mechanisms have been developed to link citizens with government and with diverse policy-making entities. Earlier, it was assumed that citizens had little interest in policy deliberations, and responsibility for public needs was best left to the experts. Many citizens now believe that they have a legitimate right to influence how power

strategies to help resolve them. How effectively these bodies perform, and how well they respond to the public, are in part determined by the talents and activities of their members. All of these members, especially public members, need appropriate tools to be able to perform in a superior fashion. Despite the importance
