Paul, the Spirit, and the People of God - eBook: Gordon D ...

I believe the author drove home the view that Paul had concerning the promised outpouring, or God's returning presence, of His Spirit. The apostle Paul understood the importance of the Spirit of God in the lives of the believers that they may be renewed, sanctified, transformed, and empowered to live a life worthy of their calling and to attain salvation which will be consummated sometime in the future.

Paul, the Spirit, and the People of God - Gordon D. Fee ...

After decades of writing commentaries on Paul's letters, Gordon Fee began to see a disconnect between how Paul describes the local church and how the church operates today, something is skewed. His concern boiled down to how churches understood the person and role of the Holy Spirit. Fee concluded that the contemporary Western church, Pentecostal and non-Pentecostal, is missing the point of ...

Fee's Paul, the Spirit, and the People of God Chapter 15: Where to Next? 1. Read the first three paragraphs of the section "The Spirit in the Later Church: A Contrast," beginning on page 184, focusing especially on the 3th. Fee appears to be contrasting the

Fee's Paul, the Spirit, and the People of God

The book's title pointedly reflects, then, Fee's bedrock convictions about Paul's theology of the Spirit. The Spirit is a person who embodies the presence of God himself, a person who indwells and empowers God's people in this present age. The book represents more than an exegetical exercise for the author.

In Paul 's writings there is a contrast between the holy spirit and the flesh, the spirit often resembles God/Christ and flesh resembles sin Continue Reading The Aboriginal People Of The Australian Aboriginal People

"In Paul, the Spirit, and the People of God, Pentecostal scholar Gordon Fee has redefined the terms of the discussion about the Holy Spirit in a way that transcends today's paradigm of 'charismatic' or 'noncharismatic' orientation. His words are a strong reminder of what God, through his Holy Spirit, intends the church to be. . . . His work is an attempt to point us back to the Bible and reinvigorate our own vision of how the Spirit mobilizes the community of believers in the local church."--Wendy Murray, author; former senior writer, Christianity Today "Gordon Fee, one of our truly master exegetes, has put steel and sinew into the words Spirit, spirit, and spiritual--words that have become flabby through subjectivizing indulgence and lack of exegetical exercise. His accurate, fresh, and passionate recovery of the place and meaning of Spirit in Paul and for us Christians is a provocative stimulus and reliable guide to the recovery of the experienced presence of God in our lives. For those of us who want to live in continuity with all that has been revealed in Jesus and given in the Spirit, this is an eminently practical book."--Eugene H. Peterson, professor emeritus of spiritual theology, Regent College "Gordon Fee is one of the finest Bible expositors I have known. Whenever he speaks and writes, I listen, and recommend you do the same."--Chuck Colson, founder, Prison Fellowship Ministries

For many years Gordon Fee, one of today's foremost evangelical scholars, has been asked to bring his trusted biblical expertise together with his well-known passion for the gospel and the

church. Listening to the Spirit in the Text is his answer. Gathered here are Fee's best studies and reflections on the art of attending to the biblical text critically yet with a deep spiritual sensitivity. These insightful chapters cover a wide range of contemporary topics, including the relationship between Bible study and spirituality, gender issues, worship, tongues speaking, church order and leadership, the believer and possessions, and the role of the gospel in our global society.

"Fee's book is the most comprehensive treatment available of Paul's understanding of the Holy Spirit, a topic that has rarely received sufficient attention in studies of Pauline theology. Fee's method is exemplary: he first analyzes Paul's statements about the Spirit, in each individual letter, and then moves to a synthesis of Paul's general pneumatology. The result is a book that is deeply exegetical, doing justice both to the particularity of Paul's writings and to the fundamental unity of his vision for the Spirit's role in the life of the Christian community. Most importantly, Fee emphasizes insistently that the Holy Spirit must be experienced as a living presence within the church. That message is both faithful to Paul and urgent for the community of faith in our time." and -Richard B. Hays, Professor of New Testament, The Divinity School, Duke University" "With the energy and care that is a trademark of his work, Gordon Fee here fills a significant gap in Pauline Studies. Both those who find talk about the Holy Spirit congenial and those who would happily marginalize it will be instructed by this book. Fee makes a genuine contribution as he examines Paul's letters in conversation with both the exegetical tradition of the academy and the pressing needs of the church." and -Beverly R. Gaventa, Professor of New Testament and Exegesis, Princeton Theological Seminary" "Fee uniquely combines professional competence as a text critic, an exegete, an author and editor of major commentaries, and a foremost evangelical interpreter of Paul with a lifetime of formation and ministry among the Pentecostals-this century's providential witnesses to the work of the Spirit of God among us. . . . Fee's work offers an enduring encyclopedia of Pauline pneumatological exegesis, easy to consult for next Sunday's sermon, yet substantial enough to take its place near George Ladd's Theology of the New Testament as a must-have, within arm's reach, for serious interpreters of Paul's gospel. . . . Fee's work is the theological crown of a distinguished exegetical career." and -Russell P. Spittler, Senior Professor of New Testament, Fuller Theological Seminary

Explores the religious experiences of Jesus, Paul, and the early church with special emphasis on the Holy Spirit and charismatic experiences.

Volker Rabens answers the question of how, according to the apostle Paul, the Holy Spirit enables religious-ethical life. In the first part of the book, the author discusses the established view that the Spirit is a material substance which transforms people ontologically by virtue of its physical nature. In order to assess this "Stoic" reading of Paul, the author examines all the passages from the Hebrew Bible, early Judaism, Hellenism and Paul that have been put forward in support of this concept of ethical enabling. He concludes that there is no textual evidence in early Judaism or Paul that the Spirit was conceived as a material substance. Furthermore, none of these or any of the Graeco-Roman writings show that ethical living derives from the transformation of the "substance" of the person that is imbued with a physical Spirit. The second part of the study offers a fresh approach to the ethical work of the Spirit which is based on a relational concept of Paul's theology. Rabens argues that it is primarily through initiating and sustaining an intimate relationship with God the Father, Jesus Christ, and with the community of faith that the Spirit transforms and empowers people for ethical living. The author establishes this thesis on the basis of an exegetical study of a variety of passages from the Pauline corpus. In addition, he demonstrates that Paul lived in a context in which this

Get Free Paul The Spirit And People Of God Gordon D Fee

dynamic of ethical empowering was part of the religious framework of various Jewish groups.

Leading Scholar Explores Paul's Teaching on the Mind This major work by a leading New Testament scholar explores an important but neglected area of Pauline theology, Paul's teaching about the mind. In discussing matters such as the corrupted mind, the mind of Christ, and the renewal of the mind, Paul adapts language from popular intellectual thought in his day, but he does so in a way distinctively focused on Christ and Christ's role in the believer's transformation. Keener enables readers to understand this thought world so they can interpret Paul's language for contemporary Christian life. The book helps overcome a false separation between following the Spirit and using human judgment and provides a new foundation for relating biblical studies and Christian counseling.

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

The traditional venues for making sense of the complicated apostle Paul are history and theology. Indeed, one cannot understand him apart from either. However, something is still missing from our portrait of Paul. Rather than thinking of Paul as a theologian and an apostle, Leslie Hardin argues there is great benefit in approaching him as a disciple, a Spirit-filled man who wanted to pass vibrant spirituality on to those he encountered. In *The Spirituality of Paul*, Hardin uncovers the things Paul practiced in his own life, and those he taught his followers, in order to attempt to live an authentic, Spirit-filled Christian life. Hardin points out that in order to foster the power of the Spirit, Paul, like each of us, had to dedicate himself to everyday routines and practices. What were those spiritual disciplines? How did they help him? And how might they be applied in our modern lives to bring us closer to Christ? Whether a general reader or mature believer, the reader of this book will find Paul to be a true brother, a fellow sinner receiving grace.

A reasonably priced, quality black hardcover pew and ministry Bible featuring a large 12-point font.

Paul Solomon (1939-1994) was one of the most inspired and illuminating teachers of life's sacred mysteries. He was a scholar of comparative religion, sacred scriptures and the Qabalah, plus arcane wisdom and ancient mystery traditions. He was a leader in the field of altered states of consciousness, and many people called him "the modern-day Edgar Cayce." Paul was uniquely skilled in making complex concepts understandable and applicable, while still allowing for deep understanding. Through his lectures and channeled readings, he made universal laws and esoteric doctrines practical to daily life for people around the world. Through lectures, workshops and residential programs, Paul sought to bring together people of diverse nationalities, races and religions under one roof, believing that perfect love, beginning with oneself, is humankind's only appropriate response to the world's challenges. His primary focus was the establishment of a worldwide family - plus the empowerment of individuals toward their full potential, enhanced through an intimate and interactive relationship with the source of their being. Until his death in 1994, he continued to share the message that each of us can choose love over fear every moment of the day, thus making the choice to live in heaven on earth, on both a personal and global level. *The Wisdom of Solomon* is a collection of Paul's teachings on spirituality and religion, mysticism and occultism, prayer and meditation, reincarnation, channeling, dreams and the mind-body connection. Paul's vast knowledge base, combined with his gift for simplifying issues and spelling out practical steps toward
