Jim Brandt grew up in a devout Christian family with good role models. His mother ' s family was Presbyterian, and his father ' s family was Baptist. Although he attended church regularly as a youth, he wasn ' t as consistent as an adult. Brandt always had faith, but sometimes he let other priorities prevail. It was not until much later he began to see how crucial faith is. In *Life Enhancement with Jesus*, Brandt documents the benefits of faith in God against the backdrop of his many experiences. He narrates his life story, telling about actual events that had him striving to live a Christian life. From his birth in 1950, to his upbringing, high school years, service in the Marines, professional work experiences, and family life, Brandt reflects on his choices and the life-altering events that

As the first African American player to be drafted by the NFL and the first African American to play quarterback, George Taliaferro was a trailblazer whose athletic prowess earned him accolades throughout his football career. many major universities had no black players on their rosters and others were stacking black players behind white starters. George Taliaferro would later rack up impressive statistics while playing professionally for the New York Yanks, Dallas Texans, Baltimore Colts, and Philadelphia Eagles. His athletic prowess did little to prevent him from facing segregation and discrimination on a daily basis, but his popularity as an athlete also gave him a platform. Playing professionally gave Taliaferro more opportunity to use football to fight oppression and to interact with other important trailblazers, like Joe Louis, Nat King Cole, Muhammad Ali, and Congressman John Lewis. *Race and Football in America* tells Taliaferro's story and profiles the experiences of other athletes of color who were recognized for their athleticism yet oppressed for their skin color, as they fought (and continue to fight) for equal rights and opportunities. Together these stories provide an insightful portrait of race in America.
