Retailing is a high-tech, global, growth industry that plays a vital economic role in society. The authors' objective in preparing the eighth edition is to stimulate student interest in retailing courses and careers by capturing the exciting, challenging, and rewarding opportunities facing both retailers and firms that sell their products and services to retailers, such as IBM and Proctor & Gamble. The textbook focuses on the strategic issues facing the retail industry and provides a current, informative, "good read" for students. The Eighth Edition maintains the basic philosophy of previous editions while focusing on key strategic issues with an emphasis on financial considerations and implementation through merchandise and store management. These strategic and tactical issues are examined for a broad spectrum of retailers, both large and small, domestic and international, selling merchandise and services.

Full-color, completely current, and packed with practical applications, the Eighth Edition of RETAILING puts students on the inside track to success in the fast-moving retail industry. RETAILING is written by a seasoned author team whose expertise informs every page and whose innovative approach has earned this market-leading text endorsement by the National Retailing Federation. While others may focus on lackluster descriptions of retailers and their most mundane tasks, Dunne, Lusch, and Carver bring retailing to life, covering the latest developments in the field and detailing behind-the-scenes stories in a conversational style enlivened by full-color pictures and illustrations. RETAILING emphasizes the impact of technology and the Internet, as well as giving solid coverage to international topics and issues unique to service providers. The text also includes a thorough, integrated study guide with review questions, writing and speaking exercises, cases covering diverse retail operations, a computer spreadsheet case, and more. In addition, Planning Your Own Retail Business exercises focus on problems small business managers and owners face in day-to-day operations, helping students appreciate the financial impact of retail decisions. This engaging, reader-friendly text vividly illustrates how fun, exciting, challenging, and rewarding a career in retailing can be, even while helping students hone their skills and creativity to stay ahead of the competition and navigate an ever-changing economic environment. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This best-selling textbook explains the essential concepts, practices, procedures, calculations, and interpretations of figures that relate to merchandising and buying at the retail level.

In this latest edition of Sales Force Management, Mark Johnston and Greg Marshall continue to build on the tradition of excellence established by Churchill, Ford, and Walker, increasing the book's reputation globally as the leading textbook in the field. The authors have strengthened the focus on managing the modern tools of selling, such as customer relationship management (CRM), social media and technology-enabled selling, and sales analytics. It's a contemporary classic, fully updated for modern sales management practice. Pedagogical features include: Engaging breakout questions designed to spark lively discussion Leadership challenge assignments and mini-cases to help students understand and apply the principles they have learned in the classroom Leadership, Innovation, and Technology boxes that simulate real-world challenges faced by salespeople and their managers New Ethical Moment boxes in each chapter put students on the firing line of making ethical choices in sales Role Plays that enable students to learn by doing A selection of comprehensive sales management cases on the companion website A companion website features an instructor's manual, PowerPoints, and other tools to provide additional support for students and instructors.

Providing a balance between theory and practice, this guide to retail management includes useful career information and takes a strategic approach to decision making.

The book explores core concepts explained through managerial examples. The exposition also provides in-depth coverage of the four key components of retail marketing management, crucial to effective business decision-making: understanding the retail organisation, the consumers' decision making process, an analyses of retail formats, and retail mix strategies. The text also features innovative/emerging concepts such as, retail marketing in rural areas, CRM strategies in retailing, and monitoring, evaluation and control. Readers shall find this book highly useful for its coverage of the concept and role of retailing marketing management, organized retailing in India, the retail customer and market segmentation, product and brand management strategies to leverage competitive business advantage, and pricing and communication strategies explained through caselets, diagrams, black & white as well as colour photographs, and numerous examples from the Indian context.
