This title is a DIY workshop manual for Renault 4 owners. The book features maintenance and repair procedures for Renault 4 vehicles.

---

An introduction to complex analysis for students with some knowledge of complex numbers from high school. It contains sixteen chapters, the first eleven of which are aimed at an upper division undergraduate audience. The remaining five chapters are designed to complete the coverage of all background necessary for passing PhD qualifying exams in complex analysis. Topics studied include Julia sets and the Mandelbrot set, Dirichlet series and the prime number theorem, and the uniformization theorem for Riemann surfaces, with emphasis placed on the three geometries: spherical, euclidean, and hyperbolic. Throughout, exercises range from the very simple to the challenging. The book is based on lectures given by the author at several universities, including UCLA, Brown University, La Plata, Buenos Aires, and the Universidad Autonomo de Valencia, Spain.

The Lola T70 was developed in 1965 for sports car racing – Lola built the chassis, which were typically powered by large American V8 engines, predominantly Chevrolets and Fords. The T70 was prolific throughout the mid- to late-1960s, and over 100 examples were built in three versions – both open-topped and coupé models. The first successes for the T70 were in the US, and in 1966, the T70 dominated the Can-Am championship, winning five of the six races in the series – with John Surtees becoming champion in a Chevrolet-powered example. In 1968, T70s finished 1 - 2 in the Daytona 24 Hours, and the T70 was highly successful in the domestic UK and European championships, winning regularly. Today, Lola T70s are regular competitors on the historic racing scene, and examples are highly sought after by collectors. This Lola T70 Owner's Workshop Manual looks at the design, evolution, anatomy and operation of the T70.

This book covers the background, conception, design, production and aftermath of the iconic Ferrari 288 GTO, including the prototypes, the early production cars, the mainstream production cars in their various specification guises, and the Evolution cars planned for the aborted Group B FIA race series. It features over 400 relevant photographs, from original production images to the cars as they are today, including the 1984 Geneva Salon where the car debuted, the first ever GTO Reunion in 1985, current salon and action images, right up to the 25th Anniversary Ferrari 288 GTO Reunion held in America in 2009. Also featured are the actual factory production approval sheets, as filed with the Italian government, in an illustrated technical drawing form, along with a chassis by chassis register of every 288 GTO built, including destroyed prototypes, production cars, and GTO Evoluzioni – in fact all 284 cars ever built.

NOW A MAJOR MOTION PICTURE FROM FOX 2000 STARRING MILO VENTIMIGLIA, AMANDA SEYFRIED, AND KEVIN COSTNER MEET THE DOG WHO WILL SHOW THE WORLD HOW TO BE HUMAN The New York Times bestselling novel from Garth Stein—a heart-wrenching but deeply funny and ultimately uplifting story of family, love, loyalty, and hope—a captivating look at the wonders and absurdities of human life . . . as only a dog could tell it. "Splendid." —People "The perfect book for anyone who knows that compassion isn't only for humans, and that the relationship between two souls who are meant for each other never really comes to an end. Every now and then I'm lucky enough to read a novel I can't stop thinking about: this is one of them." —Jodi Picoult "It's impossible not to love Enzo." —Minneapolis Star Tribune "This old soul of a dog has much to teach us about being human. I loved this book." —Sara Gruen
