Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime

Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardized up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation. **DISCIPLE IV UNDER THE TREE OF LIFE** is the final study in the four-phase **DISCIPLE** program and is prepared for those who have completed **BECOMING DISCIPLES THROUGH BIBLE STUDY**.

## User Guide

The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for **DISCIPLE IV: UNDER THE TREE OF LIFE**. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5

hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

Offers a broad view of leadership and shareholder value based on multiple business disciplines In Why the Bottom Line Isn't! authors Dave Ulrich and Norm Smallwood

argue that sustainable shareholder value comes increasingly from assets not accounted for on an organization's balance sheet. These assets include a company's reputation, its ability to attract talent, and its ability to react quickly to new opportunities in the marketplace. Why the Bottom Line Isn't! harnesses research from a number of disciplines including human resources, finance, and leadership to establish a hierarchy of such intangibles. The authors extrapolate from these intangibles to establish leadership tools that will help create sustainable shareholder value. The book offers a broad, expansive perspective on leadership while eschewing convoluted theory for concrete practice. Dave Ulrich, Ph.D., (DOU@UMICH.EDU) has been listed by BusinessWeek as the top "guru" in management education. He has co-authored 10 books and over 100 articles, serves on the Board of Directors of Herman Miller, and

He is currently on professional leave as Professor at the University of Michigan to serve as Mission President for the Church of Jesus Christ of Latter-day Saints in Montreal. Norm Smallwood (nsmallwood@rbl.net) is co-founder of Results-Based Leadership (www.rbl.net), which provides education and consulting services based on this book as well as the ideas in Results-Based Leadership: How Leaders Build the Business and Improve the Bottom Line, which he co-authored with Ulrich. He has led leadership development, business strategy, organization capability, change management, and HR projects for a wide variety of clients spanning multiple industries.

and psychologically abusive past relationship, Tate struggles from Complex-Post Traumatic Stress Disorder. She has been working on controlling her symptoms and flashbacks, but when she meets Axel Burne at a fraternity party, who is notorious for sleeping around and getting into fights, she tries her best to dodge the bullet. Axel starts to become intrigued by Tate, but she's better off choosing Lucas- the sweet guy who has been trying to take her out since orientation. But even though Lucas is the better option, Axel keeps reappearing. Tate continues to try to stay away from him, but it starts becoming harder to, and as she gets closer to him, things start to get way out of hand. If Tate wants her happy ending and her sanity intact, then she has to push through the hardships and maintain control over her disorder.
