Starset Lyrics. "Other Worlds Than These". Ten feet tall behind your wall. Telling yourself that you're not small. Roll yourself into a tight ball. You can't be lost, if you've gone AWOL. You've never had one question. So comfortable living life so certain. Let me tell you about this then.

Golden Compass to C. S. Lewis's *The Chronicles of Narnia*, there is a rich tradition of this kind of fiction, but never before have the best parallel world stories and portal fantasies been collected in a single volume—until now.

Paolo Bacigalupi's debut collection demonstrates the power and reach of the science fiction short story. Social criticism, political parable, and environmental advocacy lie at the center of Paolo's work. Each of the stories herein is at once a warning, and a celebration of the tragic comedy of the human experience. The eleven stories in *Pump Six* represent the best Paolo's work, including the Hugo nominee "Yellow Card Man," the nebula and Hugo nominated story "The People of Sand and Slag," and the Sturgeon Award-winning story

From Huxley's *Brave New World*, to Orwell's *1984*, to Atwood's *The Handmaid's Tale*, dystopian books have always been an integral part of both science fiction and literature, and have influenced the broader culture discussion in unique and permanent ways. *Brave New Worlds* brings together the best dystopian fiction of the last 30 years, demonstrating the diversity that flourishes in this compelling subgenre. This landmark tome contains stories by Ursula K. Le Guin, Cory Doctorow, M. Rickert, Paolo Bacigalupi, Orson Scott Card, Neil Gaiman, Ray Bradbury, and many others.
