Direct Forklift Parts is a trusted distributor of a variety of forklift parts, including Nissan. Nissan is best known for the manufacturing of cars and trucks, but they ventured into forklifts in the late 1950s and mass produced the first model a few years later. Finally in the late 80s, Nissan was able to produce forklifts in the United States. In 2013, Nissan Forklift Co integrated with TCM Corp to operate as UniCarriers Corp.

This definitive and comprehensive book, with contributions from world-renowned foreign trade zone expert, the late Walter Diamond, provides an up-to-date guide to the free trade zones and subzones in the United States and around the world. Economic reasons for using free trade zones are explored, encompassing the benefits gained and profits earned, such as exemptions, reductions from customs duties, proximity to foreign export markets, and low-cost processing and packaging of goods designed to lower duties or freight charges. Practical, hard-to-locate data and contact details are provided on every free trade zone in the US, as well as information on the history, growth and types of users in each zone,

storage space, transportation access, the cost of user facilities, utilities, communications, labor availability, warehousing features, and enterprise zones within the free trade zone. Tax Free Trade Zones of the World and in the United States will be an invaluable reference tool for a wide-ranging professional audience including: international, multinational and business law firms, tax advisory and finance firms, international sales and marketing executives, import, export and shipping companies, customs brokers and insurance agencies. In addition, it will prove a useful, practical resource for law students focusing on international business and international trade.

Described as "Who owns whom, the family tree of every major corporation in America," the directory is indexed by name (parent and subsidiary), geographic location, Standard Industrial Classification (SIC) Code, and corporate responsibility.

A list of U.S. importers and the products they import. The main company listing is geographic by state while products are listed by Harmonized Commodity Codes. There are also alphabetical company and product indexes.
