El 26 de abril de 1998, el obispo y coordinador de la Oficina de Derechos Humanos del Arzobispado de Guatemala, Juan Gerardi, fue asesinado a golpes. Sólo hab í an pasado dos d í as desde que presentara las mil seiscientas p á ginas del informe que documentaba las sistem á ticas violaciones de los derechos humanos cometidas por el ej é rcito de Guatemala en la lucha contra la insurgencia que, formalmente, hab í a terminado en 1996. « El horror con nombre y apellidos » , llamar í a la prensa local al documento, aludiendo a las m á s de cincuenta mil v í ctimas de la guerra civil que identificaba. Las hip ó tesis de los investigadores del gobierno, en una investigaci ó n que m á s parec í a una farsa, iban desde el crimen pasional entre homosexuales, a una red de traficantes de arte sacro, cuyos robos hab í a descubierto Gerardi. Pero los h é roes de este libro son los j ó venes investigadores de la Oficina de Derechos Humanos del Arzobispado que investigaron por su cuenta el asesinato.

Su trabajo de detectives condujo a un juicio hist ó rico, y a condenas mucho m á s convincentes. « Goldman no s ó lo ejerce de escritor, y magn í fico, sino que tambi é n es un detective é tico y veraz » (Jon Lee Anderson). Premio Censorship ' s Freedom of Expression.

Un obispo es asesinado en una Casa de Retiros, en la Costa Atl á ntica, y un sagaz detective lleva a cabo su pesquisa entre curiosos personajes. La novela comienza con un mail al Papa Francisco, a quien se le env í a un informe, crudo y detallado, acerca de las circunstancias del crimen. Francisco pide y recibe una descripci ó n muy sincera, casi brutal, de la vida de algunos curas que se convierten en sospechosos.

In this New York Times Notable Book, an award-winning writer undertakes his own investigation into the murder of a Guatemalan bishop. Named a Best Book of the Year by the Washington Post Book World, the Chicago Tribune, the Economist, and the San Francisco Chronicle Two days after releasing a groundbreaking church-sponsored report implicating the military in the murders and disappearances of some two hundred thousand Guatemalan civilians, Bishop Juan Gerardi was bludgeoned to death in his garage. Gerardi was the country ' s leading human rights activist, but the Church quickly realized it could not rely on police investigators or the legal system to solve the crime. Instead, Church leaders formed their own investigative team: a group of secular young men who called themselves Los Intocables—the Untouchables. Author Francisco Goldman spoke to witnesses no other reporter was able to reach, observing firsthand some of the most crucial developments in this sensational case. Documenting the Latin American reality of mara youth gangs and organized crime, *The Art of Political Murder* tells the incredible true story of Los Intocables and their remarkable fight for justice. “ Becoming by turns a little bit Columbo, Jason Bourne and Seymour Hersh, Goldman gives us the anatomy of a crime while opening a window to a misunderstood neighboring country that is flirting with anarchy. ” —The New York Times Book Review

A sweeping study of political murder in Latin America. This sweeping history depicts Latin America's pan-regional culture of political murder. Unlike typical studies of the region, which often focus on the issues or trends of individual countries, this work focuses thematically on the nature of political murder itself, comparing and contrasting its uses and practices throughout the region. W. John Green examines the entire system of political murder: the methods and justifications the perpetrators employ, the victims, and the consequences for Latin American societies. Green demonstrates that elite and state actors have been responsible for most political murders, assassinating the leaders of popular movements and other messengers of change. Latin American elites have also often targeted the potential audience for these messages through the region's various "dirty wars." In spite of regional differences, elites across the region have displayed considerable uniformity in justifying their use of murder, imagining themselves in a class war with democratic forces. While the United States has often been complicit in such violence, Green notes that this has not been universally true, with US support waxing and waning. A detailed appendix, exploring political murder country by country, provides an additional resource for readers.

Like the original *Harvest of Violence*, published in 1988, this volume reveals how the contemporary Mayas contend with crime, political violence, internal community power struggles, and the broader impact of transnational economic and political policies in Guatemala. However, this work, informed by long-term ethnographic fieldwork in Mayan communities and commitment to conducting research in Mayan languages, places current anthropological analyses in relation to Mayan political activism and key Mayan intellectuals' research and criticism. Illustrating specifically how Mayas in this post-war period conceive of their social and political place in Guatemala, Mayas working in factories, fields, and markets, and participating in local, community-level politics provide critiques of the government, the

File Type PDF Quien Mato Al Obispo Lequsonyboles Wordpress

Maya movement, and the general state of insecurity and social and political violence that they continue to face on a daily basis. Their critical assessments and efforts to improve political, social, and economic conditions illustrate their resiliency and positive, nonviolent solutions to Guatemala ' s ongoing problems that deserve serious consideration by Guatemalan and US policy makers, international non-government organizations, peace activists, and even academics studying politics, social agency, and the survival of indigenous people.
