Red Harvest: Star Wars Legends: Schreiber, Joe: Amazon.sg ...
Red Harvest takes the Star Wars universe to dark and disturbing depths. But while it succeeds at making a depraved Star Wars book, it never reaches past the level of mediocre. And that is because it isn't anything more than a mediocre zombie story. The Star Wars aesthetic boosts it somewhat but not enough to elevate this to an easy recommend.

Received with enormous buzz and anticipation, Joe Schreiber's Star Wars: Death Troopers was the first time the Star Wars galaxy entered the realm of horror. Seth Grahame-Smith, New York Times bestselling author of Pride and Prejudice and Zombies, called it "the Star Wars of every horror fan's dreams—gory, funny, and brimming with a blood-spattered cast of swabucklers and space-zombies." Now the horror continues in a whole new adventure bringing Sith and Jedi both face to face with the undead in the dark times of the Old Republic...

The era of the Old Republic is a dark and dangerous time, as Jedi Knights valiantly battle the Sith Lords and their ruthless armies. But the Sith have disturbing plans—and none more so than the fulfillment of Darth Scabrous ' s fanatical dream, which is about to become nightmarish reality. Unlike those other Jedi sidelined to the Agricultural Corps—young Jedi whose abilities have not proved up to snuff—Hestizo Trace possesses one extraordinary Force talent: a gift with plants. Suddenly her quiet existence among greenhouse and garden specimens is violently destroyed by the arrival of an emissary from Darth Scabrous. For the rare black orchid that she has nurtured and bonded with is the final ingredient in an ancient Sith formula that promises to grant Darth Scabrous his greatest desire. But at the heart of the formula is a never-before-seen virus that ' s worse than fatal—it doesn ' t just kill, it transforms. Now the rotting, ravenous dead are rising, driven by a bloodthirsty hunger for all things living—and commanded by a Sith Master with an insatiable lust for power and the ultimate prize: immortality . . . no matter the cost. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

In a zombie horror tale set in the Star Wars universe, the Sith academy apprentices react fearfully to new outbreaks of unexplained violence, the Dark Lord's withdrawal, and a Jedi Master's efforts to rescue a hostage.

Reprint. A best-selling book.

" You have a very lovely little girl. " breathed the voice on the phone. And just like that, Susan Young is drawn into a living nightmare. A stranger has kidnapped Sue ' s daughter, Veda. But he doesn ' t want her money, only her suffering – and he will kill Veda if Sue doesn ' t follow his every command. With detailed instructions, the faceless abductor leads Sue into a blinding snowstorm on the longest night of the year, to a place she has not traveled to since childhood. The voice on the other end of the line somehow knows Sue ' s deepest, most chilling secret – an ominous incident from her past, buried long ago... Across the loneliest back roads of Massachusetts, in the black expanse of a New England winter, Sue is forced to confront her most awful fears as she is met at each step by ever increasing horrors created by a monster who is surely something less than human. In the hope of saving her daughter from a kidnapper whose origin seems darker than anything she could ever have imagined, Sue will discover just how much trauma and fright the human body is capable of absorbing. Set over the course of a single night, Chasing the Dead is a fast-paced, ferociously tense supernatural thriller. With the skill of masters like Dsan Koontz and David Morrell, Joe Schreiber has created a tableau of shock and horror, death and destruction, that will draw you in and never let you go.

A newly knighted Jedi on her first mission, eighteen-year-old Kerra Holt has joined a band of Jedi volunteers traveling deep behind enemy lines.

NEW YORK TIMES BESTSELLER Set before the events of Star Wars: Episode I The Phantom Menace, this new novel is a thrilling follow-up to Star Wars: Darth Plagueis. It's kill or be killed in the space penitentiary that houses the galaxy ' s worst criminals, where convicts face off in gladiatorial combat while an underworld gambling empire reaps the profits of the illicit blood sport. But the newest contender in this savage arena, as demonic to behold as he is deadly to challenge, is fighting for more than just survival. His do-or-die mission, for the dark masters he serves, is to capture the ultimate weapon: an object that will enable the Sith to conquer the galaxy. Sith lords Darth Plagueis and Darth Sidious are determined to possess the prize. And one of the power-hungry duo has his own treacherous plans for it. But first, their fearsome apprentice must take on a bloodthirsty prison warden, a cannibal gang, cutthroat crime lord Jabba the Hutt, and an unspeakable alien horror. No one else could brave such a gauntlet of death and live. But no one else is the dratted dark-side disciple known as Darth Maul. Praise for Lockdown " Schreiber ... was a great choice for this novel, imbuing the story with a dark, foreboding tone while never quite stepping into the horror territories that Death Troopers and Red Harvest took us. " —Jedi News " Fans of the dark side should rejoice. Lockdown delivers a can ' t-put-this-down tale of scum and villainy. " —Club Jade " [Lockdown is] an action-packed ride that spins one entertaining chapter after another. The multiple layers of story keeps readers guessing what will happen next and just who will live and who will die. . . . It certainly adds to the character of Darth Maul while matching [Darth] Plagueis ' s complexity with sheer fun. . . . Five out of five metal bikinis. " —Roqoo Depot " Somehow, Schreiber is able to skate the line between hard-hitting prison story and the adventure and excitement I love from Star Wars in a way that doesn ' t betray either genre. It ' s really quite masterful. " —Big Shiny Robot " Lockdown is an exciting, engaging read. . . . It actually lines up beautifully for a sequel, which I, for one, would love to read. " —Coffee with Kenobi " The novel makes The Clone Wars better. It also illuminates The Phantom Menace. I think it ' s the hallmark of the best tie-in fiction to resonate throughout other parts of the expanded universe in that way. " —Knights ' Archive " By the fiftieth page, I was hooked. . . . Lockdown is a wonderful ' antihero ' novel, where it ' s just fine to root for the villain, because there are even worse things out there. This book was so fun and entertaining. I ' ll have to keep an eye out for more Star Wars books from Schreiber. " —Seattle Geekly

" The Sith always betray one another. . . . I ' m sure you ' ll learn that soon enough. " The overthrow of the Republic is complete. The Separatist forces have been smashed, the Jedi Council nearly decimated, and the rest of the Order all but destroyed. Now absolute power rests in the iron fist of Darth Sidious – the cunning Sith lord better known as the former Senator, now Emperor, Palpatine. But more remains to be done. Pockets of resistance in the galaxy must still be defeated and missing Jedi accounted for . . . and dealt with. These crucial tasks fall to the Emperor ' s ruthless enforcer, Darth Vader. In turn, the Dark Lord has groomed a lethal apprentice entrusted with a top-secret mission: to comb the galaxy and dispatch the last of his masters ' enemies, thereby punctuating the dark side ' s victory with the Jedi ' s doom. Since childhood, Vader ' s nameless agent has known only the cold, mercenary creed of the Sith. His past is a void, his present, the carrying out of his deadly orders. But his future beckons like a glistening black jewel with the ultimate promise: to stand beside the only father he has ever known, with the galaxy at their feet. It is a destiny he can realize only by rising to the greatest challenge of his discipleship: destroying Emperor Palpatine. The apprentice ' s journeys will take him across the far reaches of the galaxy, from the Wookiee homeworld of Kashyyk to the junkyard planet of Raxus Prime. On these missions, the young Sith acolyte will forge an unlikely alliance with a ruined Jedi Master seeking redemption and wrestle with forbidden feelings for his beautiful comrade, Juno Eclipse. And he will be tested as never before – by shattering revelations that strike at the very heart of all he believes and stir within him long-forgotten hopes of reclaiming his name . . . and changing his destiny. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!
