In language of great strength, simplicity, and beauty, poet R. S. Thomas explores his often-prophetic themes: technology and our use of it to destroy nature and rural life; the search for self and for meaning; and the quest for and dialogue with God. Originally published to mark the author's 80th birthday, it confirms him as a pre-eminent poet. "Read these poems."--Stephen Spender. "This is a book I've been waiting for."--Ted Hughes. This collection of poems by Wales' most famous poet-priest, R S Thomas, is interspersed with short reflections and questions for exploration that connect the timeless poetry to the landscape that inspired it. Originally produced locally for

Get Free R S Thomas

visitors to the North Wales village and church where R S Thomas was the parish priest, its appeal extends to all who know and love the raw honesty and sparse, striking style of the poetry, and whose own faith and questions are mirrored in it. Aberdaron still welcomes streams of visitors, R S Thomas aficionados and pilgrims en route to the nearby holy island of Bardsey. This book brings the poetry alive in a fresh way and provides a pilgrim guide to the locality, along with reflections that enable armchair readers everywhere to enter more deeply into the world of the poems. All royalties will continue to go to maintaining the church at Aberdaron.

Christopher Morgan writes with keen critical insight on the controversial poet R. S. Thomas, considered to be one of the leading writers of the twentieth century. This is the first book to treat Thomas's entire oeuvre and will prove to be an indispensable guide and companion to the complete poems. The book is divided into three parts, each of which interprets the development of a major theme over Thomas's twenty-seven volumes, probing particular themes and particular poems with a meticulous insight. The book also treats Thomas's work as a complex and interrelated whole, as a body of work that comprises a single artistic achievement, and assesses that achievement within the context of an array of major literary figures from Montaigne to Seamus Heaney and Wallace Stevens. R. S. Thomas: Identity, environment,

Get Free R S Thomas

deity proves invaluable as a beginner's introduction to the Welsh poet, as a student's guide to critical thinking about the poet's work, and as a provocative new step in scholarly studies.

Byron Rogers' biography of Wales' s national poet and vicar, R.S. Thomas has been hailed as a ' masterpiece ' , even as a work of ' genius ' , by reviewers from Craig Brown to the Archbishop of Canterbury. Within someone considered a wintry, austere and unsociable curmudgeon, Rogers has unearthed an extremely funny story – ' riotously ' so, in Rowan Williams' words. Thomas is widely considered as one of the twentieth-century' s greatest English language poets. His bitter yet beautiful

Get Free R S Thomas

collections on Wales, its landscape, people and identity, reflect a life of political and spiritual asceticism. Indeed, Thomas is a man who banned vacuum cleaners from his house on grounds of noise, whose first act on moving into an ancient cottage was to rip out the central heating, and whose attempts to seek out more authentically Welsh parishes only brought him more into contact with loud English holidaymakers. To Thomas ' s many admirers this will be a surprising, sometimes shocking, but at last humanising portrait of someone who wrote truly metaphysical poetry.

This book is one philosopher's response to the poetry of R. S. Thomas. It examines the poet's struggle with the possibilities of sense in religion: R. S. Thomas has described his poetry as

Get Free R S Thomas

an obsession with the possibility of having 'conversations or linguistic confrontations with ultimate reality'. Some attempts at giving meaning to religious belief cannot withstand the assaults of criticism. In R. S. Thomas's verse, however, there emerges a hard-won celebration of the worship of a hidden God; a rare achievement in contemporary poetry. In plotting the course of the development of the poetry, the book brings out its many similarities with the thrusts and counter-thrusts of argument in the philosophy of religion in the second half of the twentieth century. The book should be of interest not only to admirers of R. S. Thomas, but to philosophers, theologians, students of literature, and to anyone concerned with questions concerning the sense or senselessness of religious

belief.

Chameleon Poet book goes against the grain of previous readings of the Welsh poet and nationalist R.S. Thomas by revealing him as profoundly indebted to the modes, traditions, and personae of the English literary canon.

R. S. Thomas was a major figure in the landscape of contemporary poetry - attested by his Nobel Prize for Literature nomination. His poetry, coloured by personal experience of rural Wales, is stark but passionate.

This volume celebrates the work of the Welsh poet R S Thomas (1913-2000) and illuminates the theological

Get Free R S Thomas

implications of this famous twentieth-century poet-priest's pilgrimage. By providing detailed readings of individual poems, Davis explores the depth and imagination of Thomas's profound theological vision.

RS Thomas was the greatest religious poet writing in English in the 20th century, but the 270 poems he chose for this definitive selection reveal a wide range of themes and concerns. He was a passionate Welsh patriot, but also an outspoken critic of his countrymen. His poems are an expression of his lifelong argument with himself, of his insistent search for God. In them he grapples with ideas of Welshness, with issues of technology, pollution, the decline of culture. He wrote too about love, about landscape, nature
