Get the most out of your nurse assisting textbook, and review for your certification exam! Corresponding to the chapters in Sorrentino and Remmert's Mosby's Textbook for Nursing Assistants, 9th Edition, this workbook reinforces your understanding with numerous exercises and review questions. Checklists help you study skills — with a checklist for each of the 100+ procedures in the text. The Competency Evaluation Review section helps you prepare for the CNA exam with a review of content, a skills evaluation review, and two practice exams. Answers are included for all review questions and practice exams! Comprehensive review corresponds chapter-by-chapter to the textbook. Competency Evaluation Review section includes a content review and review questions for all key topics, a skills evaluation review, and two practice exams

Online Library Nursing Listing Workbook Answers

that help to prepare you for the written certification exam. A wide variety of exercises enhances learning and keeps you interested in the material. Skills checklists help you review and practice the procedures required for certification. Independent learning activities in every chapter allow additional review and practice. Optional learning exercises are provided for longer programs and/or higher-level students. NEW review chapters are added to correspond to the five new chapters in the textbook.

This textbook for nursing assistants will prepare students not only to function in the traditional nursing assistant role in nursing homes, hospitals, and home health, but also will prepare students to advance their careers. A nursing assistant student who uses this text will have a firm foundation by which to transition to an LPN and
