Step onto the front lines of a galactic battlefield in the first Federation War novel from the national bestselling author of the Special Ops Squad. Rick Shelley ' s Federation War trilogy takes you through military barracks, corridors, and trenches, bringing the war of the future home with a combination of battlefield action and home-town heroics. For Doug Weintraub of the Buchanan Planetary Commission, it begins with a fuzzy call, quickly cut off. Federation troops have invaded his world. The battle they ' ve long feared and tried to avoid is coming. Now it ' s time to seek help, to launch a rocket into Q Space and hope for Second Commonwealth troops to arrive—and soon. Aboard the Starship Victoria, it begins differently. It ' s a short, unexpected message on the screen for Sergeant David Spencer of the Royal Marines. New orders, surprising ones, that will send him and his men to an independent frontier world that ' s become a new front in the war between the Commonwealth and Federation. Doug Weintraub and David Spencer soon find themselves in unexpected roles, a skilled warrior in the Royal Marines side-by-side with a back-world farmer. They ' ll need each other to keep the Federation at bay. " Rick Shelley was a soldier at heart, and his books were written from the heart. They carry the real feel of the sweat, blood, and camaraderie of those on the front lines. " —Jack Campbell, New York Times—bestselling author " Rick Shelly knows how to write compelling military science fiction thrillers that are so action packed, readers hardly have a moment for an oxygen break.
