Kita Nekai, on the run and the smallest of her shifter clan--a calico cat among lions and tigers--is being hunted. She was expected to accept her role as her father's successor whether or not her cat was up to the task of leading the clan. She disagreed. Now she's less than a step ahead of the hunters, bone-tired, cold, and living hand-to-mouth in the city of Haven. And that's the high point of her day. She's also drugged, "accidentally" turned into a vampire, and sentenced to death for recklessly creating a rogue shifter who tortures its human prey. She's got seventy-two hours to find the rogue, evade a city full of hunters, prove she's not responsible for the rogue, and keep the vampire council from killing her. All while sorting out an apprentice mage, a married ex-boyfriend shifter-

I used to think that my life was boring. I resigned myself to the rut I was stuck in. Then my entire existence was turned upside down. In the last six months, I've learned things that would get me committed to an asylum if I repeated them. First, I was kidnapped by vampires. Yes, vampires. Sounds crazy, right? My best friend, Donna, became one of the fanged after that little adventure and hooked up with a hot, Scottish vampire named Conner. They're even planning a wedding. Secondly, I learned not all vampires are evil. In fact, some of them are downright sexy. Alexander Dimitriades has it all. He's tall, dark, and handsome and manages to give me tingles in all the right place and also make me laugh. Unfortunately, to be with him, I would have to give up my humanity and I like being human. Then, there's the fact that the whole drinking blood thing gives me the heebie jeebies. To make matters worse, there are plans in motion to change the place vampires hold in the human world. And I'm caught in the middle, between the vampire I'm falling in love with and a group that wants to create a vampire dictatorship, with humans as slaves. Now, all I want is my calm, normal life back. As my friend, Ricki, likes to say, "Be careful what you wish for because it might come and bite you on the ass." I hate it when she's right. *This work contains BDSM elements/themes, spanking, bondage, anal play, and a bossy, persistent Greek vampire.

These murders threaten everything the Order stands for, which means the Order now threatens her. To save her life, Leslie must now embrace her magical destiny—or fall victim to a deadly menace. The Order of the Dragon series is best enjoyed when read in reading order. 1. Zero Hour: Prequel 2. Once Bitten 3. Twice as High 4. Three Little Words "

An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As the lone female werewolf in existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating the Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, *Bitten* will awaken the voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within one woman's body.

I have two choices. Carve Brude's name into Hell's bile-encrusted gates. Or lose my soul. After an assassination attempt on Vayl, I

find myself pulled into a tangled web that takes the gang to Romania. So how will I save a ghost, rescue a demon, and cheat the Great Taker out of a soul he's slaving for while defeating my nastiest foe yet so that Vayl can, at last, cherish a few precious years with his sons? With careful planning, major violence, and one (hopefully) final trip to Hell.

Newly undead shifter-turned-vampire Kita Nekai is coming to grips with the reality that her cat has not awakened since her change. What she needs is a little time to adjust to her new liquid diet and the increasingly complex attraction to her sire, Nathaniel. What she gets is a headless harlequin. With the body count rising, Kita is dragged into a dangerous game of vampire politics. Her involvement draws the attention of an ancient vampire known as the Collector who has a penchant for acquiring the unusual - like a pureblood shifter-turned vampire. Kita still has unfinished business of her own and finds herself deeper in magical debt. It's a bad time to be a kitten who can't slip her skin.

Alexa O'Brien has never been like other people. A hunter of supernatural rogues, she's a werewolf with unusual but extraordinary power. Power that fiercely draws her to Arys, a mysterious vampire who awakens her dark side. What they create together is dangerous and binding, forcing her to question the source of her abilities. She risks losing her remaining humanity as well as the one man she dares to love. When Alexa's womanizing former lover and pack Alpha is framed for murder, he turns to her for help. She would like nothing more than to watch karma at work but as the body count rises, long buried secrets are exposed. Alexa is forced to face the painful truth that not everyone is who she thinks they are. Not even her.

Bastian had to have been the most handsome man that Katherine had ever met. It really was unfortunate that he was also the most

stubborn, controlling, downright infuriating jackass she'd ever known as well. Oh, and there was the fact that he was a werewolf — a werewolf who has bitten her. Sixteen-year-old Katherine Mayes had never believed in mythological creatures like werewolves or mermaids — certainly not those sparkly vampires that her friend Abby was obsessed with. Even when she's bitten by a massive animal after a reckless night of teenage adventure and her body begins to change in mystifying ways, she can't force herself to believe in what she's convinced is impossible. Little does she realize she's been infected with a disease a little more permanent than the rabies she feels fortunate to have not contracted.

Lycanthropy. Her fierce denial is soundly shattered, however, when she is simultaneously saved and kidnapped by Bastian and his pack. Forced to leave small town Iowa behind and adjust to their way of life in a hidden society, Katherine must also deal with fighting the pull she feels towards the man — or wolf, rather — who has bitten her and disrupted her life so completely.

From the gothic eccentricity of Asheville, North Carolina, to the terrifying recesses of the Appalachian wilderness, from modern demonology to ancient Cherokee mythology, *Soul Catcher* follows the tormented journey of folk artist Livia Belane, who has been stalked through many lives by a sadistic and vengeful demon. Livia and her loved ones, including her frontier-era soulmate and husband, Ian, a Soul Hunter, have never beaten the demon before. Now, in this life, it's found them again.

A dog handler disappears in this "entertaining mystery" by the Agatha and Macavity Award finalist (Publishers Weekly). With her former fiancé off finding himself, Melanie Travis figures the only ring she'll be seeing in the near future is one where she's showing her prized poodles. But love is still in the air for her brother Frank, who is about to tie the knot with his sweetheart, Bertie Kennedy. With scant knowledge of tulle, favors, or cocktail hors d'oeuvres,

Melanie happily leaves the nuptial arrangements to Sara Bentley, a fellow dog handler moonlighting as a wedding coordinator. But when Sara suddenly vanishes, a panicked Bertie gives Melanie a choice: either pinch-hit for Sara—or find out where she is. Opting for the latter, Melanie begins sniffing around into Sara's past—and unearths big trouble when Sara's cottage burns to the ground and a woman's body is found in the rubble. There are plenty of people with grudges against Sara—from a disgruntled dog groomer to a competitor whose dog was poisoned a decade ago to an embittered ex-boyfriend. Even Sara's own family seems oddly unconcerned about her disappearance—but are the blue-blooded Bentleys cold-blooded enough to kill one of their own? "Totally satisfying." I Love A Mystery "Beware! Pick up Once Bitten and it will sink its fangs into your imagination. You'll read straight through to the end." Rita Mae Brown and Sneaky Pie Brown
