including Muhammad Ali's closest associates, and enhanced by access to thousands of pages of newly released FBI records, this is a ... story of a man who became one of the great figures of the twentieth century [boxing world]"--

Everybody knows the record the stuff of almanacs, trade magazines and clipping services. A handful know the man. But only Muhammad Ali knows his life as he lived it. The Greatest is Ali's own story. For six years he worked, traveled and talked with Richard Durham, a writer with a stunning talent, and the result is mesmerizing in its brilliance, drama, humanity and sheer entertainment. This is no documented scrapbook of wins and losses strung together with anecdotes; nor is it a thin potpourri of locker room gags. This book, like Ali who has incited every reaction except indifference goes straight to the place where responses to him have always been the gut. When the history of the twentieth century is finally recorded, it must include Muhammad Ali. He is "The Greatest."

his late brother, which tells the real Ali story. ” —Mike Tyson More words have been written about Muhammad Ali than almost anyone else. He was, without doubt, the world ’ s most-loved sportsman. At the height of his celebrity he was the most famous person in the world. And yet, until now, the one voice missing belonged to the man who knew him best—his only sibling, and best friend, Rahaman Ali. No one was closer to Ali than Rahaman. Born Cassius and Rudolph Arnett Clay, the two brothers grew up together, lived together, trained together, travelled together, and fought together in the street and in the ring. A near-constant fixture in his sibling ’ s company, Rahaman saw Ali at both his best and his worst: the relentless prankster and the jealous older brother, the outspoken advocate, the husband and father. In *My Brother, Muhammad Ali*, Rahaman offers an insider's perspective on the well-known stories as well as never-before-told tales, painting a rich and intimate portrait of a proud, relentlessly polarizing, yet often vulnerable man. In this extraordinary, poignant memoir, Rahaman tells a much bigger and more personal story than in any other book on Muhammad Ali—that of two brothers, almost inseparable from birth to death. It is the final and most important perspective on an iconic figure.

But before he became one of the most recognizable faces in the world, before the nicknames and the championships, before he converted to Islam and changed his name to Muhammad Ali, he was twelve-year-old Cassius Clay riding a brand-new red-and-white bicycle through the streets of Louisville, Kentucky. One fateful day, this proud and bold young boy had that bike stolen, his prized possession, and he wouldn't let it go. Not without a fight. This would be the day he discovered boxing. And a champion was born. Back matter includes biographical overview, photos, bibliography, and more resources.

Prize-winning novelist, Toni Morrison. Growing up in the South, surrounded by racial bigotry and discrimination, Ali fought not just for a living, but also for respect and rewards far more precious than money or glory. He was named Sportsman of the Century by Sports Illustrated and the BBC. Ali redefined what it meant to be an athlete by giving hope to millions around the world and inspiring us all to fight for what is important to us. This is a multifaceted portrait of Muhammad Ali only he could render: sports legend; unapologetic anti-war advocate; outrageous showman and gracious goodwill ambassador; fighter, lover, poet, and provocateur; an irresistible force to be reckoned with. Who better to tell the tale than the man who went the distance living it?

ABOUT THE BOOK As indicated by the blizzard of 70th birthday tributes published at the start of 2012, Muhammad Ali has the kind of international recognition matched by few public figures living or dead. Ali is arguably the most reviled and beloved spokesman in the history of U.S. civil rights. He danced, boasted, and rhymed his way into our lives with messages about freedom of worship and equality for African Americans. He infuriated the staid patriarchy with his rebellious attitude and rejection of Christianity. Barely literate in conventional reading and writing, Ali was pure genius in the social media of his time, television. He loved being on camera, and the camera adored him right back. He energized a dying sport and, for better or worse, provided the model for sports showmanship and personality marketing that pervades today's spectator events. Even more remarkably, Ali the athlete lived up to his own hype. He reached the pinnacle of his athletic potential and stayed there while surrounded by distractions of every size, shape, and volume. The same sportswriters who hated his politics

and religion, grudgingly had to acknowledge that no 200-pound fighter before or since delivered such a lethal combination of speed and grace. He won a record-setting three heavyweight titles in a professional career that spanned 21 years. Ali was a brilliant strategist, inside and outside of the ropes. He understood how psychology could wear an opponent down as effectively as any body blow. His clowning for public consumption was unabashedly exuberant. When the time came to be serious, however, no competitor was more focused or determined. A tempestuous man living through unsettling times, Ali showed a facility for affecting people at their deepest emotional levels. To this day very few people react to him with lukewarm feelings—you either hate him or love him. He has been successful in virtually every aspect of his life, except perhaps his current battle with Parkinson ' s. More importantly, were you to ask, it would be hard to imagine him conceding defeat.

REACTIONS FROM WELL-KNOWN FRIENDS [Cassius Clay] fits in with the famous singers no one can hear and the punks riding motorcycles and Batman and the boys with their long dirty hair and the girls with the unwashed look and the college kids dancing naked at secret proms and the revolt of students who get a check from Dad, and the painters who copy the labels off soup cans and surf bums who refuse to work and the whole pampered cult of the bored young. (Jimmy Cannon) [Clay] will mean more to his people than any athlete before him. He is more than [first black major-league baseball player] Jackie Robinson was, because Robinson is the white man's hero. But Cassius is the black man's hero. Do you know why? Because the white press wanted him to lose [his heavyweight championship bout] ... because he is a Muslim. You notice nobody cares about the religion of other athletes. But their prejudice against Clay blinded them to his ability. (Malcolm X) ...buy
