Richard Matheson has written a wonderful new genre-defying novel, OTHER KINGDOMS, which was published by TOR in April 2011. Matheson's mass market publisher, however, made a number of changes (mostly deletions) to this novel and he is eager to see his first unedited draft see publication.

Novel description: In 1918 a young American soldier wounded in World War I comes to Gatford to escape his troubled past.

~~Other Kingdoms: The Unedited Version | Gauntlet Press~~

Richard Burton Matheson (February 20, 1926 – June 23, 2013) was an American author and screenwriter, primarily in the fantasy, horror, and science fiction genres.. He is best known as the author of I Am Legend, a 1954 science fiction horror novel that has been adapted for the screen three times, the first of which, The Last Man on Earth, was co-scripted by him and starred Vincent Price.

Matheson is an amazingly versatile author, who excels at everything from fantasy to horror to westerns, and *Other Kingdoms* (out March 1st) combines the romance and nostalgic setting of *Somewhere in...*

~~Other Kingdoms (Excerpt) | Tor.com~~

We published an uncensored version of his final novel “*Other Kingdoms*“. His mass market publisher had cut several controversial scenes Matheson wanted to include and we provided the forum. Matheson was a Renaissance man not sticking to any one genre.

For over half a century, Richard Matheson has enthralled and terrified readers with such timeless classics as *I Am Legend*, *The Incredible Shrinking Man*, *Duel*, *Somewhere in Time*, and *What Dreams May Come*. Now the Grand Master returns with a bewitching tale of erotic suspense and enchantment... 1918. A young American soldier recently wounded in the Great War, Alex White comes to Gatford to escape his troubled past. The pastoral English village seems the perfect spot to heal his wounded body and soul. True, the neighboring woods are said to be haunted by capricious, even malevolent, spirits, but surely those are just old wives' tales. Aren't they? A frightening encounter in the forest leads him into the arms of Magda Variel, an alluring red-haired widow rumored to be a witch. She warns him to steer clear of the wood and the perilous faerie kingdom it borders, but Alex cannot help himself. Drawn to its verdant mysteries, he finds love, danger...and wonders that will forever change his view of the world.

At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

An essential collection of rare tales of terror from the multi-award-winning *Twilight Zone* scripter and *I Am Legend* author—only available in ebook format. A researcher encounters an exotic new strain of “Bacteria” that causes the infected person to vanish—leading the doctor on a path of discovery deep into a past he should have left buried. A simple “Haircut” that starts off as a routine trim becomes a dark and terrifying experience when a barber is confronted with a sick customer who seems otherworldly. A case of mistaken identity leads to a darkly farcical story of marriage, murder, and a love that knows no bounds in “Getting Together.” *Bacteria & Other Improbable Tales* gathers these and sixteen more uncanny short stories from master storyteller Richard Matheson, “one of the great names in American

Get Free Other Kingdoms Richard Matheson

terror fiction” (The Philadelphia Inquirer). Stories include: “Backteria”, “He Wanted to Live”, “Life Size”, “Man with a Club”, “Professor Fritz and the Runaway House”, “Purge Among Peanuts”, “The Prisoner”, “The Last Blah in the ETC”, “Counterfeit Bills”, “1984 ½”, “Pride”, “Now Die In It”, “Leo Rising”, “Where There’s a Will” (written with Richard Christian Matheson), “Getting Together”, “Person to Person”, “CU: Mannix”, “Haircut”, “An Element Never Forgets” “The author who influenced me the most as a writer was Richard Matheson.” —Stephen King “Perhaps no other living author is as responsible for chilling a generation with tantalizing nightmare visions.” —The New York Times “Matheson’s a writer who just has the special knack, the deft skill to imagine terrifying scenarios on any scale, large and small, and give them chilling possibility.” —Los Angeles Times

Features the story "Steel," in which robots have replaced humans in the boxing ring, as well as more than a dozen other stories, including two that have never been collected in a book before.

The visionary first novel by the author of *What Dreams May Come* in which a man paralyzed by a gunshot reflects on his sordid past and hopes for redemption. *Hunger and Thirst* is Richard Matheson’s first and until now previously unpublished novel, written fifty-plus years ago when Matheson was only twenty-three-years-old. Matheson’s agent told him it was unpublishable due to its length and so to that end, Matheson put the manuscript in a drawer and left for California where his writing career changed dramatically. *Hunger and Thirst* centers around Erick, who lies paralyzed on his hospital bed after being shot during a botched bank robbery. Erick contemplates how his life became such a mess—from his childhood, to his service in the war, his romantic life, and now—and holds out hope to be saved... Perfect for fans of Stephen King’s *Gerald’s Game* Praise for Richard Matheson “One of the greatest writers of

Get Free Other Kingdoms Richard Matheson

the twentieth century.”—Ray Bradbury “The author who influenced me the most as a writer was Richard Matheson.”—Stephen King

Collected song lyrics penned by the celebrated author of *What Dreams May Come* and *Bid Time Return*. Few of Richard Matheson’s readers know that he had hopes for writing popular music. At a very early age, Matheson taught himself how to write sheet music, but his family could not afford the supplies and so he had to give up composition. But music never left his mind and when Matheson found a creative new outlet through his writing (cheaper than music, requiring only a pencil and paper), he quickly began composing both prose stories as well as poetry. He picked up music composition again at the age of seventeen, adding music to his poems. Here in *Lyrics* are the compositions that Matheson created, in publication for the very first time.

The legendary novel of science-fiction horror: “The author who influenced me the most as a writer was Richard Matheson” (Stephen King). After he is exposed to a radioactive cloud, Scott Carey finds himself shrinking, slowly, day-by-day, inch-by-inch. Scott once had a normal, everyday existence as a husband and father, but as time passes, he becomes a national spectacle, something worthy of newspaper headlines. As Carey shrinks, smaller and smaller, his family become giants, more and more unreachable, and even the family cat becomes a predatory menace. In this world of disproportion, increasingly perilous with each passing day, Scott struggles to survive—and is pushed to the very limits of fear and existence . . . Adapted into the Hugo Award–winning film *The Incredible Shrinking Man*, this is a classic by the author of *I Am Legend* and other renowned works—a master of imagination whom Ray Bradbury called “one of the most important writers of the twentieth century.” “A classic of suspense as

Get Free Other Kingdoms Richard Matheson

poignant as it is frightening—a mix that only Richard Matheson could pull off.” —Dean Koontz

The author of *I Am Legend* transforms a lonely mansion into a madhouse where a group must face grisly tricks, shocking twists, and the mind of a killer. In *Now You See It*, the prolific master of suspense and horror delivers a knock-out tale the likes of which have not been seen since Henry Clouzot’s devilish thriller *Diabolique*. Some years ago, the Great Delacorte, a famed stage magician, came down with a stroke that left him in a vegetative state, able to move only his eyes. The entire action of the novel is witnessed through these eyes as Delacorte sits in the Magic Room of his country estate, a room custom-tailored to display stage illusions. Delacorte’s son, Max, has taken his name and place as an illusionist in every effort to replace his father. Max is supported by his wife Cassandra and her amazingly identical lookalike younger brother Brian. But for the past year, Cassandra has been poisoning Max’s food with arsenic and a sleeping pill. She wants the act all for herself—but Max has his own ideas, and his revenge is the big dish that Matheson sets before us in this dazzler that offers top-flight fun! Praise for *Now You See It* “One of his strongest efforts.... We’re all a lot richer to have Richard Matheson among us.”?Dean Koontz “A fascinating variation on the locked-room mystery...with more hairpin turns than a mountain road. *Now You See It*...is absorbing.”?The Washington Post Book World “There are as many twists and turns as a medieval catacomb in one of the most fun novels of the year.”?Rocky Mountain News “Matheson’s prose is extremely smooth and the pacing frantic.”?The Philadelphia Inquirer

Winner of the Bram Stoker Lifetime Achievement Award for best vampire novel of the century: the genre-defining classic of horror sci-fi that inspired three films. The population of the entire world has

Get Free Other Kingdoms Richard Matheson

been obliterated by a pandemic of vampire bacteria. Yet somehow, Robert Neville survived. He must now struggle to make sense of what happened and learn to protect himself against the vampires who hunt him nightly. As months of scavenging and hiding turn to years marked by depression and alcoholism, Robert spends his days hunting his tormentors and researching the cause of their affliction. But the more he discovers about the vampires around him, the more he sees the unsettling truth of who is—and who is not—a monster. Richard Matheson's *I Am Legend* has been a major influence on horror literature. In 2012, it was named the best vampire novel of the century by the Horror Writers Association and the Bram Stoker Estate. The novel was adapted to film in 1964 as *The Last Man on Earth*, in 1971 as *Omega Man*, and in 2007 as *I am Legend*, starring Will Smith.

The celebrated author of *Stir of Echoes* and *Hell House* offers a fascinating exploration of parapsychology and its history. In *Mediums Rare*, horror and science fiction novelist Richard Matheson shares a personal project inspired by his lifelong interest in all things paranormal. Here is a brief account of psychic beginnings, covering subjects like telepathy, ESP, paranormal activity, and more. Parapsychology, today, utilizes highly advanced methodology. It has, long since, left behind the era of dim-lit parlors and spiritual melodramatics. It is, now, a completely legitimate field of study based upon precise and sophisticated test procedures. But it began quite differently. Matheson takes readers on a journey through paranormal history, beginning in Greek antiquity and making his way toward renowned American psychic Edgar Cayce. Along the way, he recounts episodes like the Margaret and Kate Fox, young sisters who, in 1848, convinced others they were in touch with ghosts in a haunted house. There's also Civil War-era medium Nettie Colburn who aided President Lincoln and may have channeled Daniel Webster. Other episodes include New England mediums "Mrs. Leonard and Mrs. Piper" and the great

Get Free Other Kingdoms Richard Matheson

magician Harry Houdini. “Fans of parapsychology or of Matheson’s other works should enjoy this lively exploration of great topics that inform the genre and have become legendary.”—Publishers Weekly
