The Routemaster bus – instantly recognizable as the classic red double-decker London Transport bus – is a British icon, and a symbol unmistakably associated with London. Now the Routemaster receives the famous Haynes Manual treatment. This book provides a unique perspective on owning, restoring and operating a Routemaster, as well as an insight into the design, development and anatomy of this remarkably resilient machine, which saw continuous service in London for over 45 years.

A history of the original Mini Cooper in the words of its designers, developers, professional drivers and owners.

Rustic Italian style meets Scandinavian design in this stunning collection of simple woodworking projects. Woodworking husband-and-wife duo Andrea Brugi and Samina Langholz invite you into their magical world, where their Scandinavian sensibility for clean design is balanced with organic and aged imperfection inspired by their Tuscan home. Discover some of their key woodworking techniques through twenty simple projects for useful and decorative objects for the home—from cutting boards and simple doorstops to benches and dining tables. With striking photography, step-by-step instructions, and information on the types of wood and tools required for each project, you ' ll have everything you need to start handcrafting your own woodworking masterpieces that celebrate the beauty of uniqueness and combine modern design with rustic warmth. “ Our ethos is very simple: do more with less; let each project unfold organically; always be open to possibilities; welcome mistakes and learn from them; let simple, found, and readily available materials embolden your design and decisions. ” —from the introduction

How to Build and Modify High Performance Manual Transmissions, by author Paul Cangialosi, is a complete guide to all transmissions manual, including theory and design, disassembly, inspection, rebuilding, tips and techniques, and performance modifications. Borg Warner T-10s. ST-10s and T-5s are covered, as well as Ford Top Loaders, Chrysler A833s, and GM Muncies. Peripheral systems are covered as well, including clutches, speedometers assemblies, as well as shifters and shifter modifications. Also included are tables, speedometer ratios for GM cars, torque specs, oil capacities, and ratio charts of all the popular transmissions. If you have any plan for rebuilding or improving your manual transmission, this is the book for you!

Have you ever wondered why most books of quotations are stuffed full of rather pedestrian quotes by people you've never heard of? It's a shame because a really good quotation book, one which gathered the truest and funniest insights of the best minds, and organised them into 250 subjects, from ambition to worry, (or from artichokes to woodpeckers), a book which offered you a useful take on almost every situation life throws at you (from the death of your child's hamster to the unified theory of everything), a sourcebook of wise one-liners, of knock-out jokes, of drole asides and heartfelt statements of truth and beauty, a practical handbook of interestingness , well, that would be worth having. And, guess what? Those thoughtful gentlemen at QI have come up with one.Five years of learning how to avoid the dull stuff have left the QI team in a uniquely good position to deliver this elusive holy grail: the big, useful, funny and really very good book of quotations.
