Reviews over 10,000 films, and includes star, director, and theme indexes.

Compiles career biographies of over 1,200 artists and rock music reviews written by fans covering every phase of rock from R&B through punk and rap.

Presents current trends and potential future developments by leading researchers in immersive media production, delivery, rendering and interaction The underlying audio and video processing technology that is discussed in the book relates to areas such as 3D object extraction, audio event detection; 3D sound rendering and face detection, gesture analysis and tracking using video and depth information. The book will give an insight into current trends and developments of future media production, delivery and reproduction. Consideration of the complete production, processing and distribution chain will allow for a full picture to be presented to the reader. Production developments covered will include integrated workflows developed by researchers and industry practitioners as well as capture of ultra-high resolution panoramic video and 3D object based audio across a range of programme genres. Distribution developments will

Read Online Red Epic Guide

include script based format agnostic network delivery to a full range of devices from large scale public panoramic displays with wavefield synthesis and ambisonic audio reproduction to 'small screen' mobile devices. Key developments at the consumer end of the chain apply to both passive and interactive viewing modes and will incorporate user interfaces such as gesture recognition and 'second screen' devices to allow manipulation of the audio visual content. Presents current trends and potential future developments by leading researchers in immersive media production, delivery, rendering and interaction. Considers the complete production, processing and distribution chain illustrating the dependencies and the relationship between different components. Proposes that a format-agnostic approach to the production and delivery of broadcast programmes will overcome the problems faced with the steadily growing number of production and delivery formats. Explains the fundamentals of media production in addition to the complete production chain, beyond current-state-of-the-art through to presenting novel approaches and technologies for future media production. Focuses on the technologies that will allow for the realization of an E2E media platform that supports flexible content representations and interactivity for users. An essential read for Researchers and developers of audio-visual technology in industry and academia, such as engineers in broadcast technology companies and students working toward a career in the rapidly changing area of broadcast both from a production and an engineering perspective.

This in-depth coverage of Beijing's local attractions, sights, and restaurants takes you to the most rewarding spots - from the Temple of Heaven to the Forbidden City to the Ming tombs - and stunning color photography brings the land to life on the pages. With a beautiful new cover, amazing tips and information, and key facts, The Rough Guide to Beijing is the perfect travel companion. The locally based Rough Guides author team introduces the best places to stop and explore, and provides reliable insider tips on topics such as driving the roads, taking walking tours, or visiting local cathedrals. You'll find special coverage of history, art, architecture, and literature, and detailed information on the best markets and shopping for each area in this fascinating city. The Rough Guide to Beijing also unearths the best restaurants, nightlife, and places to stay, from backpacker hostels to boutique hotels, and color-coded maps feature every sight and listing. Make the most of your time with The Rough Guide to Beijing.

In eighteenth-century China, the beautiful orphan Daiyu leaves her home in the provinces to seek shelter with her mother's family in Beijing. At Rongguo Mansion, she is drawn into a world of sumptuous feasts, silken robes, and sparkling jewels—as well as a complex web of secret rivalries and intrigues that threatens to trap her at every turn. When she falls in love with Baoyu, the family's brilliant, unpredictable heir, she finds the forces of the family and convention arrayed against her, and must risk everything to follow her heart.

Originally published in print in 2012. Now available in ePub format.

History of Vikings Thank you for purchasing "History of Vikings: An Epic Guide to the Viking Age and Feared Norse Seafarers. Such as Egil Skallagrimsson, Ragnar Lothbrok, Ivar the Boneless, and More'' History is always filled with information, which describes different events that took place at different periods. As we read history books, we learn and discover about certain events. We learn what preceded those events or what caused them. We want to know why things were as they were (or how we learned). However, the main thing with history is that information we have can often be misleading or incomplete. The similar thing happened with Vikings. For many of us, the first picture that comes to our minds when we mention the word "Viking" is a savage, colossal man, wearing a beard, and carrying a huge axe in one hand. Many of us have at least heard of the Vikings. We think we know something about them. However, things we know are usually not in correlation with the real historical facts. This is where this book comes to the scene. "History of Vikings" is a book where we read about Vikings, their customs, their life, and more. Since the book is a collection of close historical facts, "History of Vikings" is written to educate its readers. If you wanted to know more about the mystical people from the Northern Europe then this book is just for you! Here is a Preview of What You Will Get: ? A Full Book Summary ? An Analysis ? Fun quizzes ? Quiz Answers ? Etc Get a copy of this summary and learn about the book.

The Rough Guide to Moscow is the definitive guide to one of Europe's most fascinating and rewarding cities. The full-colour introduction covers the awe-inspiring Kremlin and The Red Square and includes the essential list of 'what not to miss'. There are lively explorations of all the sights, from Moscow's lavish palaces to world-class museums, as well as detailed accounts of Russian history and politics that have formed this intriguing city. You'll find two full-colour sections that highlight the New Moscow Style - contemporary art, design, fashion, galleries, boutiques, bars and clubs - and the magnificent art-deco metro, famous for its arts, murals, mosaics and ornate chandeliers. With updated and easy-to-use maps, expanded listings of nightlife, restaurants and hotels in Moscow for all budgets, *The Rough Guide to Moscow* is the must-have item to this colourful and spirited city.

The Rough Guide to Beijing is the ultimate insider's guide to China's

Read Online Red Epic Guide

fascinating capital. With the extravagant 2008 Olympics having served as its coming out party, the city has matured; as well as fantastic historic sites that testify to its thousands of years at the heart of the Chinese empire, the city now offers world beating hotels, super-fashionable restaurants and the coolest clubs. All the major and off beat sights are covered, from the avant garde architectural projects such as the new CCTV Tower, to hip bar district Nanluogu Xiang, and the achingly cool arts districts of 798 and Caochangdi. Brushing aside the hype, the guide also reveals the best places to try every kind of cuisine, including, of course, Beijing duck, and the best places to stay, from charming youth hostels tucked down alleyways and courtyard boutique hotels to the most luxurious business behemoths. When the pace of the city gets too frenetic, there's all you need to know for great daytrips, from the magnificent temples of Chengde to the grandest and most secluded stretches of the Great Wall. Easy to read maps are provided throughout the guide, plus there's a handy colour subway map, and the pinyin and Chinese characters are given for all destinations. Originally published in print in 2011. Now available in ePub format.
