Peugeot RCZ wallpapers—FavCars.com

The Peugeot RCZ is billed as a 'Sports Coupé', although in truth it's only mildly sporting. A slightly more powerful model is already on the market, while a hybrid concept version is also waiting in the wings. But most importantly of all, it's a crucial waypoint in the revival of one of the great historic car companies.

The prestigious publication in two volumes, Ferrari 1000 GP: The Official Book, in a limited edition, is an extraordinary tribute to Scuderia Ferrari and the remarkable objective of 1,000 Grands Prix achieved by the team from Maranello in 2020. Over the course of more than 700 pages enriched with more than 1,000 illustrations, many of which are previously unpublished, the work traces the incredible story of Ferrari's participation in Formula 1 that began in 1950 with the Monaco Grand Prix, continued with no less than 230 victories, 15 drivers' titles and 16 constructors' titles and has reached the unique total of 1,000 Grands Prix. Made in collaboration with Ferrari Spa and available in a limited edition of 2,000 copies, the book is contained in an exclusive slipcase in "Rosso Storico 127", the same colour as the 125 S, the first Ferrari from 1947, and the SF1000, which in 2020 competed in the Scuderia's 1,000th Grand Prix on the Mugello circuit. An indispensable volume for the bookshelves of all enthusiasts of the Prancing Horse: a precious collector's item as well as an invaluable source of information regarding the results obtained by the cars from Maranello in every race and the team's placings in the Drivers' and Constructors' championships. The book features a foreword by Louis Camilleri and Mattia Binotto.

Peugeot RCZ wallpaper - Peugeot RCZ wallpaper

The Harley-Davidson WLA and other American military motorcycles performed crucial roles during the Second World War in the U.S. armed forces and other Allied armies worldwide. Liberator: The Harley-Davidson WLA in the Second World War for the first time tells the full story of how the U.S. Army and Marine Corps and other Allied armed forces used the Harley-Davidson WLA and other American military motorcycles during the war. The book traces the development of the WLA in 1940-42 from the civilian Forty-Five models of 1929-39, describes the evolution of U.S. Army and Marine Corps usage of motorcycles through the motorcycle-borne mechanized cavalry experiments of 1940-41, and addresses wartime use of motorcycles in each major type of U.S. Army unit (mechanized cavalry, armored divisions, infantry divisions, airborne divisions, military police, etc.) and in Marine Divisions, with detailed tables of organization and equipment for each. Moreover, Liberator: The Harley-Davidson WLA in the Second World War describes the use of the WLA, Indians, and other Harley-Davidsons in each Allied army that used them. It especially emphasizes their use by the Soviet Union, which was the largest user of the WLA, receiving more through Lend-Lease than the number used by the U.S. armed services. These countries include:- Soviet Union- Canada- United Kingdom- Australia- New Zealand- South Africa- India- Poland - France - Brazil- Iran- Republic of ChinaAlthough primarily focused on the Harley-Davidson WLA, the book also describes use of other Harley-Davidsons, Indians, and small motorcycles designed for airborne troops, in the U.S. armed services and other allied armies. These other models include:- Harley-Davidson WL- Harley-Davidson "Big Twins"- Indian 741, 640, 344, and 340- Cushman Model 53 scooter - Simplex ServicycleUnique human perspectives on the Harley-Davidson WLA and other American military motorcycles during the war come from the stories of several individual U.S. Army soldiers who fought on motorcycles, and the histories of a U.S. Army military police unit and a Red Army motorcycle battalion. These stories, several of them previously unpublished, are reminders of the men who once rode these machines during the war.This book will be of interest to enthusiasts of Harley-Davidson, Indian, and military motorcycles, and to military historians and preservationists worldwide.

Introducing Duke, who was lost in his own shed for twenty-two years because of a landslide. He looks like a real engine called Prince which runs a Portmadoc in Wales.

Unbekannte Preziosen Wenn Autofirmen Studien und Prototypen zeigen, erlauben sie damit einen Blick hinter den Vorhang, eine Vision von dem, was kommt oder kommen könnte. Neben dem, was bei offiziellen Terminen und auf Messen gezeigt wird, gibt es aber eine überwältigende Menge von Entwürfen und Modellen, die der Öffentlichkeit aus verschiedensten Gründen verborgen bleiben. In diesem Buch wird das unmögliche möglich: ein Blick auf noch nie gesehene Porsche - Porsche Unseen. Stefan Bogner durfte exklusiv im Allerheiligsten des Porsche Designs fotografieren und beschert uns absolute Aha-Momente. Die Porsche-DNA ist in jedem der gezeigten Modelle erkennbar, die Ausführung aber so neu und zum Teil so unerwartet, dass man meint, in einem Paralleluniversum gelandet zu sein. Ein 1-Liter-Auto von Porsche? Ein coupéhafter 4-Sitzer mit 911-Zügen? Einzitzige Roadster mit dem Geist der 50er-Jahre? Das alles hat Stefan Bogner im Modell oder sogar fahrfertig vor der Linse gehabt. Die erhellenden Hintergründe hat Jan Baedeker im persönlichen Gespräch mit Designchef Michael Mauer notiert. Folgen Sie uns auf eine unvergleichliche Entdeckungsreise durch die Welt des Porsche Designs!
Zweisprachig: Deutsch/Englisch

When car companies present studies and prototypes, they allow a glimpse behind the scenes, a vision of what will come or might come. Apart from what is shown on official events and at fairs, there is an overwhelming number of drafts and models, that remain hidden from the public for various reasons. This book achieves the impossible: a look at Porsche cars the public never laid eyes on - Porsche Unseen. Stefan Bogner was exclusively allowed to take pictures in the Porsche Design sanctum, aha-experiences guaranteed. The Porsche DNA is recognisable in any of the models shown, but the design is so new and unexpected that it suggests the existence of a parallel universe. A 1-litre Porsche? A coupé-like four seater with 911-looks? Single-seated roadsters with 50's flair? Stefan Bogner took photos of all of them - either as models or ready to drive. Jan Baedeker talked with Michael Mauer, Head of Design, and took down the enlightening background information. Join our extraordinary expedition of discovery through the world of Porsche Design!

A Brief Guide to CCC provides a comprehensive overview of the CCC certification. The China Compulsory Certification, also known as CCC or "3C", is the People's Republic of China's mandatory certification system for products imported into or manufactured within the country. The book describes the certification system from audits to product tests and printing options as well as certifying bodies and relevant regulations. It provides insight on how to navigate the system and adequately prepare for the certification process. A Brief Guide to CCC includes a chapter dedicated just to the automotive industry with practical suggestions and useful advice.

Perry McCarthy decided at the age of 18 that he wanted to reach the top in the world's most expensive sport. This is his autobiography. Foreword by Damon Hill. "Perry McCarthy does for Formula One what Bill Bryson did for travel writing. But beneath the black humor and wisecracks - funny enough to make you laugh out loud in public - lies an inspiring and at times poignant tale of the rarest kind of racer: one who never gave up and was, literally, prepared to die trying" David Tremayne, The Independent on Sunday.
