Case Studies present personal finance issues in the context of real-life situations with all their ambiguities. Students will explore decision-making, develop communication skills, and make choices when there is no “right” answer. To help get you started, NGPF has created support guides to walk you through how to complete case studies with ...

Encourage students to apply financial concepts to their own lives. Chapters include explanations and student activities focusing on banking, insurance, and investments.

"The seventh edition of Focus on Personal Finance contains new and updated boxed features, exhibits and tables, articles, and end-of-chapter material. The following grid highlights some of the more significant content revisions made to Focus, 6e"--

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

" ?Is this the right book for me? The world of finance and accountancy can seem one of impenetrable mystery but it is one that many managers have to face in their day to day lives. With its comprehensive coverage of the subject, this book allows you not only to ask pertinent questions but also to understand the answers. Chapter by chapter, the workings of finance are mapped out and laid bare - the formal reports, the methods used to prepare the numbers and what accountants actually do every day. This edition is fully updated to reflect current allowances, rates and regulations and further information. It also includes even more questions (with comprehensive answers) to challenge the reader?s understanding. Finance for Non-Financial Managers includes: Chapter 1: The purpose of accounting Chapter 2: Basic terminology Chapter 3: Accounting concepts and principles Chapter 4: The profit and loss account Chapter 5: The balance sheet Chapter 6: The cash flow statement Chapter 7: Ratio analysis Chapter 8: Users of financial information Chapter 9: The general ledger Chapter 10: Costing Chapter 11: Standard costing Chapter 12: Variance analysis Chapter 13: Two more things on costing Chapter 14: The audit of annual accounts Chapter 15: Tricks of the trade Chapter 16: Financial information for managers Chapter 17: Capital investment appraisal: experts only! Chapter 18: Activities of an Accounts department Chapter 19: Cash flow management Chapter 20: Corporate financial planning Chapter 21: Personal finance: income tax and national insurance Chapter 22: Personal finance: investment Chapter 23: Personal finance: capital gains tax and others Learn effortlessly with a new easy-to-read page design and interactive features: Not got much time? One, five and ten-minute introductions to key principles to get you started. Author insights Lots of instant help with common problems and quick tips for success, based on the author?s many years of experience. Test yourself Tests in the book and online to keep track of your progress. Extend your knowledge Extra online articles to give you a richer understanding of the subject. Five things to remember Quick refreshers to help you remember the key facts. Try this Innovative exercises illustrate what you?ve learnt and how to use it. "

A brand new collection of up-to-the-minute personal finance guidance from award-winning columnist Liz Weston... 4 authoritative books, now in a convenient e-format, at a great price! All the realistic, trustworthy money advice you need! 4 up-to-date books from Liz Weston, America’s #1 personal finance columnist Money! Debt. Credit Scores. Investments. Retirement. College. You need answers you can understand, trust, and actually use! That’s where Liz Weston comes in. In this amazing 4 book collection, America’s #1 personal finance columnist helps you create and execute your own action plan for long-term financial security. No hype, no lectures, no nonsense: just realistic, up-to-the minute help delivered in plain English. Start with the latest edition of Weston’s nationwide best-seller, Your Credit Score, Fourth Edition – complete with brand-new information on protecting (or rebuilding) the 3-digit number that rules your financial life. Learn how today’s credit scores work... exactly how much skipped payments, bankruptcies, and other actions will lower your score... how companies can and can’t use your score against you. Get crucial new information on “FAKO” alternative scores, short sales, foreclosures, FICO 8 mortgage scores, new credit risks from social networking and mobile banking, and how to fight score-related credit limit reductions or higher rates. Next, in Easy Money, learn how to simplify and take control of your financial life, now and forever! Weston takes on the problem everyone has: the sheer hassle of managing money! You’ll find practical guidance and easy checklists for investments, credit cards, insurance, mortgages, retirement, college savings, and more! Discover how to consolidate, delegate, and automate your finances...save time and money...and live a more rewarding, secure life. In Deal With Your Debt, Updated & Revised Edition , Weston offers up-to-the-minute help on averting disaster, recovering from serious money setbacks, getting real help, and taking action that works. Weston reveals why it’s simply impractical to “live forever debt free” - and why trying to do so can actually make you poorer. You’ll find up-to-the-minute strategies for calculating how much debt is safe, and assessing and paying off the right debts first... and if you’re too far in debt, Weston will gently and non-judgmentally guide you back into your “safety zone.” Finally, in There Are No Dumb Questions About Money, Weston offers up-to-date, common sense answers to the financial questions people ask most often. You’ll find quick, sensible advice on setting priorities... choosing investments... saving for college, home-buying, retirement, or other major expenses... getting past the pain, arguments, and guilt surrounding money, and doing what works! From award-winning personal finance expert Liz Weston

Revised edition of author’s Personal financial literacy, copyrighted 2010.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. “Why should I put time into studying subjects I will never use in real life?” he protested. Without thinking, I responded, “Because if you don’t get good grades, you won’t get into college.” “Regardless of whether I go to college,” he replied, “I’m going to be rich.”

The irrelevant guide to investing, Boglehead style The Boglehead’s Guide to Investing is a DIY handbook that espouses the sage investment wisdom of John C. Bogle. This witty and wonderful book offers contrarian advice that provides the first step on the road to investment success, illustrating how relying on typical “common sense” promoted by Wall Street is destined to leave you poorer. This updated edition includes new information on backdoor Roth IRAs and ETFs as mainstream buy and hold investments, estate taxes and gifting, plus changes to the laws regarding Traditional and Roth IRAs, and 401k and 403b retirement plans. With warnings and principles both precisely accurate and grandly counterintuitive, the Boglehead authors show how beating the market is a zero-sum game. Investing can be simple, but it’s certainly not simplistic. Over the course of twenty years, the followers of John C. Bogle have evolved from a loose association of investors to a major force with the largest and most active non-commercial financial forum on the Internet. The Boglehead’s Guide to Investing brings that communication to you with comprehensive guidance to the investment prowess on display at Bogleheads.org. You’ll learn how to craft your own investment strategy using the Bogle-proven methods that have worked for thousands of investors, and how to: Choose a sound financial lifestyle and diversify your portfolio Start early, invest regularly, and know what you’re buying Preserve your buying power, keeping costs and taxes low Throw out the “good” advice promoted by Wall Street that leads to investment failure Financial markets are essentially closed systems in which one’s gain garners another’s loss. Investors looking for a roadmap to successfully navigating these choppy waters long-term will find expert guidance, sound advice, and a little irreverent humor in The Boglehead’s Guide to Investing.
