Paradise is not lost. Stepping back to the window, she let her eyes wander over the campus lawns and towards a cluster of birches at the very end of the compound. In this new monograph, author Debra Dudek defines a new era of vampire texts in which vampires have moved from their iconic dark, feared, often seductive figure lingering in alleys, to the beloved and morally sensitive vampire winning the affections of teen protagonists throughout pop culture. Dudek takes a close look at three hugely-popular vampire series for young adults, drawing parallels between the TV series *Buffy the Vampire Slayer*, the *Twilight Saga* novels/films, and *The Vampire Diaries* TV series/book series. By defining a new era of vampire texts and situating these three series within this transition, *The Beloved Does Not Bite* signals their significance and lays the groundwork for future scholarship on the flourishing genre of paranormal romances for young adults.
