Physical inactivity is a key determinant of health across the lifespan. A lack of activity increases the risk of heart disease, colon and breast cancer, diabetes mellitus, hypertension, osteoporosis, anxiety and depression and others diseases. Emerging literature has suggested that in terms of mortality, the global population health burden of physical inactivity approaches that of cigarette smoking. The prevalence and substantial disease risk associated with physical inactivity has been described as a pandemic. The prevalence, health impact, and evidence of changeability all have resulted in calls for action to increase physical activity across the lifespan. In response to the need to find ways to make physical activity a health priority for youth, the Institute of Medicine's Committee on Physical Activity and Physical Education in the School Environment was formed. Its purpose was to review the current status of physical activity and physical education in the school environment, including before, during, and after school, and examine the influences of physical activity and physical education on the short and long term physical, cognitive and brain, and psychosocial health and

development of children and adolescents. Educating the Student Body makes recommendations about approaches for strengthening and improving programs and policies for physical activity and physical education in the school environment. This report lays out a set of guiding principles to guide its work on these tasks. These included: recognizing the benefits of instilling life-long physical activity habits in children; the value of using systems thinking in improving physical activity and physical education in the school environment; the recognition of current disparities in opportunities and the need to achieve equity in physical activity and physical education; the importance of considering all types of school environments; the need to take into consideration the diversity of students as recommendations are developed. This report will be of interest to local and national policymakers, school officials, teachers, and the education community, researchers, professional organizations, and parents interested in physical activity, physical education, and health for school-aged children and adolescents.

The Great British Curriculum Word Search For KS2 Kids (Book 2) is a carefully structured collection of word search puzzles designed to help develop the vocabulary and spelling skills of children in the 9 to 11 age range. 100 themed word searches explore the broad range of subjects and topics Primary Level KS2 kids are likely to encounter in Years 5 and 6 in England and Wales, P5 and P6 in Scotland, or Years 6 and 7 in Northern Ireland. Solutions are included and all spellings are British English. The main curriculum subject areas covered are: English Maths Science Art Computing Design and Technology Geography History Modern Languages Music Physical Education PSHE and Citizenship Religion The World Around Us Tricky Words Subject areas are also subdivided into related topics, such as Cooking and Nutrition, World War I, and Biomes. Every full-page puzzle has an average of 17 words to find. Confident kids can work on their own. Less confident readers might need a little help to get started, but with the right encouragement, it shouldn't be long before they can fly solo! Year 5 children (6 NI) will discover many new words and exciting topics. Less confident readers may need some help and support to get started. This is a great opportunity for children to collaborate with a parent, grandparent, sibling, or friend. Year 6 children (7 NI) will be likely to have encountered more of the words and topics. This should provide an enjoyable recap, as well as further expanding their vocabulary. All the topics and words in these word searches are based on terminology that Year 5 and 6 children are likely to

encounter during the teaching of the UK Government's KS2 National Curriculum. England, Wales, Northern Ireland, and Scotland each have slightly different approaches to primary education but all share similar goals and values. This collection of puzzles places a strong emphasis on English, particularly Grammar and Punctuation. In addition to developing vocabulary and spelling skills, these puzzles are intended to spark some curiosity about the topics. Be ready for plenty of questions! It might be time for you to brush up on your own word skills, or your kids are going to run rings around you! You might even learn a few things yourself about Nutrition, Ancient Rome, and Microorganisms! The final set of word searches, Tricky Words, includes the Department of Education's published list of words that children should be able to spell and use correctly by the time they have completed Year 6. This set of words is tricky because it includes many similar-sounding words and many words that are frequently misspelled. This book offers another fun and challenging way to help your child or grandchild to reach their full potential. Thank you for your interest. The Great British Curriculum Word Search For KS2 Kids (Book 1), for children ages 7 to 9, is also available from EJ Riley on Amazon.
