From the co-creator of the groundbreaking television show Twin Peaks comes an exciting adventure series with a unique combination of mystery, heart-pounding action, and the supernatural. Meet your new action-adventure addiction! Will West is careful to live life under the radar. At his parents' insistence, he's made sure to get mediocre grades and to stay in the middle of the pack on his cross-country team. Then Will slips up, accidentally scoring off the charts on a nationwide exam. Now Will is being courted by an exclusive prep school . . . and followed by men driving black sedans. When Will suddenly loses his parents, he must flee to the school. There he begins to explore all that he's capable of--physical and mental feats that should be impossible--and learns that his abilities are connected to a struggle between titanic forces that has lasted for millennia.

A fifteen-year-old boy who has spent his entire life trying to avoid attention finds himself in the middle of a millenia-old struggle between titanic forces when he is simultaneously recruited by an exclusive prep school and followed by sinister agents.

Readers of I Am Number Four, The Maze Runner, and Legend will love this exciting new adventure series by the co-creator of the groundbreaking television show Twin Peaks, with its unique combination of mystery, heart-pounding action, and the supernatural. Will West is a student of the Center—a school for an elite group of students. After exposing a sinister underground society of students known as the Knights of Charlemagne, Will discovers that he is developing supernatural physical and mental abilities. As he explores his new powers, he and his roommates investigate the Knights' shadowy purpose and soon uncover a plot that could destroy life as we know it. The newly formed alliance will have to separate friend from foe as they prepare for the biggest fight of their lives. From the Hardcover edition.

Boston, Tuesday, October 21, 1975. The Red Sox and the Cincinnati Reds have endured an excruciating three-day rain delay. Tonight, at last, they will play Game Six of the World Series. Leading three games to two, Cincinnati hopes to

win it all; Boston is desperate to stay alive. But for all the anticipation, nobody could have predicted what a classic it would turn out to be: an extra-innings thriller, created by one of the Big Red Machine's patented comebacks and the Red Sox's improbable late-inning rally; clutch hitting, heart-stopping defensive plays, and more twists and turns than a Grand Prix circuit, climaxed by one of the most famous home runs in baseball history that ended it in the twelfth. Here are all the inside stories of some of that era's biggest names in sports: Johnny Bench, Luis Tiant, Sparky Anderson, Pete Rose, Carl Yastrzemski--eight Hall of Famers in all--as well as sportscasters and network execs, cameramen, umpires, groundskeepers, politicians, and fans who gathered in Fenway that extraordinary night. Game Six is an unprecedented behind-the-scenes look at what is considered by many to be the greatest baseball game ever played--remarkable also because it was about so much more than just balls and strikes. This World Series marked the end of an era; baseball's reserve clause was about to be struck down, giving way to the birth of free agency, a watershed moment that changed American sports forever. In bestselling author Mark Frost's talented hands, the historical significance of Game Six becomes every bit as engrossing as its compelling human drama.

The crucial sequel to the New York Times bestselling *The Secret History of Twin Peaks*, this novel bridges the two series, and takes you deeper into the mysteries raised by the new series. The return of Twin Peaks is one of the most anticipated events in the history of television. The subject of endless speculation, shrouded in mystery, fans will come flocking to see Mark Frost and David Lynch's inimitable vision once again grace the screen. Featuring all the characters we know and love from the first series, as well as a list of high-powered actors in new roles, the show will be endlessly debated, discussed, and dissected. While *The Secret History of Twin Peaks* served to expand the mysteries of the town and place the unexplained phenomena that unfolded there into a vastly layered, wide-ranging history, *Twin Peaks: The Final Dossier* tells us what happened to key characters in the twenty-five years in between the events of the first series and the second, offering details and insights fans will be clamoring for. The novel also adds context and commentary to the strange and cosmic happenings of the new series. For fans around the world begging for more, Mark Frost's final take laid out in this novel will be required reading.

Dark Brotherhood As the city of London slumbers, there are those in its midst who conspire to rule the world through the darkest and most nefarious means. These seven, seated in positions of extraordinary power and influence, marshal forces from the far side to aid them in their fiendish endeavor. **Force of One** In the aftermath of a bloody séance and a terrifying supernatural contact, a courageous young doctor finds himself drawn into a malevolent conspiracy beyond human comprehension. **All or Nothing** The future is not safe, as a thousand-year reign of pure evil is about to begin, unless a small group of stalwart champions can unravel the unspeakable mysteries behind a crime far more terrible than murder.

From the co-creator of the landmark series, the story millions of fans have been waiting to get their hands on for 25 long years. *The Secret History of Twin Peaks* enlarges the world of the original series, placing the unexplained phenomena that unfolded there into a vastly layered, wide-ranging history, beginning with the journals of Lewis and Clark and ending with the shocking events that closed the finale. The perfect way to get in the mood for the upcoming Showtime series.

Ro murmurs into my ear. "Don't be afraid, Dol. They're not coming for us." Still, he slips his arm around me and we wait until the sky is clear. Because he doesn't know. Not really. Everything changed on The Day. The day the Icon appeared in Los Angeles. The day the power stopped. The day Dol's family dropped dead. The day Earth lost a war it didn't know it was fighting. Since then, Dol has lived a simple life in the countryside with fellow survivor Ro--safe from the shadow of the Icon and its terrifying power. Hiding from the one truth she can't avoid. They're different. They survived. Why? When the government discovers their secret, they are forced to join faint-hearted Tima and charismatic Lucas in captivity. Called the Icon Children, the four are the only humans on Earth immune to the power of the Icons. Torn between brooding Ro and her evolving feelings for Lucas, between a past and a future, Dol's heart has never been more vulnerable. And as tensions escalate, the Icon Children discover that their explosive emotions--which they've always thought to be their greatest weaknesses--may actually be their greatest strengths. Bestselling author Margaret Stohl delivers a thrilling novel set in a haunting new world where four teens must piece together the mysteries of their pasts--in order to save their future.
