A narrative account of one of a historic attempt to blow up king and parliament in England in 1605, events commemorated today in Bonfire Night. Part of the Usborne Reading Programme.

A clear, concise approach provides the anatomical information you need to excel in massage therapy! Know the Body: Muscle, Bone, and Palpation Essentials covers muscle identification plus attachments, actions, stabilization functions, nerve innervation, palpation, and treatment considerations for each of those muscles. Hundreds of full-color illustrations make it easier to learn muscle and bone identification, as well as bony landmarks. Written by expert massage therapy practitioner and educator Joseph E. Muscolino, Know the Body helps you learn — not simply memorize — the essentials of muscles, bones, and palpation. Winner of the 2012 Association of American Publishers PROSE Award, Nursing & Allied Health Sciences! Full-color, overlay-style muscle illustrations show anatomical structures and include origin and insertion labeling. An introductory overview includes chapters on terminology, the skeletal system, muscle function, and bone palpation. Coverage of bones includes the bones and bony landmarks for each body region. Review activities in muscle region chapters include short case studies highlighting common conditions related to specific muscles and review questions. Treatment considerations explain how to apply muscle and palpation knowledge in massage practice. An illustrated stretching atlas is included as the appendix. A companion CD includes an interactive review of muscles.

### EARLY BIRD BODY SYSTEMS TEACHING GUIDE

Embrace and revel in the stories of the toughest cyclists of all time, told by The Velominati, originators of The Rules. Read and get ready to ride . . . In cycling, suffering brings glory: a rider's value can be judged by their results, but also by their panache and heroism. Prepared to be awed and inspired by Chris Froome riding on at the Tour de France with a broken wrist or Geraint Thomas finishing it with a broken pelvis. In The Hardmen the writers behind cycling superblog Velominati.com and The Rules will tell the stories and illuminate the myths of not just the greatest cyclists ever, but the toughest. From Eddy Merckx to Beryl Burton, and from Marianne Vos to Edwig Van Hooydonk, the book will lay bare the secrets of their extraordinary and inspirational endurance in the face of pain, danger and disaster. After all, suffering is one of the joys of being a cyclist. Embrace climbs, relish the descents, and get ready to harden up. . .

A freak storm has spawned three tornadoes that are bearing down on the town of Summerville. Yet under the cover of the storm looms a much more ominous threat: A vindictive killer known as Red who's left a string of victims in his wake and is now bent on exacting his final revenge on the unsuspecting town. But there is an enigma surrounding Red that the FBI is unwilling to admit-closely guarded secrets of something gone terribly wrong beneath the skin of Summerville. Secrets that will destroy far more than one small town. Wendy Davidson is caught in the middle. She's a recovering cult survivor who takes refuge in Summerville on her way to visit her estranged mother. And with her, four strangers, any of whom could be the next victim . . . or the killer.

What happens to food when you eat it? Read and find out about your digestive system and how it turns food into energy your body can use. This nonfiction picture book is an excellent choice to share during homeschooling, in particular for children ages 5 to 7. It 's a fun way to learn to read and as a supplement for activity books for children. This is a Level 2 Let 's-Read-and-Find-Out Science title, which means the book explores more challenging concepts for children in the primary grades and supports the Common Core Learning Standards, Next Generation Science Standards, and the Science, Technology, Engineering, and Math (STEM) standards. Let 's-Read-and-Find-Out is the winner of the American Association for the Advancement of Science/Subaru Science Books & Films Prize for Outstanding Science Series.

Let's-read-and-find-out about Your Heart Night and day, whether you're asleep or awake, your heart is always beating. Read and find out how your heart works and how to keep it healthy.

When everyone tells him that he must wait to get a trumpet, a young Mexican boy works to earn enough money to buy one for himself—a bright pink one that is just right.
