Narrative of the Life of Frederick Douglass is an 1845 memoir and treatise on abolition written by famous orator and former slave Frederick Douglass during his time in Lynn, Massachusetts[1]. It is generally held to be the most famous of a number of narratives written by former slaves during the same period. In factual detail, the text describes the events of his life and is considered to be one of the most influential pieces of literature to fuel the abolitionist movement of the early 19th century in the United States.

****Winner of the Pulitzer Prize in History**** “Extraordinary...a great American biography” (The New Yorker) of the most important African-American of the nineteenth century: Frederick Douglass, the escaped slave who became the greatest orator of his day and one of the leading abolitionists and writers of the era. As a young man Frederick Douglass (1818–1895) escaped from slavery in Baltimore, Maryland. He was fortunate to have been taught to read by his slave owner mistress, and he would go on to become one of the major literary figures of his time. His very existence gave the lie to slave owners: with dignity and great intelligence he bore witness to the brutality of slavery. Initially mentored by William Lloyd Garrison, Douglass spoke widely, using his own story to condemn slavery. By the Civil War, Douglass had become the most famed and widely travelled orator in the nation. In his unique and eloquent voice, written and spoken, Douglass was a fierce critic of the United States as well as a radical patriot. After the war he sometimes argued politically with younger African Americans, but he never forsook either the Republican party or the cause of black civil and political rights. In this “cinematic and deeply engaging” (The New York Times Book Review) biography, David Blight has drawn on new information held in a private collection that few other historian have consulted, as well as recently discovered issues of Douglass’s newspapers. “Absorbing and even moving...a brilliant book that speaks to our own time as well as Douglass’s” (The Wall Street Journal), Blight’s biography tells the fascinating story of Douglass’s two marriages and his complex extended family. “David Blight has written the definitive biography of Frederick Douglass...a powerful portrait of one of the most important American voices of the nineteenth century” (The Boston Globe). In addition to the Pulitzer Prize, Frederick Douglass won the Bancroft, Parkman, Los Angeles Times (biography), Lincoln, Plutarch, and Christopher awards and was named one of the Best Books of 2018 by The New York Times Book Review, The Wall Street Journal, The Boston Globe, The Chicago Tribune, The San Francisco Chronicle, and Time.

The abolitionist author presents profound insight on the meaning of race and freedom in America in this memoir of slavery, escape, and reinvention. One of the most important figures in the American civil rights movement, Frederick Douglass was a major influence on social and political thought in the nineteenth century. His autobiographical writings were a powerful vehicle for his philosophy of human equality. Written ten years after his legal emancipation in 1846, My Bondage and My Freedom recounts Douglass’s journey–intellectual, spiritual, and geographical–from life as a slave under various masters, and his many plots and attempts at escape, to his liberation, time as a fugitive, and new life as a prominent abolitionist. Expanding on his earlier work Narrative of the Life of Frederick Douglass, this later memoir illuminates Douglass’s maturation as a writer and thinker.

****Winner of the 2019 Pulitzer Prize in History**** *Winner of the Bancroft, Parkman, Los Angeles Times (biography), Lincoln, Plutarch, and Christopher Awards* Named one of the Best Books of 2018 by The New York Times Book Review, The Wall Street Journal, The Boston Globe, The Chicago Tribune, The San Francisco Chronicle, and Time “Extraordinary...a great American biography” (The New Yorker) of the most important African-American of the nineteenth century: Frederick Douglass, the escaped slave who became the greatest orator of his day and one of the leading abolitionists and writers of the era. As a young man Frederick Douglass (1818–1895) escaped from slavery in Baltimore, Maryland. He was fortunate to have been taught to read by his slave owner mistress, and he would go on to become one of the major literary figures of his time. His very existence gave the lie to slave owners: with dignity and great intelligence he bore witness to the brutality of slavery. A graphic novel biography of the escaped slave, abolitionist, public speaker, and most photographed man of the nineteenth century, based on his autobiographical writings and speeches, spotlighting the key events and people that shaped the life of this great American. Recently returned to the cultural spotlight, Frederick Douglass's impact on American history is felt even in today's current events. Comic book writer and filmmaker David F. Walker joins with the art team of Damon Smyth and Marissa Louise to bring the long, exciting, and influential life of Douglass to life in comic book form. Taking you from Douglass's life as a young slave through his forbidden education to his escape and growing prominence as a speaker, abolitionist, and influential cultural figure during the Civil War and beyond, The Life of Frederick Douglass presents a complete illustrated portrait of the man who stood up and spoke out for freedom and equality. Along the way, special features provide additional background on the history of slavery in the United States, the development of photography (which would play a key role in the spread of Douglass's image and influence), and the Civil War. Told from Douglass's point of view and based on his own writings, The Life of Frederick Douglass provides an up-close-and-personal look at a history-making American who was larger than life.

What to the Slave Is the Fourth of July? (1852) is a novella by Frederick Douglass. Having escaped from slavery in the South at a young age, Frederick Douglass became a prominent orator and autobiographer who spearheaded the American abolitionist movement in the mid-nineteenth century. In this famous speech, published widely in pamphlet form after it was given to a meeting of the Rochester Ladies’ Anti-Slavery Society on July 5th, 1852, Douglass exposes the hypocrisy of America’s claim to Christian and democratic ideals in spite of its legacy of enslavement. Personal and political, Douglass’ speech helped inspire the burgeoning abolitionist movement, which fought tirelessly for emancipation in the decades leading up to the American Civil War. “What have I, or those I represent, to do with your national independence? Are the great principles of political freedom and of natural justice, embodied in that Declaration of Independence, extended to us?...What, to the American slave, is your 4th of July? I answer; a day that reveals to him, more than all other days in the year, the gross injustice and cruelty to which he is the constant victim.” Drawing upon his own experiences as an escaped slave, Douglass offers a critique of American independence from the perspective of those who had never been free within its borders. Hopeful and courageous, Douglass’ voice remains an essential part of our history, reminding us time and again who we are, who we have been, and what we can be as a nation. While much of his radical message has been smoothed over through the passage of time, its revolutionary truth continues to resonate today. With a beautifully designed cover and professionally typeset manuscript, this edition of Frederick Douglass’ What to the Slave Is the Fourth of July? is a classic of African American literature reimagined for modern readers.

Frederick Douglass spent four months in Ireland at the end of 1845 that proved to be, in his own words, ‘transformative’. He reported that for the first time in his life he felt like a man, and not a chattel. Whilst in residence, he became a spokesperson for the abolition movement, but by the time he left the country in early January 1846, he believed that the cause of the slave was the cause of the oppressed everywhere. This book adds new insight into Frederick Douglass and his time in Ireland. Contemporary newspaper accounts of the lectures that Douglass gave during his tour of Ireland (in Dublin, Wexford, Waterford, Cork, Limerick, and Belfast) have been located and transcribed. The speeches are annotated and accompanied by letters written by Douglass during his stay. In this way, for the first time, we hear Douglass in his own words.

"West India Emancipation" by Frederick Douglass. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

A landmark and collectible volume—beautifully produced in duotone—that canonizes Frederick Douglass through historic photography. Commemorating the bicentennial of Frederick Douglass’s birthday and featuring images discovered since its original publication in 2015, this “tour de force” (Library Journal, starred review) reintroduced Frederick Douglass to a twenty-first-century audience. From these pages—which include over 160 photographs of Douglass, as well as his previously unpublished writings and speeches on visual aesthetics—we learn that neither Custer nor Twain, nor even Abraham Lincoln, was the most photographed American of the nineteenth century. Indeed, it was Frederick Douglass, the ex-slave-turned-abolitionist, eloquent orator, and seminal writer, who is canonized here as a leading pioneer in photography and a prescient theorist who believed in the explosive social power of what was then just an emerging art form. Featuring: Contributions from Henry Louis Gates, Jr., and Kenneth B. Morris, Jr. (a direct Douglass descendent) 160 separate photographs of Douglass—many of which have never been publicly seen and were long lost to history A collection of contemporaneous artwork that shows how powerful Douglass’s photographic legacy remains today, over a century after his death All Douglass’s previously unpublished writings and speeches on visual aesthetics

The Columbian Orator, an instruction book on public speaking and a collection of political dialogues, essays, and speeches, was first published in 1797. It was used as a textbook in many classrooms in the United States and became the influence for abolitionist Frederick Douglass. Its popularity continued into the 20th century for its demonstration of the power of speech and its importance to the human rights movement. CALEB BINGHAM (1757-1817) was a textbook author, publisher, and bookseller in Boston, Massachusetts. Born in Salisbury, Connecticut, he was educated and taught at Dartmouth College. His most famous works were on public speaking, including the well-known The Columbian Orator. Other textbooks Bingham wrote on grammar and speech include The American Preceptor and The Young Lady's Accidence.
