Elizabeth II - Wikipedia

Queen Elizabeth II, 94, is the longest-reigning monarch in British history and is expected to be the first-ever sovereign to reach her platinum jubilee. In 2022 the Queen will have been on the ...

A groundbreaking reconsideration of our favorite Tudor queen, Elizabeth is an intimate and surprising biography that shows her at the height of her power by the bestselling, Whitbread Award-winning author of Queen of Scots.

In this major contribution to the Ideas in Context series Anne McLaren explores the consequences for English political culture when, with the accession of Elizabeth I, imperial 'kingship' came to be invested in the person of a female ruler. She looks at how Elizabeth managed to be queen, in the face of considerable male opposition, and demonstrates how that opposition was enacted. Dr McLaren argues that during Elizabeth's reign men were able to accept the rule of a woman partly by inventing a new definition of 'citizen', one that made it an exclusively male identity, and she emphasizes the continuities between Elizabeth's reign and the outbreak of the English civil wars in the seventeenth century. A significant work of cultural history informed by political thought, Political Culture in the Reign of Elizabeth I offers a wholesale reinterpretation of the political dynamics of the reign of Queen Elizabeth.

This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. This ebook is a static version of an article from Oxford Bibliographies Online: Renaissance and Reformation, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture between the 14th and 17th centuries. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.oxfordbibliographies.com.

One of England's most fascinating monarchs is brought to life in this hands-on study for young minds. Combining projects, pictures, and sidebars with an authoritative biography, children will develop an understanding of the Reformation, Shakespearean England, and how Elizabeth's 45-year reign set the stage for the English Renaissance and marshaled her country into a chief military power. Providing 21 activities, from singing a madrigal and growing a knot garden to creating a period costume--complete with a neck ruff and a cloak for the queen's court--readers will experience a sliver of life in the Elizabethan age. For those who wish to delve deeper, a time line, online resources, and a reading list are included to aid in further study.

This is the story of Elizabeth I's inner circle and the crucial human relationships which lay at the heart of her personal and political life. Using a wide range of original sources - including private letters, portraits, verse, drama, and state papers - Susan Doran provides a vivid and often dramatic account of political life in Elizabethan England and the queen at its center, offering a deeper insight into Elizabeth's emotional and political conduct - and challenging many of the popular myths that have grown up around her. It is a story replete with fascinating questions. What was the true nature of Elizabeth's relationship with her father, Henry VIII, especially after his execution of her mother? How close was she to her half-brother Edward VI - and were relations with her half-sister Mary really as poisonous as is popularly assumed? And what of her relationship with her Stewart cousins, most famously with Mary Queen of Scots, executed on Elizabeth's orders in 1587, but also with Mary's son James VI of Scotland, later to succeed Elizabeth as her chosen successor? Elizabeth's relations with her family were crucial, but just as crucial were her relations with her courtiers and her councillors. Here again, the story raises a host of fascinating questions. Was the queen really sexually jealous of her maids of honour? Did physically attractive male favourites dominate her court? What does her long and intimate relationship with the Earl of Leicester reveal about her character, personality, and attitude to marriage? What can the fall of Essex tell us about Elizabeth's political management in the final years of her reign? And what was the true nature of her personal and political relationship with influential and long-serving councillors such as the Cecils and Sir Francis Walsingham? And how did courtiers and councillors deal with their demanding royal mistress?

"The Image of Elizabeth I in Early Modern Spain explores the fictionalized, historical, and visual representations of Elizabeth I and their impact on the Spanish collective imagination."--Provided by publisher.

Monarchy and Matrimony is the first comprehensive study of Elizabeth I's courtships. Susan Doran argues that the cult of the 'Virgin Queen' was invented by her ministers, and that Elizabeth was forced into celibacy by political necessity. Doran's detailed examination of the different suits is based on extensive archival research across Europe. Rather than focusing on Elizabeth's personality and image, she views the question within a wider political and religious context. She shows how the question of Elizabeth's marriage was divisive for England, affecting both political life and international relations, and provoking popular propaganda in the form of plays, poetry and paintings.

'Borman approaches her topic with huge enthusiasm and a keen eye for entertaining...this is a very human story of a remarkable family, full of vignettes that sit long in the mind.' Dan Jones, The Sunday Times 'Tracy Borman's eye for detail is impressive; the book is packed with fascinating courtly minutiae... this is a wonderful book.' The Times 'Borman is an authoritative and engaging writer, good at prising out those humanising details that make the past alive to us.' The Observer 'Fascinating, detailed account of the everyday reality of the royals... This is a book of rich scholarship.' Daily Mail 'Tracy Borman's passion for the Tudor period shines forth from the pages of this fascinatingly detailed book, which vividly illuminates what went on behind the scenes at the Tudor court.' Alison Weir 'I do not live in a corner. A thousand eyes see all I do.' Elizabeth I The Tudor monarchs were constantly surrounded by an army of attendants, courtiers and ministers. Even in their most private moments, they were accompanied by a servant specifically appointed for the task. A groom of the stool would stand patiently by as Henry VIII performed his daily purges, and when Elizabeth I retired for the evening, one of her female servants would sleep at the end of her bed. These attendants knew the truth behind the glamorous exterior. They saw the tears shed by Henry VII upon the death of his son Arthur. They knew the tragic secret behind 'Bloody' Mary's phantom pregnancies. And they saw the 'crooked carcass' beneath Elizabeth I's carefully applied makeup, gowns and accessories. It is the accounts of these eyewitnesses, as well as a rich array of other contemporary sources that historian Tracy Borman has examined more closely than ever before. With new insights and discoveries, and in the same way that she brilliantly illuminated the real Thomas Cromwell - The Private Life of the Tudors will reveal previously unexamined details about the characters we think we know so well.

An impeccably researched collection of the public and private writings of the great British monarch Queen Elizabeth I was one of the most charismatic of English sovereigns, and one of the most prolific. While her more famous public speeches are familiar to some, many of her private writings have never before been printed or made accessible. Now, for the first time, a generous selection of her poetry, speeches, essays, letters, prayers, and translations is being made available to a popular audience. From a poem written in charcoal on a wall at Woodstock Palace by the twenty-two-year-old imprisoned princess, to the speech the thirty-year-old queen gave in response to parliamentary pressure that she marry, to the fascinating letters sent to her emissaries as they conducted the kingdom's business, this collection of the selected writings of Elizabeth I is a privileged glimpse into the mind of one of the most compelling rulers of the Western world. Authenticity was a guiding principle in the selection of these readings. This volume grew out of the many manuscript texts of Elizabeth's works Professor Steven W. May discovered while preparing the Bibliography and First-Line Index of English Verse, a twelve-year research project that took him to more than 100 manuscript archives in this country and the United Kingdom. The anthology offers a broad selection of Queen Elizabeth's works and includes the most authentic and interesting English texts that survive in her handwriting. Her written words reveal not only Elizabeth's political and psychological insight, but her literary gifts as well. The texts, presented in modern spelling and set forth in their historical context, are accompanied by extensive explanatory notes and introductory material. An impressive collection of rare documents, presented with abundant commentary and full explanatory notes, as well as an informative introduction providing helpful background on Elizabeth's life and letters.
